50 LOSE LIVES IN LAKE ERIE STORM
Four Vessels Wrecked; One Man Drifts 34 Hours
NO WIRELESS TO BEAR NEWS

Steamers James B. Colgate, Filter, Marshal F. Butters and Merida Sunk on "Black Friday"—Wreckage Found.

Loss of the Cleveland-owned whale-back steamer James B. Colgate with the death of twenty-one members of the crew—all but Captain Walter Grashaw, who was picked up after floating on a life raft for 34½ hours—is reported from Cleveland.

Captain Grashaw, the lone survivor, brought the story ashore. Half dead from two nights and a day spent on a raft, tortured and torn by the seas, he was carried off a rescue ship at Conneaut, O. The Colgate went down at 10 o'clock Friday night off Long Point, Canada, opposite Erie.

Every one of the crew of twenty-one perished, nineteen of them sucked down to death the instant the big steel boat foundered in the storm and two added to the toll when exhaustion, exposure and the relentless waves sweeping over the raft that carried their captain washed them off when their strength gave way. The ferry steamer Marquette and Bessemer No. 2 picked up the captain off Rondeau, Canada, opposite Cleveland.

The Colgate went down the night of what has come to be known as "Black Friday" in marine circles. Six men were lost when the steamer Filter sank in Lake Erie Friday, only Captain Mattison being saved. Earlier that night the steamer Marshal F. Butters foundered, but its crew of thirteen men were saved.

Less than an hour after the Filter sank the Colgate, by far the largest of the three victim vessels, went down miles away. The twenty-one of her crew who died raised "Black Friday's" sea casualty list on Lake Erie to twenty-seven. There was no wireless to give warning and the lake held its secret until Captain Grashaw was rescued.

The steamer Merida, owned by the Valley Camp Shipping company of Midland, Ont., was lost in Friday night's gale. The admission came after seven bodies of the crew had been picked up in mid-lake by two other ships. So far as known not a man of the crew of twenty-three survived the tragedy.

The loss of Merida makes four lake steamers which went to the bottom of Lake Erie in Friday's storm. The total loss of life is fifty. Every man on the Merida is believed lost.

Three bodies from the Merida were picked up by the steamer W. E. Mathews in mid-lake and taken to Toledo. Four bodies were found bearing Merida life belts by the steamer Charlotte Breitung and landed at Detroit. Reports from another ship sent out from a Canadian port to hunt for the Merida were that wreckage had been sighted but no survivors and no other bodies were found.

The Merida was due at Buffalo Saturday with a cargo of pyrites ore. She was commanded by Captain H. L. Jones of Buffalo. The ship was of 5,100 tons capacity and 307 feet long. She was built in 1922.

APPEAL FOR ARMENIANS
 Pa. Governor Brumbaugh has issued a proclamation to the people of Pennsylvania urging them to help the 4,000,000 Armenians and Syrians who are facing famine as the result of the war. The proclamation follows:

SUMMER GARDEN
Boy Scouts.
 One of the most interesting features of its kind ever offered in a screen production will be shown in Reel life at the Summer Garden This Saturday evening Oct. 28th. along with seven other reels, including "Beatrice Fairfax." At the present time there are approximately 200,000 youths and boys affiliated with the Boy Scout movement and the work this non-military organization is doing has received the highest endorsement from many quarters. The boys are shown on their march to the camp, and their engagement in the various scout activities which are designed to make better men of them. Boy Scouts don't miss this novel picture of life in camp; it tells of a boy, a scoffer, who finally was prevailed upon to join the movement. See how this is done; there are quite a few in our little Meyersdale who do not belong to the Boy Scouts who ought to be initiated into the mysteries of scout life. See how this is done.
