To Labor. Shall you complain who feed the world?

Who clothe the world? Who house the world? Shall you complain who are the world, Of what the world may do? As from this hour, Use your power, The world must follow you, The world's life hangs on your right hand,

Your strong right hand, Your skilled right hand; You hold the world in your right hand See to it what you do! Or dark or light, Or wrong or right, The world is made for you, Then rise as you never rose before, Nor hoped before, Nor dared before, And show as never was shown before, The power that lies in you! Stand all as one, Till right is done! Believe and dare and do! —Charlotte Perkins Gilman.

MEYERSDALE QUARTETTE CONCERT

Concert to be Given at Meyersdale on Thursday Evening, February 9th, and at Salisbury Friday, February 9th. An Excellent program Arranged.

This quartette needs no advance announcement to secure a full house. All that is necessary is to know the time. The quartette is composed of Messrs Cook, Clutton, Baldwin and Clark. They will be assisted by Mrs. H. M. Cook, pianist and Miss Maude Beck, reader. It has been the pleasure of the people of the town, and community to hear these men before and everybody knows what a splendid concert is in store for the evening of Feb. 8th, when they will appear in Amity Hall as the fifth number of the Lyceum Course. They have arranged an excellent program which will be given in costumes. We understand the quartette is donating their talent and time in this concert for the benefit of the Lyceum Course. They are among the town and community's best boosters and have always been glad to help out with everything, they have been asked to do. This community owes them one of the largest audiences that ever assembled in Meyersdale, and we will not be doing our duty if they do not have an audience. It will be two hours of music and mirth, and the admission has been placed within the reach of all. Children twenty-five cents and adults thirty-five cents. Tickets may be purchased at the door that evening. Program will begin at 8:15 promptly. Arrangements have been made to hold the trolley for Garrett until the close of the program. Let the town and community show their appreciation and do honor to these people by giving them a crowded house, Meyersdale, Thursday evening February 8th.

BRITAIN ADOPTS AMERICAN EFFICIENCY

In an address before the Jobbers' Association of Dress Fabric Buyers, recently, James Keeley, owner and editor-in-chief of the Chicago Herald, (Dem.) is quoted as saying: "In England capitol and labor have both learned the lesson that they must work for the benefit of the State, and there American efficiency methods now rule." And yet it was only a few days ago that Secretary Redfield berated American manufacturers as the "wasters of the world," and scored them severely for their inefficiency. Evidently England does not take the same view of our factory operators.
