COAL OUTPUT INCREASING.

The Production of bituminous coal and anthracite in 1915 is estimated to have increased between four and five million tons or less than one per cent. The quantity of bituminous coal mined increased about 61.2 million tons and that of anthracite decreased over two million short tons. Owing mainly to steady demands for export coal and for coke for steel making, the output in Pennsylvania, W. Va., Kentucky and Alabama increased over last year, but little change is recorded in other eastern states. The region west of Ohio, including the Mississippi Valley, shows a general decrease, Colorado being the only Western state to show betterment.

MEXICANS SHOOT 17 AMERICANS

Mining Men Taken from Train by Chihuahua Bandits

ONE ESCAPES, BRINGS NEWS

Train Has Set Out from Chihuahua for Dodge - Ad. Blamed on Villa Bandits Under Gen. Jose Rodriguez.

Seventeen Americans were dragged from a train by Mexican bandits at the mining camp of Cusuhirachic, west of Chihuahua, and massacred, according to reports reaching El Paso. Messages received from Chihuahua City state that one of the party escaped, bringing confirmation of the report of the massacre. He put the number of Americans killed by the bandits at seventeen. No official confirmation has been received, though the report is generally accepted as true.

According to one report there were forty missing men on the train, of which eighteen Americans were taken off. It is surmised that the shooting was done by troops of General Jose Rodriguez, a Villa general.

The names of the Americans on the train, compiled in El Paso, follow: C. L. Watson, W. J. Wallace, T. M. Evans, W. M. Romero, C. A. Pringle, Maurice Anderson, R. P. McHattori, A. Couch, Alexander H. Hall, Charles Wadleigh, E. L. Robinson, G. W. Newman, Jack Haas, R. Stone, R. H. Simmons, J. Adams, J. Jones and Thomas M. Holmes. Holmes was the one who escaped and carried the news to Chihuahua.

A train has set out from Chihuahua for the bodies.

O. L. Watson was the general manager and principal owner of the Cusuhirachic Mining Company, operating in the district of that name, which is in eastern Chihuahua, on the branch of the Kansas City, Mexico and Orientals line connecting with the Mexico Northwestern at La Junta. No official notices regarding the affair have been received at the state department and officials are hopeful that the report received in El Paso by the American Smelting and Refining Company may prove erroneous.

After it became evident that Villa did not intend to cross the international boundary line into the United States and stop fighting within the greater part of his army went over to Carranza, General Obregon assured agents of the American government that expeditions would be dispatched at once to hunt him down. Most of the troops sent after Villa, however, have been used since in garrisoning towns along the Northwestern railroad.

