

**Born 'neath
Virginia's sunny skies**

From the sun-bathed fields of Virginia comes the finest-quality cigarette tobacco on earth. Tobacco experts say so.

And it is this highest-grade Virginia tobacco that is in Piedmonts—they're ALL Virginia! Golden, lively, mellow as Virginia's sunshine itself.

That refreshing liveliness in a cigarette, that is known as *character*, is present from tip to tip in Piedmonts—because none but Virginia tobacco can give this character to a cigarette.

VIRGINIA TOBACCO PAYS NO DUTY—ALL THE VALUE IS IN THE CIGARETTE.

"A package of Piedmonts, please".

An ALL Virginia cigarette—
Piedmont
The Cigarette of Quality

NOTE:—The duty on the Turkish tobacco that goes into a 5¢ package of so-called blended cigarettes is greater than the cost of the tobacco itself! But Piedmonts, made of highest-grade Virginia tobacco, have all the value in the cigarette—because there is no duty on Virginia tobacco—no ocean freight—no marine insurance, no wasteful handling.

ATTEMPT TO DYNAMITE AND BURN BUILDING

Unknown parties about 1 o'clock Thursday morning attempted to dynamite the residence of Samuel S. Smith, who lives along the Stoyestown pike, just north of Somerset. Improper placing of fuses prevented six sticks of dynamite from exploding.

Three sticks of the explosive were placed on the rear porch, directly under Mr. Smith's bedroom. The dynamite was wrapped in a foreign newspaper and placed under large concrete blocks. Three more sticks were placed on the sill of a cellar window, also under the bedroom of Mr. Smith. This charge, too, was weighted down with concrete blocks. The rear porch was saturated with coal oil. There were four fuses, each with a cap. Two of the caps exploded but the dynamite did not go off. The two fuses on the cellar window had not been lighted. It is supposed that the dynamites became frightened and fled before they completed their work. Fire was applied to the rear porch. It is the opinion of Mr. Smith and others that the intention was to dynamite the house and destroy the evidence by fire.

In the house were Mr. and Mrs. Smith and their 16-year-old daughter, Miss Lottie Smith.

Miss Lottie Smith was awakened by the first cap that exploded. Before she could arouse her parents, the second cap exploded. When Mr. and Mrs. Smith came downstairs the rear porch was in flames. Neighbors had been aroused by the exploding caps. They rushed to the Smith house and assisted in putting out the fire and getting rid of the dynamite.

Mr. Smith refuses to discuss the matter and it is believed he fears to express an opinion as to the reason of the attempted outrage. He has been a section foreman on the Baltimore & Ohio Railroad for 28 years and in that time has employed a large number of men, many of them foreigners.
