**CHEERFUL** windows make cheerful homes. Indeed, it is difficult to over-estimate the importance of one's shades. For rightly chosen shades make such a difference—lend such a charm and cheeriness and brighter tone to every room. The wide choice of colorings that Columbia Window Shades offer is one of the big reasons for the national popularity that they enjoy. They have style, too—distinctive style. They WEAR well—hang straight and smooth—roll up or down at a gentle pull. The exclusive Columbia enclosed roller-end is dust-proof and rust-proof. The fixtures are handsomely nickel or copper plated. And the entire shade, with all of the necessary fixtures enclosed and the slat in hand, comes handily packed, all READY-TO-HANG.

### SALISBURY

#### Pleasure Trip Nearly Fatal.

On Saturday a party consisting of Dr. A. M. Lichty and family, Mrs. J. C. Lichty and children, Miss Edythe Lichty, and C. M. Mayor and family of town, and Mr. Henry Martin and family of Meyersdale motored to Elkins W. Va. and intending to return Monday evening. But on reaching Fairmont encountered a heavy thunder and rain storm, which caused the roads to be in a very bad condition, and making it impossible to keep the cars from skidding.

The Martin car which was driven by Fay Lichty, soon turned straight across the road on the verge of a high bank. The quick action and the heroic efforts of the men in the party saved the car from going, farther than a few feet backward down the slope which if it had not been done, the occupants of the car would, in all probability have met their death. They then went back to Fairmont to spend the night and reached home on Tuesday evening.

### The Minor Heroism of Saving.

In these days of powder smoke, the physical valor of the battle-field is the most common of all. Greater by far are the humbler heroisms of moral courage.

How are you bearing your burden of economic obligation, - out of what you earn how much do you save? The measure of a man's progress is what he sets by for the capital of the Home.

Give your labor a chance to make you happy. Create capital and surplus and turn it into independence and security.

This savings department will help you in this one of the heroisms of peace. 3 per cent. interest paid on your money.

**WANTS TURKEY ASSESSMENT**  
A turkey assessment should be in force as well as a tax on dogs as the former are often more destructive.

For instance: Say three farmers keep flocks of 25 or 30 turkeys and a farmer, living nearby, keeps none, and these about 75 turkeys all get into the last farmer's oats or buckwheat; there would be nothing left but straw and that could not be cut. Still this farmer has to pay a high tax on his farm.

The turkey is as destructive as the sheep or dog and steps should be taken to tax them just the same.
