SHOE LEATHER SOARING

That by next fall women will be paying not less than \$10 a pair for high boots such as are being worn at the present time, is the prediction of a shoe merchant. The extreme scarcity of hides and the tremendous amount of extra kid that goes into these eight-inch high boots are given as the cause.

Leather is so scarce that manufacturers are looking for a substitute and already shoes soled with a fibre composition, said to be extremely durable are on the market. A pair of men's shoes soled with this material retails at \$4 whereas if leather were used on the same grade shoe, the cost would be about \$4.50.

The tremendous raise in the price of shoes will hit the pocketbooks of families where there are growing children the hardest of all. Kid shoes such as are worn by little children are almost impossible to get.

SOCIAL HAPPENINGS

GAVE RAINBOW DINNER.

A progressive Rainbow dinner given by Mr. and Mrs. Robert G. Miller at Hotel Colonial on last Thursday evening was a very delightful affair and greatly enjoyed by the sixty guests present.

A large rainbow had been arranged over one corner of the dining room under which Livengood's orchestra was placed, which discoursed their usual fine music during the evening. A golden pot had been hidden at the end of the rainbow, though not filled with the mythical coin; it proved to contain wafers of rainbow colors for the guests.

The Meyersdale Quartette rendered two very good selections.

There were seven tables each having a rainbow shaped centre piece of one of the seven colors of the spectrum entwined with smilax, with flowers of the same color under the bow.

A seven-course dinner was served each course being one of the seven colors of the rainbow. The menu was as follows:—

1. Strawberries (Red).
2. Bouillon (Orange).
3. Fish with yellow sauce (Yellow).
4. Chicken patties, peas, cream potatoes with parsley, stuffed peppers, olives, hot rolls, sandwiches, green ice (Green).
5. Salad (Blue).
6. Blue and white ice cream, coffee, cake (Indigo).
7. Nuts and violet candies (Violet).

ENTERTAINS THREE AFTERNOONS

"Clean Up and Paint Up"

SPRING into line with the Spirit of Springtime; take a tip from old Mother Nature. Maybe your house would look better for a coat of paint; or possibly the fence, outbuildings or screens seem a little dingy in the bright spring sunshine. How about your floors? Are they showing heel-marks? And has some of the furniture been scratched up? Painting, or varnishing, will not only beautify, it will make the wood last so much longer that it's actually cheaper to paint than not. Paint fills the cracks and holes where germs lurk, makes for sanitation. Spring calls for **Paint**. Heed the call of Spring!

The Best Place to Buy Paint
 We have all kinds of paints, varnishes and brushes, at the most reasonable prices. Drop in and look them over.

For the Housewife
 The task of keeping the stove clean will be greatly lightened if all grease spots are rubbed off with a newspaper while the range is still hot. Do not open a wet umbrella to dry it. Wipe it down with an old soft silk handkerchief and leave it to drain in a bath or basin shut up. To avoid having corks break in the bottle when removing them, drive a wire nail thru the cork from the bottom end, using a small washer between the cork and the nail head to keep the nail from pulling thru. Bend the projecting end into the shape of a handle. This will be found very convenient for bluing bottle, vinegar jug, etc. Large envelopes of heavy manilla paper, which fasten with a cord, are a great convenience to have in the house. They serve as a quick wrapper for parcels to be carried in the street, as well as packages to be put away in drawers or cupboards. It is surprising how much one of these will hold. They are particularly good to lay aside "cut out" sewing, for they keep all the pieces securely together and separated from other work. They can be labeled by a pencil memorandum, so that their contents can be told without examination.
