BASEBALL FANS, ATTENTION

C. Webb Murphy Reveals Inside Secrets to Readers of The Pittsburgh Dispatch

Baseball has had no more interesting club owner than C. W. Murphy who for ten years was at the head of the National League Club of Chicago. During his presidency of that club there occurred some of the most dramatic episodes in the history not only of the club itself but of organized baseball.

Mr. Murphy now considers himself free to tell of some of these events to tell of them from the magnate's point of view, and what he believes to be the right and proper viewpoint.

He will tell his side of the much discussed severance between the Chicago Club management and Frank L. Chance, the "Peerless Leader." Mr. Murphy will tell how he induced Charles P. Taft to lend him the money to buy the Cubs; of the unsuccessful attempt Ban B. Johnson made to buy into the Chicago club; how a member of the National Commission attempted to disrupt the great Cub machine by luring away "Johnny" Kling on his promise of setting him up in the billiard business; the detailed story of the resignation of "Johnny" Evers as Chance's successor as manager of the Cubs; why "Three-Finger Brown" was let go by the Cubs' management; hitherto untold facts in reference to the election of John K. Tener as president of the National League while Mr. Murphy was absent in Europe etc. etc. And the author takes the lid off in every article.

These articles are now appearing in the Pittsburgh Dispatch. No baseball fan should pass up this opportunity to "get hep" to the inner workings of baseballdom. Order the Sunday Dispatch from your newsdealer.

The regular February term of court will begin Monday, the 28th, at the conclusion of which license court will convene to pass upon the seventy-seven applicants for the county. Very few remonstrances will be presented and it is expected that nearly all the applicants will be granted.

COURT NEWS

Judge Ruppel has approved the sale of mineral land—the Adams mine property—made by Chas. H. Ealy, Assignee of S. D. Livengood, to N. J. Burston, Jr. There are 1100 acres in the tract. Eight thousand dollars were paid in cash and \$8,000 is to be paid within ninety days, when the purchaser is to be given a deed.

Alexander King, Auditor of the accounts of the county officers, filed his report in the Prothonotary's office Monday, surcharging A. F. Heiple, Bert F. Landis and Jno. G. Emert. Under an act passed 70 years ago, these officials are entitled to all of the fees of the office over necessary expense to the amount of \$2,000 and when the fees exceed that amount, there is to be a fifty-fifty division with the county. Similar surcharges have been made annually for several years but no action has been taken on them. These officials deny that they are indebted to the county, averring that the auditor had erred in his calculations, which they believe they will be able to demonstrate to a jury.

A verdict of \$1468 was returned by the jury in the case of the Pittsburgh Westmoreland, & Somerset Railroad Company against the Blair Brothers, lumberman, whose operations are on the Laurel Hill mountain. The claim of the plaintiff was based on rentals of ties and rails, and for freight, etc. The defendants refused to settle because of offsets claimed by them, which made it impossible for them to agree with the railroad officials.

A settlement was announced in the case of S. G. Braucher against the Berlin Borough School District. Mr. Braucher erected the new school building, but the dispute which arose in the final settlement and out of which the suit developed, has been amicably adjusted.

A verdict for the defendant was returned in the case of the Kentucky Bank & Trust Company against A. G. Smith. The suit involved a note given as secured, and which passed through several hands and into possession of the plaintiff bank.

A settlement was announced in the case of Pittsburgh Machinery and Equipment Company against the Somerset Fuel Company.

A verdict of \$777.80 was returned in favor of the Neighbors Motor Co. of Pittsburgh, against F. S. Lawrence of Somerset. The defendant is agent for the plaintiff company, accompanied George Bisel of Meyersdale to Pittsburgh, where the latter purchased an automobile for \$1050, paying two hundred dollars cash and giving a check for the remainder. Mr. Lawrence endorsed the check. The plaintiff being unable to realize on the check, brought suit against Mr. Lawrence for the full amount of claim less the amount paid in cash and the commission to which Mr. Lawrence is entitled.

The suit of Newton Mostoller against Somerset Township was on trial. Mostoller is suing for damages caused to his farm by a fire started by sparks from a traction engine not equipped with a spark arrester. A lot of dry manure spread over fields with fences and timber were destroyed, the damage being estimated at about \$1500.

A UNIQUE RECORD.

Very Few Like it in our Broad Republic.

Home testimony for Doan's Kidney Pills, published in every locality is of itself convincing evidence of merit confirmed testimony forms still stronger evidence. Years ago, a citizen of Meyersdale gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

Samuel Wagner, 208 Market Street Meyersdale, says: "I had quite a severe attack of lumbago and rheumatic pains. My kidneys were out of order. My back troubled me considerably and any move hurt me. Two boxes of Doan's Kidney Pills gave me relief. They removed lameness and soreness in my back and made my kidneys normal. (A statement given October 18, 1909)

OVER FOUR YEARS LATER, Mr. Wagner said: "I keep Doan's Kidney Pills on hand at all times and use them occasionally, always getting relief."

Price 50 c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wagner has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

There will not be any applications for liquor licenses in Bedford and Mifflin counties this year. Applications have been filed in Huntingdon county, but as the two Associate Judges in that county were ejected on temperance platforms it is not probably that licenses will be granted.

SOMERSET COUNTY'S

COAL OUTPUT FOR 1915
During the year 1915 the production of coal in the 20th Bituminous District increased 66,053 tons over 1914 according to the annual report of Mine Inspector Fletcher W. Cunningham, of Somerset which was forwarded to Harrisburg a few days ago. During the year the Department of Mines reduced the size of the district materially on account of the numerous openings made so that now it includes all of Somerset county south of Holsopple except mines on the Baltimore & Ohio Railroad between Rockwood and Garrett. The total production for 1915 was 5,629,093 tons compared with 5,560,040 in 1914.

KEYSTONE PARAGRAPHS

When Chief Zollner of Carrolltown struck a match to light a gas stove in the town jail escaping gas exploded, wrecking the building.
