

## There is a Real Difference

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

### STOLE HORSE AND BUGGY OWNER IN STORE

Sheriff Lester G. Wagner is offering \$25 for the return of a horse and buggy belonging to Charles C. Miller and \$25 additional for the capture of the horse thief.

The theft of the Miller outfit was most bold. The horse was hitched to a post in front of Krieger's store at Listie Saturday. When the driver came out of the store, the horse and buggy were gone. It has been some time since horse thieves operated in Somerset county and Sheriff Wagner is apparently determined to discourage the revival from the start.

The sheriff's office describes the probable thief as a tall man, who makes motions at times as if deaf and dumb.

### HELP THEM TO MARRY

Why shouldn't every woman have a husband and every man a wife? Miss Clare Bishop, of New York City, felt the need of a protector and a provider for herself and her mother. In the ordinary course of events, no suitor plied for her hand. She believed in advertising and used a matrimonial bureau. Now she is deluged with men, young and old and middleaged with all sorts of looks advantages and disadvantages and she can't now decide which one of the many to choose for her husband.

It would seem that many would marry but lack the initiative. They need the help of friends or of some organization. If there is a science of everything else, there ought to be a science on how to wed. We think that in this way many more persons would get married, and methinks that this kind would not prove a failure more often than do others mated in the old line fashion.
