A movement is under way to organize a company to distribute electric current for light and power throughout Central City and adjacent territory.

It seems that the big companies generating this current do not care to retail it in this section, but prefer to deliver it in bulk.

This will be furnished at a low price, so that the local company distributing the same will be assured of a reasonable profit for the service.

The good roads campaign which the Somerset Board of Trade is promoting was given a big boost Thursday night at the fourth annual banquet of the association, held in the social room of the Christian church in Somerset 293 men, representing practically every town and township in the county, were present, and seemed unanimous in favor of Somerset county taking hold of a comprehensive county road plan and carrying it out without waiting for the aid of the State Highway Department.

GARRETT

Foreword by Correspondent.

This is the first letter from our "burg" under the present reporter. The correspondent who has been asked to write these items hopes to make good.

It is our desire to prepare a newsy letter each week, provided there is any news to report; if there is nothing of interest to report, we will try to start something and then report it. It will be a pleasure to report the doings of our enterprising town weekly in the columns of the Commercial.

The Board of Health vacancies were filled last week, the new members being—U. S. Shober, N. J. Judy and Prof. H. B. Spelcher.

Miners Have Resumed Work. The mines have resumed work after having been closed down for two weeks. The men will receive the raise which they asked.

Enterprise No. 1, the mines at Blackfield and the Slope went back the first part of the present week. It is gratifying to all that this little difference has been adjusted. A community is one, not a neighborhood of two classes, that of labor and capital.

Garrett Without Meat. The people who butchered and have meat stored away, have meat to eat while the less fortunate ones have to buy their meat at Meyersdale or Berlin unless they choose to do without it, because the Garrett meat market closed its doors last week.

Among the Sick. Mrs. George Weaver who recently underwent an operation in the W. M. hospital at Cumberland is again confined to her bed.

Mrs. Catherine who had been confined to her bed with a severe attack of grip and pleurisy is slowly improving.

RULE ON CREDITORS ET AL—

In Re Assigned Estate of S. D. Livengood: No. 377, September Term 1907.

January 25th, 1916, a petition was presented to the Court of Common Pleas of Somerset County by Charles H. Ealy, Assignee of S. D. Livengood, praying the Court for a rule upon creditors and others to show cause why said assignee should not grant an option to any one desiring the same, to purchase all their right, title, interest, claim and demand of the said S. D. Livengood, in and to the coal and firelay underlying certain tracts of land situate in Somerset and Stonycreek Townships, Somerset County, Pennsylvania, containing in the aggregate eleven hundred (1100) acres more or less, and known as the "Adams Mines Property," at and for a sum of not less than Sixteen Thousand (\$16,000.00) Dollars. Said option to extend for a period, not more than ninety (90) days. And also to grant a rule to show cause why the said assignee should not have power and authority to sell, without previous option, the said interests of the said S. D. Livengood in and to the said tracts of land, and the coal and the firelay underlying the same, at and for the price of not less than Sixteen Thousand (\$16,000.00) Dollars.

Whereupon the Court granted a rule as prayed for upon all creditors and others to appear at Somerset, on the 14th of February, 1916, at 10 o'clock, A. M., to show cause why said option or sale should not be made as prayed for. Said rule to be served by publication in two newspapers by two or more insertions in each. Attest: P. J. RUPPEL (P. J.)
