Food provided for the family table deserves the careful thought of every housewife. Do you use thought when buying baking powder?

The quality of cake, biscuits and all quickly raised flour foods depends largely upon the kind of baking powder used.

Royal Baking Powder is made from cream of tartar derived from grapes. It is absolutely pure and has proved its excellence for making food of finest quality and wholesomeness for generations.

Royal Baking Powder contains no alum nor phosphate.

## THERE'S WORK FOR ALL IN THIS CAMPAIGN CLEAN UP AND PAINT UP

Women Can Take a Leading Part in This Movement for Beautiful, Sanitary and Safe Home Towns.

By LOUISE KERPER, Chairman Civic Committee, Ohio Federation of Women's Clubs

WOMEN are housekeepers. They are apt to see more clearly the need of municipal housecleaning than are men. Through our clubs we have an excellent opportunity to lead in "Clean Up and Paint Up" work. Here are some pointers for women who would help regenerate their community with a real "Clean Up and Paint Up" campaign:

Each campaign involves the renovation of the interiors of buildings as well as yards, streets and alleys.

The removal of all rubbish and useless things is most important.

Some revenue can be derived from the sale of waste paper.

During the "Clean Up and Paint Up" campaign is a good time to have rubbish cans placed upon street corners, for the deposit of paper.

Nothing will do more to improve the appearance of a town than the liberal use of paint.

Useless and unsightly outbuildings should be torn down.

Business houses need attention. Rubbish accumulates in cellars, under stairways, in storerooms, passageways, and in the rear of hotels and restaurants. Look out for RATS here.

A clean yard is not sufficient; it should be pleasing to the eye. Plant grass and flower seeds. Sod bare spots in lawns. Plant shrubs, vines and trees.

The thresholds of a town should be made inviting to the visitor.

This is a good time to find out about the sanitary ordinances of the town. How about the regulations in regard to garbage collection, the use of closed garbage cans, manure piles, spitting, toilets, etc.? Are they adequate? Are they enforced? Appoint a committee on this subject. Have the ordinance published and distributed widely.

It is very important that the "Clean Up and Paint Up" idea be impressed upon the minds of school children.

### "GREATER THAN FIRE LOSS"

By PROF. H. H. KING Kansas State Agricultural College.

LACK of paint causes a greater annual loss through deterioration than the aggregate Kansas fire loss for twelve months. Yes, there is much more reason for a real "Clean Up and Paint Up" campaign than the average layman would at first recognize.

Paint, as has often been said, serves more than the mere purpose of decoration. Its principal value lies in the fact that it prolongs the life of the surfaces painted.

Wood and iron, on exposure to the air, undergo a slow process of oxidation, which just as surely destroys them as though they were set on fire, the difference being the speed at which the reaction occurs.

We take out insurance to cover loss by fire and should just as surely put on paint to cover loss by decay. It takes very little calculation to discover the apparently astounding fact that the loss through lack of painting is greater in Kansas than the loss by fire.

When the property owner comes to a full realization of the true reason for painting there will be no need for public-spirited people to back up a National Campaign for such a purpose.

### UNION VALLEY

All citizens are getting to respect the old flag and to decorate the graves especially of the old Soldiers.

Simon Keefer, Peter Felker, Leroy Crissey, H. E. Habel and P. W. White were transacting business in Meyersdale on Saturday last.
