Dollar With Legs Goes Long Way

YOUR dollar looks big as it comes into this store. The one in the picture has legs on it, showing that it goes a long way. For a general stock of groceries of tested merit we believe that our store cannot be outclassed. As we do a large cash business our prices are always at the bottom of the market.

Anything in Your Eye?

MANY PEOPLE who come to us for eye examination imagine that there is some foreign substance in their eyes. It is hard to convince them, sometimes, that these gritty, sandy, scratching and irritating conditions are symptoms and effects due to refractive errors which can usually be corrected by the use of properly fitted glasses.

Let Us Take the GRIT Out of Your EYES.

Because women have many family cares and should have the right to be free from the burden of politics— Don't vote for equal suffrage—it will mean higher taxes and more expensive government.

If women are given the ballot you may regret it when it is too late.

For the conservation of womanhood the family and the home, put a cross before the word "No" on Election Day.