STRIKE AT EDBYSTONE

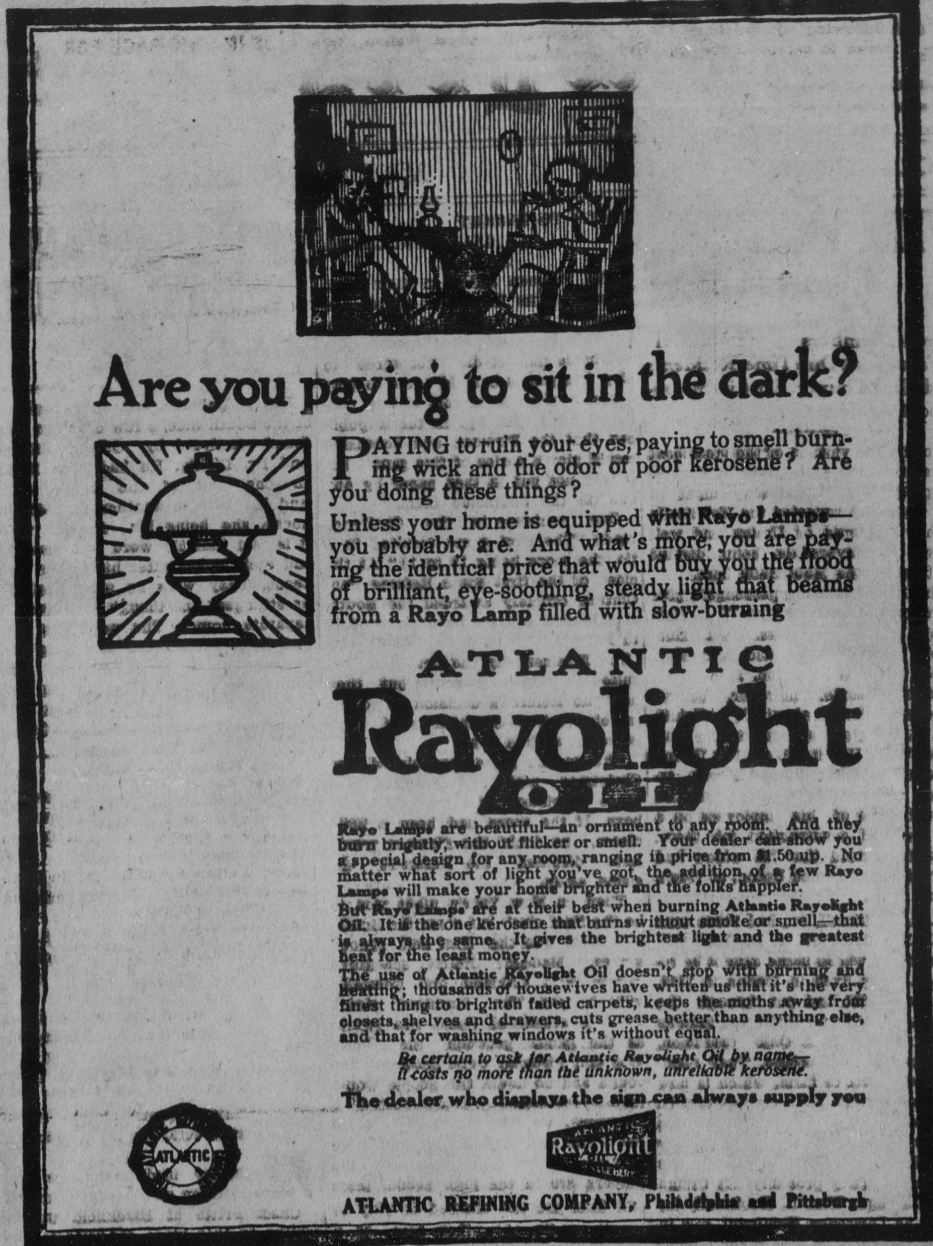

Two Seriously Wounded in Riots; Men Charge Shot Pay.  
Two men have been wounded in strike riots at the plant of the Eddy-stone Munitions Corporation of Pennsylvania, near Lakewood, N. J., in the last few days. Edward Helmuth of Oaktonville was seriously wounded and Roy Hendrickson of Lakewood received a scalp wound.  
The strike of a majority of the 350 men employed in building a new testing and proving plant is said to have resulted from the discharge of an employee for intoxication. The strikers are reported to have complained of alleged failure to receive the full amount of pay due them and dissatisfaction with living accommodations in the company's cottages and with fore men in charge of the work.

MOOSE WAVE OLIVE BRANCH

Move Made to Heal Schism in Republican Party.  
Issuing an invitation to the Republican party to "meet them half way" and enumerating at length the shortcomings of the Democratic administration, the Progressive national committee has named June 7 as the date for the party convention in Chicago. The date is the same as that of the Republican conclave.  
"If Colonel Roosevelt is wanted in Chicago next June I believe he will be available," was the comment of John McGrath, private secretary to the Oyster Bay man.

ENGINE HITS STREET CAR

Four Killed, Eleven Injured in Springfield (O.) Accident.  
Four persons were killed and eleven others injured when a Big Four switch engine struck a street car at a grade crossing at Springfield, O.  
The dead are Albert K. Brunk, motorman of the car; John E. Reed, James Phoenix, John Mason, all of Springfield.  
The street car was carried forty feet down the track on the front of the engine.  
Three Killed at Dupont Plant.  
Three men were killed in the explosion of Monday morning at the Dupont plant at Carneys Point, N. J., when forty-three men were reported missing.  
Former St. Louis Publisher Dead.  
Charles W. Krapp, former publisher of the St. Louis Republic, died of apoplexy while at work at his desk in the office of the New York Times, of which he was treasurer.

