Driving It Home!

Let us drive home to you the fact that no washwoman can wash clothes in as sanitary a manner as that in which the work is done at our laundry. We use much more water, change the water many more times, use purer and more costly soap, and keep all the clothes in constant motion during the entire process.

It is simply a matter of having proper facilities.

To America's **Workers**

OUR Republic now finds it necessary to ask Americans to contribute to another Liberty Loan. Our country is at war to maintain, to defend the basic principles upon which our free government is established.

Our country calls for service. Each and every man, woman, and child has a personal duty to perform—an obligation accompanying the opportunities freely accorded all. Some have offered and are giving their lives—others their abilities—but all can and should contribute money in accord with their means. It may mean savings—economies practiced in the spirit of patriotic and temporary sacrifices. And yet it is the safest investment in the whole world.

The need is acute—money is the sinews by which we "carry on" the war program. We must not—dare not fail, in an undertaking that means so much to all humanity.

Workers of America—you have as much if not more at stake than any other group of citizens. You are urged to subscribe as generously to this loan as is within your power.

Do all that you can for the common cause of democracy and freedom of the world over.

Sam Simpson

I, The Bond

I'll open the way to a war-free world,
I'll make the might-ruling rulers cease,
I'll see a Liberty flag unfurled,
I'll lead the Allies to Honor peace.

I'll send more ships, more men, more guns,
I'll whet death keen a steel-strong knife,
I'll cut to ground the Goddess Huns,
I'll go for you—for Freedom's life.

Letters To The Editor.

FROM A MEYERSDALE REPUBLICAN SUBSCRIBER.

What is wrong with old Livengood that he gives you such dirty rubs in his paper? He just reminds me of some small boy that is jealous of his playmate's toys. I am tempted some times to write to him and ask him whether he was brought up to live up to the golden rule: Do unto others as you wish to be done by—live and let live. I don't think he has anything to say about getting the sheet out on time, as he calls it, for we never get his sheet when we should have it—always three or four days late and not much in it when it does come—so that I think he had better clean his own house before he starts to clean anybody else's. I don't think he will make many friends for himself by the way he is doing. I would say if you people owe him anything, "Pay him," then tell him to keep his mouth shut.

I am going to subscribe for your paper just as soon as I can get around to it, but it just keeps a person busy buying Liberty Bonds and Thrift Stamps and the like that, it seems, I can't get much change ahead.

If you want to make an item out of what I said about old Bill Livengood and put it in your paper, all right, for I think he should have a rub down of some kind.

You can sign my name "Fritz" if you like.

(Editor's Note. As Editor of the Meyersdale Commercial I would say that William may consider his ravings about Herman and Eber a business proposition. Our experience up to this time has been very limited, and we do not know whether such rampings as those indulged in by our neighbor of the Republican are a financial success or not. But in the mean time we expect to keep on sawing wood, printing a newspaper or whatever else you may call it. WE believe there is room enough in the world for "Billy" and us. Some day we hope he will even be willing to lend us a man for a minute or two during the meal hour, if we need him to help us out in our inexperience. The time may come when we will be able to return the favor.)

THE TWO BILLIES.

By Our Boy Bard. (Aged 13 years.)

The first Billy is Kaiser Billy, the other one is Billy L. The first Billy is kinda hilly, and the second Billy likes to yell. Kaiser Bill is a ruler and he wants to rule the world; He isn't much more than a fooler who would like to have furled Every banner in the world except his own petted flag. To catch him we will have to use a snag, For he is as I said pretty hilly And when he is caught that will be the end of Kaiser Billy. Billy L. is an editor who sports around the street But there's two special persons that Billy L. don't like to meet. Billy prints a paper, a republican is he, He'd like to cut a caper over Mr. Herman G. Billy L. does lots of harm, but only to himself; His presence wouldn't grace a barn for he is but a puny elf. For those who don't know who Billy L. is, he's Billy Livengood, And he'd better keep his noisy fizz under his business hood.

Sells the Champion Cream Saver

THE NEW DE LAVAL

THERE is no machine made in which proper lubrication is more vitally important than it is in a cream separator. A separator that is not properly oiled will turn hard and soon wear out.

The old-fashioned method of oiling through a number of little holes with a squirt-can was unsatisfactory for the reason that some users would oil too much and too often, while others would not oil often enough.

The NEW De Laval is automatically oiled

You don't have to fuss around a NEW De Laval with a squirt-can. Simply keep the sight-feed lubricator on top filled with oil and the automatic oiling system will see that every gear and bearing in the machine has just the right amount of fresh, clean oil at all times.

The automatic oiling system saves time and saves trouble, makes the machine run easier and adds years to its life.

The De Laval oiling system has been greatly improved by the addition in the NEW De Laval of an automatically oiled neck bearing and the consequent elimination of the tube that formerly carried oil to this most important part.

There has never been a cream separator that embodied so many improvements as the NEW De Laval.

The new self-centering bowl with its improved milk-distributing device, and the bell speed-indicator which insures operation at the proper speed, are two of the greatest improvements that have ever been made in cream separator construction.

Come in and see the NEW De Laval.
