Special Fitting

of

GOSSARD CORSETS

Tuesday, April 25

Through a special arrangement with The H. W. Gossard Company of Chicago, we have engaged MISS N. P. McNALLY, of their organization to assist our corsetiere in a special demonstration of Gossard Corsets.

The radical change in styles this season from the slinker slouch to the erect, well-poised, somewhat military form, calls for considerable care and attention in the fitting of your new corset.

There is a decided tendency toward the adoption of a smaller waist this season and a fitted bodice, with a return to the full skirt of former periods. All of this has a direct bearing on your corset. Authentic information regarding these new styles is yours for the asking during this demonstration.

You can come and be fitted to any of the newer models and make your selection at a later date, if you so desire. Whether you expect to purchase your corset at this time or not, we suggest that you arrange to attend this demonstration.

While the original front-lacing Gossard Corsets sold at \$25 some ten years ago, increased manufacturing facilities and an international distribution have reduced the price until now you can purchase a Gossard Corset for as little as \$5.00, \$3.50 and \$2.00.

It will be a privilege to serve you and to have you visit our Corset Department some time during this demonstration.
