

Local and Personal

Mrs. Robert Crone is spending the week in Pittsburg.

Mrs. Ralph Engle, of Berlin, was in town on Tuesday.

Mr. and Mrs. B. L. Bittner, of Glencoe, were shopping here, Tuesday.

R. T. Nicholson, of R. D. 1, was a business caller at this office on Monday.

J. E. Hershberger, of R. D. 2, was a business caller at this office on Saturday.

John Herwig, of Garrett, was among our business callers the last of last week.

Daniel Klink, of Garrett, was a business caller at the Commercial office on Saturday.

Mrs. Ellen Snyder and daughter, Julia, of Rockwood, were shoppers here, Saturday.

The smiling face of H. G. Lepley, of St. Paul, brightened our sanctum on Monday afternoon.

Mrs. H. P. McGrath and daughter, Mary, of Berlin, Pa., spent Wednesday in Meyersdale.

Dr. and Mrs. W. H. Ryland are entertaining Mrs. Ryland's sister, Mrs. W. G. Getty, of Lonaconing, Md.

Mrs. DeForrest Ludwig, who had been the guest of her parents, Mr. and Mrs. George Collins, for several weeks, has returned to Pittsburg where she expects to start housekeeping. Her mother, Mrs. Collins, accompanied Mrs. Ludwig and will spend a short time in Pittsburg.

Solomon Leffler, of Connellsville, was a business caller at this office on Tuesday. Mr. Leffler left Meyersdale thirty years ago, but yet has a warm spot in his heart for the people of the town, although almost all the business people here are new to him and but a few of the men he knew when here still sojourn with us, many having been gathered to their fathers and others removed to distant points.

Here and There

Mr. Simon Beachey who has been ill with rheumatism for about for weeks is improving slowly.

Buy Ward's famous Bread at Bittner's Grocery.

JOHNSTOWN

Sells the Champion Cream Saver

THE NEW DE LAVAL

If you have ever owned a separator of any other make, there is one outstanding feature of the NEW De Laval that will appeal to you as much as even its mechanical superiority, and that is its simplicity.

You won't find any complicated, troublesome parts in the NEW De Laval. It does not get out of order easily, even when it is misused; and if for any reason you ever should want to take it apart, the only tool you need is the combination wrench and screw-driver furnished with each machine.

The NEW De Laval is the simplest cream separator made.

A person who has never before touched a separator can, if necessary, unassemble a modern De Laval machine down to the last part within five minutes, and then put it together again within ten minutes. This is something that cannot be done outside a machine shop with any other separator made, and any separator user who has ever had to wrestle with the complicated mechanism found in other separators will appreciate what it means to him.

Only tool required

Don't fail to stop in and see the NEW De Laval the next time you are in town. Even if you are not in the market for a separator right now, come in and examine a separator that is said by experts to embody the greatest improvements in cream separator construction in the last thirty years.

WEDNESDAY

Right in the midst of everything—a sudden thought: "Wonder how the fire is?" Then, it's leave your sweeping, run downstairs, rake and shake, shovel coal and trudge back again. Wouldn't it be fine to go right ahead and forget about the kitchen? *It certainly would!* And you can.

NEW PERFECTION OIL COOK STOVES

have brought a new kind of sweeping day—a new kind of every day to thousands of busy housewives.

A Perfection Oil Cook Stove will come into your kitchen and lighten your burdens. All you do is strike a match and "put on the things."

You can regulate the heat exactly as you want it. It stays that way without watching. You'll be specially interested in the fireless cooker and the separate oven. Look up the dealer near you who sells Perfection Oil Cook Stoves.

THE ATLANTIC REFINING COMPANY Philadelphia and Pittsburgh

Another important thing is that Perfection Oil Cook Stoves burn the most economical of fuels—kerosene. There's a difference in kerosenes—not a price, but a quality. To be sure of getting perfect results, ask for Rayolight Oil. It's so highly refined and scientifically purified that it always gives an even, intense heat without sputter, smoke or smell. Driving It Home!

Let us drive home to you the fact that no washwoman can wash clothes in as sanitary a manner as that in which the work is done at our laundry. We use much more water, change the water many more times, use purer and more costly soap, and keep all the clothes in motion during the entire process.

It is simply a matter of having proper facilities.
