

BOSTONIANS

Shoes for Men

Men who wear Bostonians (and over two million do) are rarely known to make a change. They have discovered a rare combination of comfort and style that is seldom duplicated at such a modest price. If you don't know Bostonians, be sure to see the new Spring styles that have just arrived. Mostly \$7 to \$10.

Just received a new assortment of all the latest shades in LADIES' SILK HOSIERY at these very attractive prices.

\$1.00, \$1.25, \$1.65, \$1.75 and \$2.00

FARM CALENDAR

Avoid Market Losses—The market discriminates very severely against ram lambs and against all lambs that have not been docked. Castrating and docking are simple operations and easily performed while the lambs are young.

Grow Berries in Garden—Strawberry growing is an important part of the home operations. This fruit yields a large quantity in a small space and gives quick returns. Where

garden space is limited strawberries can be worked in with vegetables.

Put Feed in Hoppers—From a sanitation standpoint it is far better to place all grain and mash for chicks in hoppers or boxes than in litter or on the bare, filthy ground. Diseases and parasites can be spread easily through feed which comes in contact with filthy litter or ground.

Asparagus is Popular—Asparagus heads the list of vegetables for earliness. This vegetable is growing rapidly in popularity, the average having increased four times what it was in 1923. It is a sure crop each spring and is available every day for a period of 8 to 10 weeks.

Observe Egg Week—National Egg Week is being observed from May 1 to 7. This is the fourth year that this national egg celebration has been staged. The products of American hens yearly exceed \$1,250,000,000, and poultry is the sixth most important industry.

Feed Grain with Pasture—High-producing cows need grain even when on good pasture. Early pasture grass is high in protein, so grain mixtures should not contain more than 15 percent protein for best results.

Hello, Folks!

I am back again at the same old stand under the Citizens National Bank. I am prepared to give you first class service at all times.

KEYSTONE FARMERS GROW MANY TURKEYS

Thanksgiving Day is coming and several Keystone farmers are preparing for the needs of the celebration. H. H. Kauffman, assistant poultry extension specialist of the Pennsylvania State College, reports.

Among the turkey growers of the state are a number who are feeding large flocks this year. Robert W. Lohr, Boswell, has 2500 birds of the Bronze, Bourbon Red, White Holland, and Narragansett varieties; Montcalm Farms, Phoenixville, have a flock of 2000 Bronze birds; Ernest Beck, Rockwood, is feeding 1000 Bronze turkeys; Bird Brothers, Meyersdale, have nearly 800 in their flock, and Walter Shearer, Vinemont, has a flock of 1000 turkeys.

Merge Two Forestry Schools of State

Announcement has been made by Charles E. Dorworth, Secretary of the State Department of Forests and Waters, of the merging of the State Forestry School at Mont Alto with the department of forestry at the Pennsylvania State College. In the move State authorities see opportunity to effect substantial economies, enlarge professional and practical opportunities for the faculties and students and make possible the development of one strong, outstanding forestry school of State College.

Plans have not been completed for conducting the work of the combined schools, except that the freshmen and sophomores at both institutions will join for summer camp in June. Students at Mont Alto will be enrolled at State College in the future where they will have opportunity to pursue the specialized courses offered in lumbering, wood, utilization, city forestry, forest research, soils, pathology, entomology, range management, and the chemistry and engineering of forest products. There are now about 80 students at the Franklin County institution, and about 90 at State College.

Dairy Cooperatives

Reports on file with the United States Department of Agriculture show that in the year 1927 there were 2,479 cooperative dairy associations in the United States which did a business of \$640,000,000. This is an increase of 140 per cent over that done by dairy organizations in 1915. The most conspicuous growth in the marketing of dairy products cooperatives has been in the three states of Minnesota, Wisconsin, and Iowa, where 41 per cent of the creamery butter manufactured in the United States is produced. Reliable estimates indicate that 60 per cent of the creamery butter coming from these States is manufactured cooperatively.

Poultry Ranks High In Farming Industry

Calling attention to the observance of National Egg Week, May 1 to 7, the National Poultry Council reports that the value of the products of American hens yearly exceed \$1,250,-

000,000. Poultry farming ranks as the sixth most important agricultural industry.

In Pennsylvania more than 19,000,000 hens annually produce about 118,000,000 dozen eggs. This state ranks high in the poultry industry, being eighth in the number of chickens and seventh in the production of eggs according to 1920 federal census.

Personal

M. J. Kerrigan, of Connellsville was a town visitor with relatives and friends Wednesday of last week.

Mrs. Sue Liston, who had been spending the winter with friends near Pittsburg has returned to Meyersdale and is living in the home of Mr. and Mrs. William Keefe on Meyers avenue.

Miss Mary George, of Detroit, Mich., spent the past week here at the home of her brother-in-law and sister, Mr. and Mrs. Robert Ellis, of Centre street. She also visited relatives and friends in Cumberland, during her stay here.

Mr. and Mrs. Charles Sanders, and son Jack spent Thursday last in Cumberland.

Miss Kathaleen Riley of West Salisbury was a visitor here Wednesday last.

