Meeting the Maturities

You have to make payments of definite amounts regularly; every one does. It isn't easy to take a lump sum from your income at any one time.

There's one best way, only one; make yourself save a certain moderate amount each week or month. One of the greatest advantages of this method is that each deposit is so small it deprives you of nothing, it's no hardship at all.

Think this over. If you have a note definitely due, an insurance premium to pay, something down on a piece of real-estate or shop equipment come in and let us put you in touch with the appropriate plan of saving by system.

Injured by Fall.

The two sons of Mr. John Hayman, aged ten and twelve years, jumped upon the fender of Earl Christner's Ford roadster a few days ago to get a free ride and as usual proved unfortunate for them. When they jumped off, the older boy was thrown on his head and became unconscious remaining so for about half an hour. The other lad was injured some also. Dr. Pollard dressed the wounds of both the boys. Mr. Christner was running at the rate of 15 miles an hour and did not know when the boys got off.

SALISBURY.

The Close of Our Chautauqua. We considered our Chautauqua a grand success throughout the entire week. Every number was just as good and some of them better, than they had been advertised to be. The tent was crowded to its capacity on Saturday evening when Dora De Phillippe assisted by Donald Mach-eath, violinist, and Max Poons, pianist, rendered one of the finest concerts we have yet had.

On Sunday evening the different churches united in their services in the Chautauqua tent. Rev. Young delivered a masterly sermon to his large audience a fitting climax to our best Chautauqua.

We rejoice, with the management, that the Chautauqua will return to Elk Lick next summer.
