RED CROSS WAR FUND

(Received too late for insertion last week.)

To the Managers, Captains, Solicitors and Workers:

I take this opportunity through the medium of the press of expressing my sincerest appreciation and deepest gratitude for the zeal, enthusiasm and earnest efforts manifested by the workers of all the districts within our jurisdiction in raising the magnificent sum of over \$60,000.00 for the Second Red Cross War Fund. So far as we have been able to learn, every district has gone "Over the Top," and some quite handsomely. This work was all done by people who were already overwhelmed with war activities, and it most clearly demonstrates the fact that you want busy men and women if you want the best service.

The number of contributors has been quite large, which is very gratifying, for it binds the hearts of the people to the Government, and proves to the boys at the front that the people at home are willing to sacrifice with them, in winning this war.

We have not been able to complete the report of the county on account of some of the districts being far away, but hope to have a full report by next week.

Again with thanks to all workers and contributors, I am,

Very truly yours,
JACOB J. WALKER,
Campaign Manager.

SOCIALISTS BEGIN CAMPAIGN FOR A GREATER PARTY.

C. WILLIAM THOMPSON, STATE ORGANIZER, HERE FOR MONTH OF JUNE—ENROLLING NEW MEMBERS DAILY

Somerset County Socialists have launched the biggest organization drive in the history of the party in this district. C. William Thompson, State Organizer, Socialist Party of Pennsylvania, arrived in the county last Thursday and in conjunction with the officers of the local organization mapped out plans for an active organizing campaign that will run during the entire month of June and will reach every nook and corner of this district. Already Mr. Thompson's work is having its effect and new members are being enrolled daily.

Arrangements have been made for several public meetings which are announced in another column of this paper. These meetings will be a treat and no forward looking citizen should fail to attend them. We need not eulogize Thompson. He is one of the best. He is a young man of unusually wide experience and possesses an intimate knowledge of conditions throughout this country and the world.

C. WILLIAM THOMPSON

When but nine years of age he started to earn his own living by selling newspapers on the streets of a great industrial centre. At the age of fourteen after one year in high school, he was compelled to give up school work entirely and entered the employ of the Standard Oil Company, working in the head offices at 26 Broadway, New York City.

In 1909 Mr. Thompson went to Nebraska and resumed his studies under direction of some of the ablest members of the faculty of the State University at Lincoln. While pursuing his studies he worked at all the varied jobs that come to the hand of the self-supporting student and also found time to take an active part in religious and social service activities. During 1911-12 he was Assistant Boy's Secretary in the Lincoln Y. M. C. A., resigning to devote his whole time to newspaper, organization and lecture work for the Socialist Party. He has lectured for Socialism in Nebraska, Iowa, Colorado, New Jersey, Maryland, and Pennsylvania.

In 1913 Mr. Thompson established the York Labor News, at York, Pa., which has since become one of the foremost Socialist and labor papers of the State. He is now touring Pennsylvania under direction of the State Committee of the Socialist Party.
