

SALISBURY.

Town Threatened with Bad Fire.
On Saturday morning a little before six o'clock Salisbury, had a fire which, if it had not been for the prompt action of the people, would have swept and wiped out one of the main business blocks of our town. The fire started in the heater room of the opera house building owned by Mrs. Drucilla Hay. The floor under which the fire started is occupied by James Dunn who conducts a restaurant. When the fire was first noticed it had not yet burned thru the first floor but the blaze came out of a coal chute in the driveway between Dietz' hotel and the opera house. As it was just about the time most miners and other men go to work, it was but a few minutes after the alarm was given that a large crowd was on hand to fight fire. The fire engine was rushed to the scene of the fire and it was our first real test of the merits of our new fire engine of which so much difference of opinion existed here.

All Agree as to Worth of Fire Engine.
Most all of the citizens are now satisfied for there is no doubt that had it not been for the fire engine's good work on Saturday morning our town now would present quite a different appearance, for had the opera house burned it would have taken the Hay Hotel, the Wilt building, owned by C. M. May and doubtless the Valley and others in turn.

PIANOS

Pianos at \$150 up
Player-Pianos
\$250 and up
Talking Machines
\$7.00 and up

615 With Electric Starter
and Electric Lights
Four Inch Tires

HERE is another Overland Model. A brand new car at a brand new price. Many people prefer a car with the advantages of the larger and higher priced cars but that is smaller, lighter and more economical to run.

Model 75 is a comfortable, family car with virtually all the advantages of the very large cars at a price which is well within your reach.

The body is the latest full streamline design with a one-piece cowl.

It is handsomely finished in solid black with bright nickel and polished aluminum fittings.

Five adults can ride comfortably.

The tires are four inch all around because we believe in the advantage of large tires. They insure greater mileage and comfort than can be obtained from

the smaller size used on other cars of similar specifications.

The motor is four-cylinder, long stroke bloc type, having a 3 1/4-inch bore and 5-inch stroke. Horsepower is 20-25. It is of the most modern design.

It has high-tension magneto ignition. This is the kind used on the most expensive cars.

The electric starting and lighting system is one of the most efficient on the market. It is of the two-unit type.

The electric switches are conveniently located on the steering column. This is the same arrangement used on the highest priced cars.

It has the easy working Overland clutch which any woman can operate. The pedals are adjustable for reach. The steering wheel is large and turns easily. The brakes are large and powerful.

The rear springs are the famous cantilever type. These are probably the easiest riding and most shock absorbing springs ever designed. With these springs riding comfort is insured.

It has a one-man mohair top.

In short, there is everything that makes this car up-to-date and comparable with many cars costing considerably more money.

You will be delighted when you see it. And when you ride in it you'll know instantly that this is your ideal of a modern automobile at your idea of a moderate price.

Other Overland models are—Model 83-B five-passenger touring car \$695; the famous Overland Six seven-passenger touring car \$1145. All prices being f. o. b. Toledo.

Call, telephone or write for demonstration.

HARTLEY, CLUTTON CO.,
THE WOMEN'S STORE, MEYERSDALE, PA.

ers having expired, Judge Ruppel has appointed a new set of arbiters, as follows:

Attorneys Rufus E. Meyers and Louis C. Colborn, of Somerset; Attorney John A. Hartman, of Windber; Capt. William M. Schrock, of Somerset; Wm. P. Hay, of Jefferson; Roscoe C. Wolfley, of Salisbury; Stephan McClintock, of Addison township; Frank H. Meyers of Brothersvalley township, and John E. Johnson, of Shade township. The new viewers will serve for a period of three years.

Besides the damage done to the building, considerable damage was done to the restaurant of Mr. Dunn, not so much by the fire as by the water which had to be thrown by random as the room was too full of smoke to tell exactly where the blaze was. It is not known just how the fire started but by some people it is thought that it was the work of an incendiary. It is reported that fire was discovered in this building some time ago, but was put out before any damage was done.

Miss DeLa Connor, daughter of Mr. and Mrs. P. M. Connor, underwent a surgical operation at the Western

Maryland hospital on Tuesday.

Born to Mr. and Mrs. Michael Harding on Friday, Jan. 21, a daughter

Born to Mr. and Mrs. George Wagner, on Tuesday, Jan. 18, a daughter.

F. F. Petry has purchased a Ford roadster from the West Salisbury Garage Co.

Mr. and Mrs. J. S. Stevanus of Sand Flat were guests at the home of the former's son, W. B. Stevanus and family on Tuesday evening of last week. After supper they attended the lecture by Lou J. Beauchamp in Hay's opera house.

G. J. Stevanus who is agent for a New York seed firm was calling on Salisbury people one day last week.

Mrs. John Swatzwelder entertained at dinner last Wednesday the following friends: Mrs. Chas Hoffman, Mrs. Henry McKenzie, Mrs. Victoria Dean and Mary Teney.

Miss Jennie Stevanus who was helping with household duties in the home of Mr. and Mrs. Robert Newman while Mrs. Newman was suffering with rheumatism returned to her home at Sand Flat school on Monday morning.

Miss Jennie Stevanus spent Sunday with her cousin, W. B. Stevanus and family.

Miss Fannie Clark is suffering with a bad attack of grip and it is feared that pneumonia may develop.

Mrs. C. M. Menhorn is housed with Between the grip and the chicken-pox it would be pretty hard to find any real well people in our whole town at present.

Mr and Mrs. James Beal and family of Pittsburg are spending a week with former's parents, Mr. and Mrs. Chas. H. Beal.

Dr. A. O. McKinley is suffering a severe dose of the grip.

AMUSEMENTS.

Summer Garden.

When the Metro Pictures Corporation decided to produce Frank L. Packard's famous novel "Greater Love Hath No Man," in picture form, the directors of that organization cast about for several months seeking the proper type to play the role of Varge. After no little difficulty, Emmet Corrigan was decided upon. It took an equally long time to induce Mr. Corrigan to forego several legitimate en-

gagements, but the fact that the picture is now completed is the best demonstration that the Metro generally gets what it goes after.

"Greater Love Hath No Man" is a thrilling and intense drama calling for a great amount of emotional acting. Mr. Corrigan's remarkable performance in the star part of "The Deep Purple" and his powerful and impressive efforts in "Other Peoples' Money" and other plays, stamp him as one of the leading if not the foremost American dramatic actor. At the Summer Garden, Saturday evening, Jan. 29.

The next Big Four or V-L-S-E feature to appear at the Summer Garden, will be Monday, Jan. 31 when Graustark will be given.

FIREMEN'S BENEFIT.

A big night is expected at the Summer Garden Friday evening when the local Firemen Basket Ball team will meet the K. of C. team of Cumberland. The boys are selling tickets for the game and everybody should turn out to help the boys. When the fire whistle blows they are always ready and on the job. Show your appreciation for what they have done for our town by being present, Friday evening. A gold Rooster feature will be shown as usual making a big program for a small admission and also helping the local firemen.

Eyes! Eyes! Eyes!

My subject matter in this little talk will be on the EYES as this is my SPECIALTY. I love my work and this is why I am so SUCCESSFUL in giving my PATRONS ENTIRE SATISFACTION.

I am continually studying this line of work and the SCIENCE of REFRACTION or GLASS Fitting has become a FAD with me, in other words I am FANATICAL along this line.
