

ADVICE FOR**ELECTRICAL WORKERS**
Electrical workers are being urged by Commissioner John Price Jackson of the Department of Labor and Industry to observe every precaution in their trade.

"Shield your eyes from electrical arcs or flashes. This kind of light frequently causes temporary blindness and in some cases ruins eyesight," declares Commissioner Jackson in a pamphlet issued on "Timely Hints for Electricians."

"Keep your eyes on your hand when reaching for electric switches. Otherwise you may touch the 'juice,'" is a warning in the pamphlet.

"Before working on electric machines lock the service line switch open and place the key in your pocket. No person can turn on the current with fatal results to yourself. This has often occurred. Screw drivers, pliers and all other handy tools should have insulated handles. Immediately stop any abuse or misuse of electrical apparatus. Never work on live circuits unless it is absolutely necessary. If you must work on such circuits, use all safety devices and methods possible.

"Treat all wires as 'live' until you are absolutely sure they are 'dead.' Unsafe or improperly working electrical apparatus should be immediately shut off and reported to the proper authorities. In working overhead be careful to place tools so they cannot fall on persons underneath.

"If working on ladders or scaffolds see that they are substantially built. If they are not, you may be the sufferer.

"Use your safety belt whenever possible. It may be your life preserver.

"Never overload a circuit or use a fuse of too great capacity. Overheating of conductors may occur and the possibility of a fire is thus increased. Study regulations for the proper installation of electrical apparatus. Never install wiring or other electrical apparatus which is not strictly in accordance with such rules. They have been formulated to prevent fires and accident."

UNION VALLEY

All farmers are busy plowing. Simon Keefer and family were callers on Leroy Crissey on Sunday last. P. W. White made a business trip to Meyersdale on Saturday last.

Simon Keefer has opened a general repair shop. He is busily engaged in doing all kinds of repair work and general blacksmithing.

Wm. Shultz of Greenville was a business caller at P. W. White's one day last week.

H. F. Haber is busy engaged in buying calves and pigs to stock his farm. So far he bought 4 very fine calves.

Mrs. J. Sturtz spent Friday in Meyersdale doing some shopping and made a visit to her old friend Mrs. Andrew Horchner.

Six more days for the school bell to ring in our little valley.

THROUGHOUT THE COUNTY

Romanus Baldwin, 80 years old, died at 6:30 o'clock Friday morning at his home near Shanksville, following an illness of about two months. His widow and seven children survive. Mr. Baldwin was a veteran of the Civil War.

Jacob Rose and Robert Kirkwood of Jenner were arrested recently on a charge of cruelty to animals. It is alleged that they overdrove a horse belonging to Nicklo Cisnerello, broke a shaft, lost a robe, and then turned the horse loose in a field.

Musical compositions of the late W. Wain, of Hooversville, have been copyrighted and are being placed on the market. Mr. Wain composed a two-step entitled "King of the Plains." Just before he died four years ago he finished another composition that has never been published. Mr. Wain was leader of the P. O. S. of A. Band in Hooversville. He played the trombone, cornet, and piano and was considered a good musician.

APPLE MARKET GLUTTED

Five Million Barrels to be Sold Before June 1.

So great is the supply of winter apples in storage, produce dealers say that there remain 5,000,000 barrels of apples to be marketed before June 1, thus allowing an apple a day for every man, woman and child in the United States for the next 30 days. Since there are thousands who will not eat their pro-rated allotment, many fruit men declare that the public in the Pittsburgh territory will be counted upon to devour an average of two of more apples a day, per capita, during this period.

Every effort is being made to force the apples into consumption. Prices by the barrel or box are at a low level and with prospects of one of the heaviest crops of strawberries ever produced in the southern states, dealers are selling their best grades of apples at the best prices they can get.

STATE WIDE GOOD ROADS DAY.

Governor Brumbaugh has issued a proclamation fixing Thursday, May 25, as "State-wide Good Roads Day." The governor calls on all citizens to so plan their personal duties as to devote that day to the improvement of the highways and calls on all those who cannot be present to contribute either money or material to the proper authorities.

The text of the governor's proclamation is as follows:

WHEREAS, There is an enlightened and greatly universal interest in good roads for this commonwealth, and

WHEREAS, The improvement and upkeep of our highways is now acknowledged to be an essential good to our people in transporting the products of the farm to the best markets, in affording increasingly convenient means of access on the part of our people in one part of the State to those in another, and in laying the foundation for a necessary preparedness, and

WHEREAS, Many public spirited citizens, great commercial bodies, civic organizations, agricultural organizations, automobile clubs and county organizations in the interest of good roads in Washington, Allegheny, Lawrence, Venango, Clarion, Huntington, Mifflin, Blair, Somerset and other counties have requested that a day be set aside to be known as "State-wide Good Roads Day" and

