NOT DISCOURAGED.

Lady Suffragist Leaders at Work to Secure Another Vote on Suffrage Amendments.

Harrisburg, Pa., April—Despite their defeat by three votes in the Legislature last week, women of Pennsylvania, whose organization was the first to offer its services to Pennsylvania and to the Nation during the war, are again asking for consideration by the Legislative body.

Previously they asked only that the representatives grant voters the right to decide again the question of suffrage. This time, the voters having been denied the right to decide the question in 1920, the women ask the Legislators themselves to grant directly to women, as is in the power of the legislature, the right to vote for the next and all following presidents.

In taking this step, the suffragists point out that they are making a fight for democracy on the ground that all citizens—men as well as women—who support the country in this time of stress should be granted every privilege possible under a democratic government. They point out that there is no expense of advertising an amendment entailed, which was one of the objections of the opponents of constitutional suffrage. They call attention to the fact, also, that the liquor element which boasted it had defeated the constitutional amendment resolution, cannot logically, even from its own viewpoint, have any reason for fighting the Presidential suffrage bill, because even if passed, it does not give the women the right to vote upon prohibition or any phase of local option.

The women point out further that even those members of the Legislature who admitted they feared, or feared without admitting that women would defeat them, have no ground for alarm in view of the fact that the new bill does not extend the right to vote for any state, county, city, borough or other candidates, but only for Presidential electors.

The women call attention, too, to the Russian and British governments preparing to enfranchise the women of their countries as a reward for war work and because they have demonstrated their patriotism, and ask pertinently what the American government and legislatures will do for women whose patriotism needs no demonstration.

As outlined, the campaign plans of the women are unique. They intend, they say, to maintain no lobby as such and having, they say no delusions concerning general temper and tenor of the present Legislature, they ask the public to watch the course of their bill, the members of the committee to which it is referred, the tactics of those who oppose it, and the vote finally upon the measure.

One pithy portion in the announcement of their campaign methods says:

"Every citizen of Pennsylvania knows that there are various elements linked into one system, which is opposed to and fights in every way against any growth of democracy, which will make the will of the people supreme over politicians. Undoubtedly, some of these elements will be arrayed against the presidential suffrage bill, even though in no way it affects their direct interests. They will oppose it because it is a phase of democracy. We leave it to the people to observe what methods it takes, and in what manner seeks to defeat this measure."

Delegates to the annual suffrage spring conference at Harrisburg passed a resolution urging the President, Congress and the Pennsylvania Legislature to prohibit the use of grain for the manufacture of liquor during the war and to conserve the same for food.

The executive board of the Pennsylvania Woman Suffrage Association has called upon Senator Boies Penrose to tell what he did to keep his pledges to aid in having the woman suffrage amendment passed by the legislature.

THE BOOSTERS MEETING.

The Boosters Club, pursuant to published calls, assembled at the Club room on Monday evening and marched to the Auditorium led by the Meyersdale Band. The room was well filled with Boosters and their friends.

The program was opened by the band playing "The Star Spangled Banner" during which the audience stood at attention.

Mr. Maurice Clark then sang a patriotic song, entitled, "My own America." Dr. Mine, the chairman of the social and program committee, then took charge of the exercises and introduced J. O. Billy, Esq., of Pittsburgh, who delivered a very interesting and instructive address on "Community and County Development." Chairman H. M. Cook, in calling the meeting to order had given the affair a semi-patriotic character, in a few well-chosen opening remarks, which pervaded the entire period of the session.

Manager Reich of the Auditorium put on some excellent pictures for the entertainment of the audience.

After the passage of the following resolution the meeting adjourned, and all who were present voted the time well spent in listening to the suggestions of the speaker, and all resolved to do anything possible for the best interests of Meyersdale.

The Community Boosters Club heartily extends a unanimous vote of thanks to the Meyersdale Band, Mr. Joe F. Reich, Mr. Maurice Clark and all others who took part in the program.
