Practical Suggestions on Crime Problem

TOM AND MARY were playmates

I in childhood, sweethearts in high school, and all but engaged when he went to sea. It had been a distress-ing parting, not at all in the romantic picture, for Mary was just a little doubtful. Nate Allen, the slim and well-dressed newcomer, had told her so many things of another world and had paid her so much flattering attention that, for the first time, she wandered concerning her fooling for wondered concerning her feeling for Tom. Then Nate had shipped on the same ship with his rival. He was a

same ship with his rival. He was a radio operator and Tom an engineer. "That is it," she said to herself, "in every way Nate is just a little more romantic than Tom." She took her troubles to Captain Wilson who smoked a short pipe and listened in silence until she was through. "So Tom's not fancy enough for you, hey? And don't forget you've known Tom a long while and he stands knowing and," Cap Wilson poked a warning finger at her, "Don't go to confusing the standard of the standard new interest with real affection.'

Still Mary was troubled.

"First thing you know," Cap continued, "you'll be telling me you don't like the way my trousers are pressed. that I oughta have a new lid. I wish your dad was here to

At her indignant departure the old son, and Mary's a skipper's daughter. The whole country read of the wreck and the wireless man who stuck to his post. To Mary it came as an answer to her question. She saw Nate as a hero, pictured him going over the side with the captain, the last men to leave the ship, and waited anxiously for the day to come when the hero would return. And Tom? Of course she was glad he was safe, but the romance was all with Nate. It was then Cap Wilson made it his business to waylay her. He walked up as she was seated on the beach, as were many of the women whose men were on that ship, waiting for a sign of the freighter which was bring-

ing them back.
"That Nate," Cap began, "sure "That Nate, Cap began, here. He lived up to the traditions of grand style and I'm proud of him," Mary looked her gratitude. It was fine of the old man to admit his mis-

There must be somebody furnishing the kick, the juice, the electricity. That's the way about a lot of things. Somebody makes a big hit, and deserves it, and somebody else, who did the work to make it possible, never gets the chance to step out from behind the curtain which hides them." "Cap Wilson, what are you trying to say?"

"Who, me? I was just picturing that wreck. Here was Nate up his radio room above decks where could see what was going on. If t ol' ship took to lighting, he knew it.

THE GULLS' SONG

"Come Sea Gulls, and listen to the song," said Mrs. Sea Gull, All the sea gulls came around and then they all rested on the top of the waves while Mrs. Sea Gull sang this song:

Let's sing a song, a song
As we fly, fly along.
Let's wave to the people on boats,
And sing for them shrleking notes,
Let's whisper sweet words to the
waves,
And laugh when the old wind raves.
We can fly o'er the sea, the wonderful

sea, And so we should happy be, happy be. Oh, life can never be dull, When one is a strong sea gull!

Mrs. Gull paused for a moment, and then she said:
"Now, Sea Gulls, I will teach you the chorus, which we will always sing twice. Here it is:

It's joyous to fly In the air so high, And 'tis wondrous bliss The great waves to kiss. The sea gulls all sang this song until they knew it by heart, and every time they sang the verse they sang

I. Who Is Cur Heavenly Father?

(Genesis 1:1, 27). He is the Almighty God who cre ated the universe. God was before all things. "Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou from everlasting to everlasting, thou art God." The universe came into being by the will and act of the personal being called God. Man himself is a creation of God. He was created in the likeness and image of God. God is the infinite and perfect spirit in whom we live and move and have our being. He is omnipotent, omniscient and om nipresent. He was not only before all things, but the cause of all things.

II. What the Father Does.

1. He loves us (1 John 4:9, 10). This love was expressed by sending His only begotten Son into the world that we might live through Him. He not only loves the redeemed, but He loves the world (John 3:16). In the sence of His being God is love

He gave His only begotten Son that

we might live through Him.
3. God preserves us (Ps. 103:1-14).
The preserving mercy of God embraces the following gracious beneficial acts:

(1) He forgives all our iniquities v. 3). This He is able to do because f the righteous provision He made for sin in the atonement wrought out by Jesus Christ.

(2) He healeth all our diseases (v. This healing refers to the body (3) He redeemeth the life from destruction (v. 4). Redemption implies the payment of all demands against

(4) He satisfieth thy mouth (v. 5).

(4) He satisfieth thy mouth (v. 5). This means that God satisfies all legitimate desires so that youth is renewed like the eagle's.

(5) He exect is righteousness and judgment (vv. 6-12). The wrongs of life are righted and man is thus relieved of their burdens.

(6) He pities His children (vv. 13, 14). The pity of an earthly father for his children is but a faint suggestion of the sympathetic heart of the loving God, our Father.

III. Our Responsibility to the Heavenly Father (Matthew 6:24-34).

Christ came to reveal the Father.
