#### ARENA SHOWS HERE ALL NEXT WEEK

A great of anticipation of the arrival of the Arena Shows, known as the shows "DeLuxe," is being manifested by both the young and old, which are to arrive here next Monday morning and which are to be exhibited on the base ball grounds for the benefit of the Meyersdale Fire Department.

These shows come here with a reputation of being the clearest and most up-to-date traveling company on the road. They have been playing all the leading cities of the country and are booked to be exhibited in Cumberland after their visit here. Each and every one of their attractions caters to ladies and children and their shows have been boosted by all the news critics in towns where they exhibited as being the most model company on the road.

All their attractions will be thrown open to the public on Monday evening when the Jubilee and Madri Gras will commence and will continue until Saturday evening when the shows will entrain for Cumberland.

Among the features carried by the Arena Shows is the \$22,000 Merry-Go-Round which has been built especially for this company and it has been the talk of all cities where it has been exhibited. The Monkey Speedway will be a novel feature where one can see real live monkeys trained to operate miniature automobiles, racing upon a portable track. Each auto is equipped with a small motor and these monkeys regulate the speed, etc. as well as some of our best drivers. Next one sees the Circus Side Show which is the largest ever carried by any traveling company. Then comes the Hawaiian Village with real native singers and musicians playing and singing their native songs. The Stampede will also be a novel feature which is called a real story in true life of the Golden West. In the Athletic Show one sees a physical culture treat, and a trip up in the largest ferris wheel will be taken by many thousand of the visitors.

The Meyersdale Fire Department has spared no time and expense to make next week a gala one for their many friends and they have arranged for special free features for each evening. On Friday evening prizes will be awarded to the winners of the various contests including the

Popular Girl, Popular Baby, Popular Boy, and Homeliest Man. Already much interest is manifested by the different contestants and every person in the county will be given a chance to vote for their favorite candidate.

#### J. J. SNYDER

Mr. Snyder was interviewing the voters of this section on Tuesday regarding his candidacy for re-election as Director of the Poor and is meeting with much encouragement.

He is at present a member of the Board of Directors of the Poor and during his term the business of the Board has been reduced to a system and consequently a large sum of money has been saved to the taxpayers, and promises, if elected, to continue the same system and economical administration.

He is well known throughout the county and his friends are very zealous in his behalf.

We will have a carload of fine yellow free stone Peaches the early part of next week, send us your order—

#### J. W. PECK

Mr. Peck is a candidate for Director of the Poor and is supported almost unanimously here where best known.

He served some time in the position and was a very careful and painstaking official.

He is qualified to fill the position by reason of education, good judgment and strict integrity. He is one of Summit township's most progressive farmers, not a politician, but always takes an interest in any measure that will advance the interests of the farmer or laboring man.

His election would be an advantage to the people of the county, as it would mean the fair, honest and economical administration of the affairs of the Poor District of Somerset County.

## Weed Skid Chains

The ONLY Positive Safeguard Against Skidding

Safety demands that all tires be equipped with Weed Chains. It doesn't require the gift of second sight to see why this is true. Rubber slips—never grips. It slides on wet pavements and roads like a cake of soap on the moistened hands.

Rubber lacks the bite-and-hang-on ability to prevent skidding, while Weed Chains hold on like a bull dog, prevent side-skid and drive slip. Equip both front and rear tires with Weed Chains. Do it today—before it's too late.