Mr. and Mrs. William Grasser, and children spent the past week with relatives in Somerset.

Mrs. Charles Sanders and little son Jack, are spending a few days of this week at the home of her brother-in-law and sister, Mr. and Mrs. Walter Jones, at Somerset.

Mrs. Ward Dull was called to Ursina, from her home in Meyersdale, on account of the serious illness of her mother, Mrs. Emma Younk, who died later.

The trumpet and drum corps and a number of the members of Charles E. Kelley Post, No. 112, American Legion, as well as the Salisbury drum and corps and post, attended the "Forty and Eight" celebration at Windber, Wednesday evening of last week.

Mr. and Mrs. Charles Walters, of Somerset, were Meyersdale visitors several days last week at the home of Mr. and Mrs. Dallas Fike, of Beachley street, South Side. Mr. and Mrs. Walters are both natives of Meyersdale, they having spent their childhood days here.

Frank Wambaugh and son, Harold, of Somerset, formerly residents of this place, attended the evangelistic meetings that were held here in the Church of the Brethren, South Side, last week.

Misses Emma and Kate Olinger, who spent the winter at St. Petersburg, Fla., and sister, Mrs. H. M. Cook, who had been with them for the past two months, have returned to their home here. Their many friends were glad to have them return home.

Harry Williams, who came here last Monday from Pittsburgh, to bury his wife, who was interred in the Union cemetery, remained here with friends for a few days. He returned to his home in Pittsburgh the latter part of the week.

Mr. and Mrs. Frank Miller, of Salisbury, were Meyersdale visitors, Saturday.

Mr. and Mrs. George Wagner, daughter, Catherine, and son, Bernard, of Meyers avenue, motored to Altoona, Saturday morning and spent the day there visiting relatives and friends.

Mrs. Charles Dahl and daughter, Elizabeth, left Saturday for a few days visit with relatives and friends in Cumberland, Md., and Lonaconing.

Mr. and Mrs. Donald Lobb and little daughter, Beverly, of Cleveland, Ohio, arrived here Saturday night, to spend the week at the of Mrs. Lobb's mother, Mrs. John Darrab, Sr., of Light street.

The annual class play of the Senior Class of the Meyersdale High School, will be held in the Auditorium on Broadway, Thursday evening, May 16th.

THE NEW SILENT KELVINATOR

New Steel Model for only **\$195** installed complete in your home

Equipped with New Silent Mechanical Unit—New Flexible Rubber Tray for Ice Cubes—Fully Automatic Control

A year ago, Kelvinator, pioneer manufacturer of electric refrigeration, startled the industry with the announcement of a complete self-contained Kelvinator at the astonishingly low price quoted above.

Today thousands upon thousands of these moderately priced Kelvinators are in service in American homes and apartments—meeting every refrigerating need with the economy and reliability that has been synonymous with the name of Kelvinator for the past 15 years.

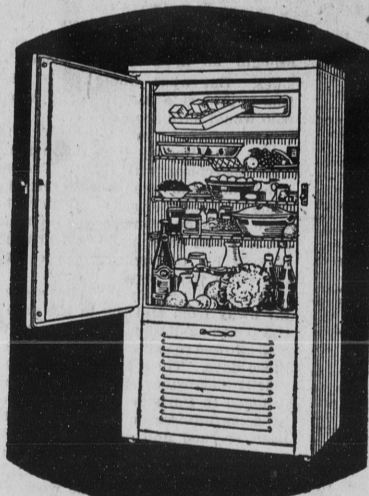

Now, with no increase in price, Kelvinator brings you new and even greater advantages in silent operation, efficiency, economy and convenience at a cost so low as to permit immediate enjoyment of electric refrigeration in your home. In this low-priced Kelvinator, you will find every important advance incorporated in the larger and more costly Kelvinator models.

It is fully automatic, operating without attention or regulation on your part. The Kelvinator Cold Keeper acts as a steady reservoir of cold. A temperature never high enough to permit harmful bacterial growth—never low enough to freeze or spoil your food.

It is SILENT. Kelvinator has the quietest mechanical unit ever placed in an electric refrigerator. Standing close to it, you cannot hear it running.

It includes as standard equipment, the new flexible rubber tray for ice cubes that obsoletes the "water-faucet" method of removing cubes.

And its staunchly-built, artistic cabinet gives exceptionally generous food capacity, with nearly nine square feet of shelf space.

GRACEFUL DESIGN—Kelvinator steel cabinets inside and out, reflect the modern trend in design. Glistening white porcelain or enamel interiors, with wide rounded corners for ease of cleaning. The silent Kelvinator compressor is located in the base, thus placing all food shelves at arm level. No stooping necessary.

SEE THIS NEW SILENT KELVINATOR BEFORE BUYING ANY REFRIGERATOR

To appreciate Kelvinator's wide margin of value and leadership in beauty, convenience, in silent, reliable service, you must see the new 1929 models on view at our display rooms. Let us tell you how easily you may enjoy Kelvinator's many benefits now, making use of Kelvinators' attractive ReDisCo monthly budget plan.