Are you paying to sit in the dark?  
Paying to ruin your eyes, paying to smell burning wick and the odor of poor kerosene? Are you doing these things?  
Unless your home is equipped with Rayo Lamps— you probably are. And what's more, you are paying the identical price that would buy you the flood of brilliant, eye-soothing, steady light that beams from a Rayo Lamp filled with slow-burning Atlantic Rayolight Oil.  
Rayo Lamps are beautiful—an ornament to any room. And they burn brightly, without flicker or smell. Your dealer can show you a special design for any room, ranging in price from \$1.50 up. No matter what sort of light you've got, the addition of a few Rayo Lamps will make your home brighter and the folks happier.  
But Rayo Lamps are at their best when burning Atlantic Rayolight Oil. It is the one kerosene that burns without smoke or smell—that is always the same. It gives the brightest light and the greatest heat for the least money.  
The use of Atlantic Rayolight Oil doesn't stop with burning and heating; thousands of housewives have written us that it's the very finest thing to brighten faded carpets; keeps the moths away from closets, shelves and drawers, cuts grease better than anything else, and that for washing windows it's without equal.  
Be certain to ask for Atlantic Rayolight Oil by name. It costs no more than the unknown, unreliable kerosene.  
The dealer who displays the sign can always supply you.

HIGH SCHOOL NOTES

Two years ago the Remington Typewriter Company inaugurated the Remington Awards Plan, which has proved quite a help to the different schools offering business courses. A penant is awarded to every student who writes twenty-five words per minute net for ten consecutive minutes with not more than ten errors. A Remington test was given just before vacation and the following pupils won card cases Efficiency Certificates: Marian Dickey, Marion Saylor, Frank Boucher, while Minnie Swearman, Mary Emogh Mary Darrah, and Ray Saylor won penants. All the students use the Touch System, and write on machines having blank keys.  
Miller and Collins would have a better trade if they would put their young son George in the store to wait on the Germans, as he is a star in that language.  
Discovered, why Edward Leonard attends Sunday School and church so regularly. It is not that he is trying so hard to get to heaven, but he is trying to get in Michaels house.  
Prof. Weaver was so kind and condescending in Algebra class, as to tell the class of '19 they were, "Freshmen."

High School Five Opens with a Victory.  
The local school lads were too fast for the Beal High School team.  
Meyersdale High School opened its Basketball season by handing the strong Beal High school quintet of Frostburg on Friday evening its first defeat—21 to 12.

The Beal High boys started off in good style and held the lead through out the first half. On the second half the local boys braced and held their opponents the best of the game. Last year Beal High won from the locals by a score of 24 to 22. Hamill and Hanna played best for the visitors, while the Meyersdale boys worked smoothly throughout the game. The locals play a return game at Frostburg on the 14th and will try to bring home another victory.  
The High School is arranging a good schedule and it is hoped that the public will encourage the boys by their presence at the games.  
The manager of the high school team wishes to take this opportunity of thanking Mr. P. Reich for encouraging the team in a financial way.

The next High School attraction at Reich's auditorium will be January 21 when the locals will line up against the fast Central High school of Lancaster.  
The lineup and summary is as follows:  
M. H. S. 21—B. H. S. 12.

GIRL HIKERS, PLEASE NOTICE.

To have an organization be a success requires the cooperation of all members. I am sorry to say that the Girl Hikers have not been performing their part very well. There are a good many girls in the High School who have never gone on a hike with us. I don't know whether it is because they think it uninteresting or because they don't like to "hike". I assure them that we have lots of fun on our hikes, and every one enjoys them. I hope all the G. H.'s will accompany us on our next hike, especially as we hope to take a lunch.  
The Manager.

SENIOR CLASS DAY WHICH WAS OBSERVED

the Friday before vacation was pronounced a success by all those who were present. We were sorry that the weather was so inclement for we feel sure that better weather would have augmented the attendance.  
A New Year's resolution for every student—Resolved: that I will do all I can to promote the welfare of my school and maintain the good will of

all my fellow students.  
John Lint, who was presented with a jumping-jack on class day passes many moments amusing himself with the same.

We are glad to state that Wm. Leckembly started the New Year by coming on time.  
Reporters, get busy; don't fear that you will get too many items for the paper, and pupils help your reporter.

The Sophomore girls haven't forgotten the fact that 1916 is also leap year. In fact several of them have already taken advantage of it.  
Mr. Clutton has agreed to coach our H. S. team and we wish to express our thanks to him for the interest he takes in our school.  
There is something interesting in this column every week. Don't fail to look for it.

REVENUE COLLECTOR RETURNS

B. P. Davis, Collector of Internal Revenue for the Ninth District of Pennsylvania has just mailed to each corporation in the District a blank form on which to make the return of annual net income for 1915. This return is required to be in the Collector's hands not later than March 1, 1916, under heavy penalty. Should any corporation not receive its blank form promptly they should communicate with Collector Davis at Lancaster, Pa., at once. The non-receipt of a blank form is not accepted as an excuse for the failure to make the return on or before March 1, 1916.