WHEREAS, On Good Roads Day in 1915 above 78,000 citizens gave freely the day to work on the roads, above 11,000 teams were voluntarily put to use on the roads, while County organizations were formed in more than half the Counties of the State to promote the movement for the right observance of Good Roads Day, and the Judges in 17 Counties joined the Executive in issuing proclamations calling upon the citizens of their respective districts to participate in the hearty observance of the day, and many manufacturers with patriotic zeal made substantial contributions of cash and material, declaring in many instances a holiday for their employees to permit their workmen to give the day to the highways,

THEREFORE, I, Martin G. Brumbaugh, Governor of this Commonwealth, fully in sympathy with the purposes of this and every movement that holds promise of better road conditions for our people and deeply concerned to stimulate in every proper way a State-wide interest in good roads, and resolved, even with inadequate appropriations, to make our state highways safe, comfortable and permanent avenues of travel, do make this proclamation:

That each and every supervisor of the townships of this Commonwealth is obligated by law and in good conscience to give this movement cordial support and to make this day memorable in greatly improved public roads.

That all our citizens, having patriotic regard for this great Commonwealth shall so plan their personal duties as to give the entire day to the improvement of our highways or contribute to the proper local authorities such sum in money or such material as will add to the substantial good the day should accomplish.

That all our citizens, living in cities or towns, and owning automobiles go on this day to the country and volunteer their services in adding to the safety and comfort of themselves and others when traveling upon our highways, and

That this day may be a State-wide memorable action upon the part of our people in the performance of a great public service, to which the State Department of Highways will most cordially give its support and co-operative assistance, I hereby designate and set aside, Thursday, May 25, 1916, as State Wide Good Roads Day in Pennsylvania.

Given under my hand and the Great Seal of the State, at the City of Harrisburg, this thirteenth day of March in the year of our Lord, one thousand nine hundred and sixteen and of the Commonwealth the one hundred and fortieth.

By the Governor,
Secretary of the Commonwealth.

**SCHOOL INDEBTEDNESS CAN NOT BE OVER 7 PER CENT**

In reply to a letter of Dr. Nathan C. Shaffer, superintendent of public instruction, relative to a letter from the solicitor of the school district of the borough of Skyesville, Jefferson county requesting an opinion as to whether the school district has authority to increase its indebtedness to an amount not exceeding 10 per cent. of the assessed value of taxable property, therein, provided three-fifths of the votes cast at a public election are in favor of such increase in indebtedness.

First Attorney General W. H. Keeler holds that:

"Until appropriate legislation is enacted for the purpose of carrying into effect the constitutional amendment of section 15, article IX, you are advised that the school district of the borough of Skyesville cannot increase its indebtedness to an amount in excess of 7 per cent of the assessed valuation of the taxable property therein.

WILLS PROBATED.

The will of Elizabeth Blough, late of Jenner township, was probated recently by Clerk Charles I. Shaver. She bequeathed \$300 to the World Wide Mission of the German Baptist church, \$100 to her niece, Mary, wife of Isaiah Ferguson, \$100 to Ella Lape, and \$50.00 to Edith, daughter of Ella Lape. The residue of the estate is to be equally divided between decedent's brothers and sisters.

The will of Isaiah Heimbach, deceased, late of Upper Turkeyfoot, has been probated by Register of wills, Shaver. The testator bequeathed his farm known as the "Chas May" farm, together with all the property thereon; household goods, stock, etc., to Susan May and Catherine May, who are also named as executrices of his estate, that the disputed matters be referred to his neighbors, William Bittner and John Clevenger, for arbitration. The two neighbors named are authorized to pick a third arbitrator.

THE TEST THAT TELLS.

Is the Test of Time. Many Meyersdale People Have Made This Test.

Years ago this Meyersdale citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merits of Doan's Kidney Pills. Can any Meyersdale reader demand more convincing proof? It's Meyersdale testimony—it may be investigated.

Mrs. Ellen Wilhelm, 208 Large street, Meyersdale, says: "I had been suffering from severe pains in my back and left side for some time. These pains were often so bad that I could hardly do my housework. My head ached a great deal and I had a constant, tired feeling. I finally began using Doan's Kidney Pills. The first few doses gave me relief and I grew better rapidly as I continued taking them." (Statement given October 11, 1907.)

Over six years later, Mrs. Wilhelm said: "Doan's Kidney Pills did me so much good that I haven't had to use them for some time."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wilhelm has twice publicly recommended. Foster-Milburn Co., Props. Buffalo, N. Y.

DOAN'S KIDNEY PILLS**YES, WE PAY MORE FOR SPRAYED FRUIT**

It's next to impossible nowadays to get good prices for fruit unless you spray it. Dealers know that sprayed fruit is perfect fruit and that unsprayed fruit is pretty sure to be wormy. If you grow fruit, you need a Deming PUMP.

because it is the fruit-grower's right hand man; a regular standby wherever used. Deming outfits develop and hold a high pressure—which is absolutely necessary; they work easily, and they wear well, because well made. Ask us for interesting Catalogue. Booklets and full information.

BAER & CO.**WHY not give your lad the same training?**

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition which I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern 'Unabridged'—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionary in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired." Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ., April 28, 1911.
