Plenty of Good Shows, Making up a Midway That Has Not Been Equalled in the History of the Fair.

THE STOCK AND FARM EXHIBIT.

The management has provided more room in the way of the erection of Sheds, and farmers are urged to bring the best they have for exhibit, thus doing they will be helping on a worthy institution for the community. There have been secured all state judges, who are highly competent to pass judgment upon what is exhibited. The judges are all furnished by the Agricultural Department. They are as follows: Mr. R. P. Allaman, Bedford, Pa., who will give an ex-

hibit in the line of entomology, such as scale on trees, insect crop destroyers and how to prevent losses to the farm. These lectures will be highly instructive and beneficial to all who will avail themselves of this opportunity; Mr. C. M. Barntz, of Riverside, Pa., an expert on poultry, will explain and pass on matters pertaining to poultry; and J. L. Henderson, of Washington, Pa., will answer your questions concerning livestock, for he understands his subject and will be well able to award prizes where they belong.

PATRONIZE WHAT IS FOR YOUR BENEFIT.

Sometimes we are asked to give where we do not expect to get anything in return. When we urge you to patronize the home Fair we are simply trying to make you see that you are helping yourself, for the Meyersdale Fair and Race Association is a wonderful benefit to Somerset County, and more especially to this part of it. No one makes money, no dividends are paid, in fact the management borrows money to make it go. Be there, bring your products.
