Sells the Champion Cream Saver

THE NEW DE LAVAL

USE the same good judgment in selecting a cream separator that you would in making any other investment. Before you buy a separator, there are certain things that you ought to know about it.

- Will it skim clean under all conditions?
- Will it deliver cream of uniform thickness?
- Does it run easily and require little or no attention?
- Is it simple, so that it will not continually be getting out of order?
- Is it easy to clean?
- Is it built to last?
- Most important of all,

What do people who are using it say?

The man who is using a machine is the man who can tell you the truth about it. We'll be glad to give you the names of a number of De Laval users right around this town—some of them men who formerly used separators of other makes. See these men and ask them why they changed, and what they think of the De Laval. It will be worth your while to do so.

The NEW De Laval has every good feature of the older machines and many more besides, such as the new self-centering bowl which gives greater capacity and skimming efficiency, the bell speed-indicator which insures operation at the proper speed, and the improved automatic oiling system.

We'll be glad to let you try out a NEW De Laval on your own farm before buying.

FOURTH ANNUAL CHAUTAUQUA

AT SLICER FIELD, JUNE 28, TO JULY 3, 1918.

BLAND AND HIS ORCHESTRA

Bland is to the orchestra what Creator is to the band. Bland's name heading a company assures a crowd. But Bland himself appearing with his company means standing room only. The Bland stamp is a lively, snappy variety of music, which sends everyone home feeling good. This is Harrie Bland's seventh year with the Lincoln system. He has toured all the circuits, and some twice, appearing in seventeen states, and giving over a thousand programs.

Director Bland will be heard in a new feature this year, a singing band in the afternoon and an orchestra at night, with appropriate costumes, and presenting a program made up of quartettes, duets, solos, in voice and brass. This day, the fourth, should be one of the big musical events of the week.

Hours 10 A. M. to 8 P. M.

UNITED DOCTORS SPECIALIST

Bring the knowledge of a Great Medical Organization and

Their Experience in the Successful Treatment of

Thousands of Chronic Disease Cases

OFFER SERVICES FREE OF CHARGE.

Licensed by the State of Pennsylvania.

The United Doctors is an organization of reputable, licensed, physicians for the treatment of certain diseases.

They are all specialists. The United Doctors treat, without Surgical Operations or hypodermic injections, diseases of the blood, skin, and all internal organs, rheumatism, sciatica, tape-worm, leg ulcers, weak lungs and all long standing, deep seated diseases.

Thirty-five years' experience and the complete records of thousands of cases successfully treated prove that the methods of the United Doctors are right. They were among the first to be called "Bloodless Surgeons."

Each member of the United Doctors staff has at his command the knowledge and resources of the whole organization.

Many people go on suffering from diseases that can be alleviated just because they cannot afford to go to high priced specialists at a distance from home.

No community has a sufficient number of sufferers from the diseases mentioned to support special hospitals for their treatment and cure.

The United Doctors have solved the problem. Their highly trained specialists travel from place to place. They diagnose and prescribe a course of treatment for the sufferers in each community and teach them how to take care of themselves at home.

Worn-out and run-down men or women, no matter what your ailment may be, no matter what you have been told, or the experience you have had with other physicians. If your case is incurable they will tell you so. Consult him upon this visit. It costs nothing.

Married ladies must come with their husbands and minors with their parents.

Laboratories, Milwaukee, Wisconsin.

Driving It Home!

Let us drive home to you the fact that no washwoman can wash clothes in as sanitary a manner as that in which the work is done at our laundry. We use much more water, change the water many more times, use purer and more costly soap, and keep all the clothes in constant motion during the entire process.

It is simply a matter of having proper facilities.

are busy on a new opening on the Newman farm, and they expect to be shipping black diamonds in the near future. Earl says there is only one difference between digging coal and digging dirt out of a watch—it takes larger tools for the former job.

Jaok Hawke, of Confluence, who for a number of years had been Chief of Police, up to about two years ago, is back again on his old beat, having resumed duty Sunday, June 16th. The first crack out of the box Jack caught two autoists who were "speeding" within the borough limits, and arrested them. Jack is on the job at all times.

The P. O. S. of A. boys have

brought to town a large flag pole which will be put up at the Diamond. July 4th the local organization will run up the stars and stripes, which will float over the center of our town as a symbol of the community's loyalty in the world war for democracy. An appropriate program has been arranged for the occasion, when Mr. W. H. Coughenour, a member of the organization, will deliver the main address, and other patriotic exercises will be carried out.

Can you beat it—The Commercial weekly at \$1.25 per year?
