TO MY PATRONS—

It is with great pleasure that I announce the showing of "THE CRISIS," and I know that each one who will see this picture will be more than pleased with my efforts, as I am striving to get and show only the very best pictures the market affords. I sincerely hope you will see "THE CRISIS" and would suggest that you secure seats in advance which are on sale at the Box Office and at Thomas' Drug Store.

L. PAUL GOLLER, Mgr.

Pure Pickling and Cider Vinegar 25c per gal., at— Habel & Phillips

16 to 1 MATCHES

How many of you have cussed out the sixteen-to-one match—strike sixteen to get one light—which has recently made its appearance in the American market? With about 59 of its companions it comes in a box bearing a yellow label with a three-masted schooner imprinter thereon, and along the sides reads, "Made in Sweden." It is of the safety variety, and it certainly does not belie its name for it is about as safe as a toothpick. A man pays one cent for a box and jeopardizes his salvation every time he tries to light his cigar. Its flame is as fleeting as a Presidential decision, and the Presidential signature to the present Tariff law which reduced the duty on matches 50 per cent is responsible for its presence in our market. It is a Democratic match.—Bath (N. Y.) Courier

CIVIL SERVICE EXAMINATION

The United States Civil Service Commission announces that an open competitive examination will be held for the examination of Clerks and City Carriers in the Post Office at Meyersdale on Saturday, September 22, 1917. The branches to be examined in are spelling, arithmetic, letter writing, penmanship, copying plain copy and reading addresses.

Applicants must have reached their eighteenth but not their forty-fifth birthday on the date of the examination. The age limits are waived, however, in the case of persons honorably discharged from the United States military or naval service by reason of disability resulting from wounds or sickness incurred in the line of duty. Eligibles resulting from this examination who were under 21 years of age on the date of the examination will not be certified for filling vacancies in the position of assistant postmaster.

Male applicants must measure not less than 5 feet 4 inches in height in bare feet. No male applicant who passes the examination will be eligible for appointment either as clerk or city carrier who does not weigh at least 125 pounds without overcoat and hat. It will be inadvisable for male applicants whose normal weight is less than 125 pounds to enter the examination. Female applicants are not required to be of any specific height or weight.

Each applicant will be required to submit to the examiner on the day of the examination a photograph of himself, taken within two years, securely pasted in the space provided on the admission card sent him after his application is filed. Tintypes, group photographs, or proofs will not be accepted.

Married women will not be admitted to this examination, regardless of whether or not they are separated from their husbands and are supporting themselves.

This examination is open to all citizens of the United States who meet the requirements.

From the eligibles resulting from this examination it is expected that certification will be made to fill existing and future vacancies.

For application blank (Form 1371) and "Instructions to Applicants," address the secretary of the board of United States civil-service examiners

at the post office at the place of employment or the place of examination named above, or the district secretary at the address below.

No application will be accepted unless properly executed and filed with the district secretary in time for him to arrange for the examination. Sec. Third U. S. Civil Service District, Post Office Building, Philadelphia, Pa.

THE FARMER'S SIDE

Montana Record Herald.  
The price of wheat has been fixed to protect the consuming public of America and to insure the farmer a fair return. As a matter of fact, as the thing stands it affords greater protection to the consumer than it gives a fair return to the farmer. If conditions were normal \$2 for wheat would be a wonderful price. This year a short crop, an unusual initial expense of planting due to the cost of seed and the enlarged area, much of which failed to give a return, and the later high cost of harvesting makes \$2.20 in Chicago a figure on which some will lose money.

FOR DIRECTOR OF THE POOR  
J. W. PECK

of Summit Township  
Subject to the decision of the Republican voters, at the Uniform Primary Election to be held on Wednesday, September 19, 1917 34-6

The Swedish minister at Buenos Aires may be a German tool but if so, he needs a trip to the grindstone.

Mild September smiled yesterday and said she was only foolin' with that cool spell last week.

Perhaps the Kaiser has promised Sweden Finland.

Just received a carload of the Celebrated Hammond Dairy Feed \$2.70 per hundred or cheaper by the ton at— Habel & Phillips

TEACHERS SHORTAGE SERIOUS

Mt. Pleasant township has been forced to postpone the opening of the school until Sept. 10, a week later than originally planned, on account of the shortage of teachers.
