A petition was presented last week to Judge Ruppel on behalf of Moses Weaver, Levi J. Kaufman and Kore Kaufman, for permission to sell the Davidsville and Bensoreek section of the Somerset and Johnstown plank road. Cunningham, under which the state will take over the road for \$7,500, except that the state will not purchase the toll house. The price is said to be a very good one.

Fred B. Sipe, 38 years old, proprietor of the Sipe House at Jenners, committed suicide by shooting himself through the head in his room March 21. Mrs. Sipe found the body about ten minutes after the shooting. Relatives of the dead man can give no motive for his deed. His father had been in conversation with the suicide less than 15 minutes before he went to his room and had not noted anything unusual in his actions. His widow stated that she knew of no reason why her husband should have been despondent, as he appeared to be in the best of spirits earlier in the afternoon. There were 10 or 12 guests at the hotel at the time, but nobody heard the report of the revolver.

IN YOUR OWN BACK YARD.

"Fresh carrots in your own back yard  
May fill your table needs,  
And please the eye all summer, too,  
Where erstwhile flourished weeds.  
"Close to your house, spade up and rake  
A twelve-inch strip of ground;  
Three inches back from either edge.  
Plant carrot seeds around.  
"The feathery leaves resemble ferns,  
To make the spot more bright,  
Add poppy or nasturtium seeds.  
"Twill bring sustained delight!"

NO PANIC AFTER WAR

Financial Writer Says Ideal is Grotesque Absurdity.

In its financial review and forecast, the New York sun dismisses as a grotesque absurdity the argument that peace in Europe will have a disastrous effect on American business. The Sun says:

While general business has maintained an unchecked peace despite the difficulties offered by shortages of material, by high prices and by the doubts of the future always incidental to a time of war, the stock market has been coming to more or less a standstill.

At any rate the movement of that sensitive register of fact, opinion and sentiment of conditions and prospects, has been halted or held within narrow limits.

Our Mexican engagements have exercised a material influence in this respect. It may be said of the Mexican affair that its worst probable upshot can only conduce to a wider and more influential public appreciation of the kind of a world we live in.

Of more long range and abiding consequence was the emphatic direction of attention to the subject of peace in Europe and its economic issues as something for the stock exchange immediately to reckon with.

So far as Wall street is concerned, the notion that financial and business interests are tied through the stock market to a war time prosperity can be dismissed as a grotesque absurdity. Misrepresentation of Wall street could go no further than in the suggestion that the stock market will feel acute alarm over the approach of peace, unless it is unmistakably the wrong kind of peace, which obviously heralds itself as only a truce.

Meanwhile the war's end is not in sight.

MUNITION WORKERS ILL

Stricken After Partaking of Meal at Dayton Plant.

About 150 employees of the Recording and Computing company of Dayton, O., most of them girls, were stricken with a mysterious illness shortly after they had reported for work.

The concern is engaged in the manufacture of munitions.

More than 1,500 employees had their dinner and supper at the plant. Food not consumed during the noon meal was warmed over and served for supper, employees assert. The fact that only a small portion of the employees got sick leads to the belief that someone attempted to poison the entire food supply and was interrupted.

SCHOOL CASE IN COURT

Rochester Principal Ordered to Reinstate Suspended Boy.

An interesting case, involving the right of a school principal to suspend indefinitely a pupil will be heard before the Beaver county (Pa.) court on Wednesday.

Upon a petition of J. B. Shumaker of Rochester, a writ of mandamus has been issued directing the seven Rochester school directors, William S. Taft, superintendent, and Stanley Q. Fowler, principal, to reinstate William Shumaker to classes.

Shumaker, it is said, threw papers on the floor and when directed by Principal Fowler picked them up, but was refused admission to classes.

SLAYERS OVERLOOK MONEY

Killed Man to Rob Him, and Fail to Find \$205.

George Krysko of Argentine, six teen miles north of Butler, Pa., was found stabbed to death and lying in the snow on a road between Hilliard and Argentine by a sleighing party.

Dr. McClelland of Hilliard, who was with the party, placed the body in the sleigh and drove to Krysko's boarding house.

Robbery evidently was the motive for the attack, since it was known that Krysko usually carried several hundred dollars. Krysko wore two pairs of trousers. In the pockets of the under pair, unobserved by the assailants, was found \$205.

Atlantic Rayolight Oil is the one kerosene you can ask for by name—that never varies in quality. And so it is especially desirable for domestic purposes—for polishing furniture, for keeping away moths, for removing rust and the many other uses hundreds of housewives tell us they have found for it.
