Driving It Home!

Let us drive home to you the fact that no washwoman can wash clothes in as sanitary a manner as that in which the work is done at our laundry.

We use much more water, change the water many more times, use purer and more costly soap, and keep all the clothes in constant motion during the entire process.

It is simply a matter of having proper facilities.

ST. PAUL

Mrs. L. N. Wilson received a message on Wednesday evening of last week that her father, Mr. I. W. Weaver, was dead. She and her husband, the Rev. Wilson, and their son, Paul left at once for the home of her parents who resided in the city of Lancaster, Pa. Mr. Weaver's death was caused by a stroke of apoplexy. Mr. Weaver and his wife spent several months at the parsonage here, this summer. The paining fence in front of the Reformed Church property was built and painted by Mr. Weaver during his stay and will doubtless stand as a monument to his painstaking effort for many years. The fence is an excellent piece of workmanship and a great improvement to the church property.

It has been only a few weeks since Rev. L. N. Wilson was called to Kansas to be present at the funeral of his father who had died in a hospital in Kansas City.

Rally day services as announced last week were postponed to Sunday November 4, at 1:30 p. m., due to the absence of the pastor.

ECONOMY US. PARSIMONY

This Fall make your every purchase tell true. Do not confuse parsimony with economy—consider "how good" not "how cheap"—buy clothes that will last and not look the worse for wear; clothes that will not compel additional purchases before the season's end—that is economy. Guide yourself accordingly in everything you buy.

To attain this end, men find
