ADMIRAL'S ALLEGED PROMISES.

According to This Statement Our Naval Commander Distinctly Pledged the Faith of the United States to the Independence of the Filipinos.

Sioux Falls, S. D., July 23 .- A letter has been received by Senator R. F. Pettigrew from one of the leading commanders of the Filipino army in regard to the claims of the Filipino people as to the understanding that was arrived at between them and the Americans before the opening of hos-tilities in the Philippines. The writer is J. Alejandrino, who recently sur-rendered to the Americans. The letter, addressed to Senators Hoar and Pettigrew, says in part:

"Gentlemen: I have read in some
American papers that Admiral Dewey compelled by you and other senators, lovers of truth and justice, to answer whether he had made to us formal promises of independence, stated that he had 'never promised in ependence to the Filipinos.' I, who in the name of the Filipino people, and of Gen. Aguinaldo, and as a representative of his, have had the honor to confer several times with the admiral, make to you the following statements that you may use them as you should think

hostilities between America and Spain became imminent and in the absence of my chief, Gen. Aguinaldo, who was then at Singapore, I solicited through the American consul at Hong Kong, Mr. Wildman, to have some interviews with Admiral Dewey, with the object of continuing the interrupted negotiations between Gen. Aguinaldo and Admiral Dewey through Mr. Wood, the commander of the American gunboat Petrel. My petition was favorably received and I went with Mr. Andres Garchitorena, another Filipino, on board the Olympia in the Bay of Hong

"Once on board, the following interview in French took place through the flag lieutenant, Mr. Brumby, acting as interpreter:

"Filipino-'Admiral, having come to our knowledge that a war between your country and Spain is imminent, we, who have fought the latter for our independence, are willing, in obedience to the desires manifested by you to Gen. Aguinaldo, through Mr. Wood, to take part in the war as allies of America, so long as it be carried on with the object of freeing from the yoke of Spain her colonies, giving them their independence.'

"Admiral Dewey—'The American

people, champions of liberty, will un-dertake this war with the humanitarian object of freeing from the Span-ish yoke the peoples under it, and will give you independence and freedom, as we have proclaimed to the world at

'Filipino-'We are very grateful for this generous manifestation of the great American people, and being made through an admiral of their navy we value it more than a written contract, and thereupon place our-

selves at your entire disposal."
"Admiral Dewey—'I place at your disposal the ships of my fleet for the conveyance of both the Filipino leaders and the arms you may get. More-over, I think my government is willing to supply you with arms and am-"Filipino-'We are very thankful to

you for this new generosity of the American people, and you may be sure that we are ready to fight at your side for the independence of the Philippines, even without arms, as we have done during the recent revolution.

ticipated in Three, Winning But One-Tewksbury, of Pennsylvania Paris July 23.-The world's amateu championship contests in connection

with the Paris exposition came to a conclusion yesterday. Comparatively few Americans attended, owing to the fact that only three or four of their countrymen were announced to comreceived too severe treatment to tempt them to exhaust themselves in running losing races. Six events were decided. The Americans competed in three and won one, their only success

for the day.

The program began with the 116 meters hurdle race, A. C. Kranezlein, University of Pennsylvania, being made the scratch man. As the other Americans who entered were also pulled back, all declined to run. Rau, a German, with a 200 meters allowance, won. Pritchard, English, was second

and Klingelhoefer, French, third.

Three competitors stripped for the shot putting, the six Americans who had entered, including Richard Sheldon, N. Y. A. C., who was the scratch man, standing out. .Crettier, a Hungarian, with two meters allowance, was first, with 14 meters 201/2 centimeters: Basset, Frenchman, was second and St. Cyr, French, third.

Thirty entries were received for the 200 meters flat race, which followed, but only eight went to the starting post, two out of 13 Americans alone running. Two trial heats resulted, in which William J. Holland, University of Georgetown, and Walter B. Tewksbury, University of Pennsylvania, with Pritchard, of the English team, and Rowley, of New South Wales, qualifying. The final heat gave America her only victory of the day, and was the occasion of a magnificent tussle between Tewksbury, Pritchard and Rowley. Tewksbury beat Pritchard by six inches. Rowley was a good

Koppan, Hungarlan, with 35 meters allowance, won the second heat, Mazaud, French, with 25 meters allowance, being second. Holland was not placed. Werkmuller, German, with 40 meters allowance, won the third heat, Moulinet, French, with 35 meters allowance, being second. Hall won the fourth heat, Sevestre, with 30 meters allowance, being second. In the final Hall ran pluckly, but failed to overtake the big allowance man. He finished fifth. Koppan was first, Werkmuller second and Lemonnier

The last event and the final contest of the international sports, a team flat race of 5,000 meters, was disputed by England and France. Each team consisted of five picked runners, and the contest was decided by points caled at the finish. Many a woman has periodic crying spells. She meets her husband with eyes red and swollen and he cries out: "What has happened?". "Nothing" his wife replies. "I don't know what is the matter with me, but I just had to have a good cry." Men don't have crying spells. It would seem therefore that an affection confined to women must have its cause in the womanly nature. There its cause in the womanly nature. There is no doubt that a diseased condition of the delicate womanly organs, is in general responsible for feminine nervous-

ness and hysteria.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation, ukeration and female weakness. It makes weak women strong, sick women well.

Miners Vote to Go on Strike. Scranton, Pa., July 25.—Representa tives of the workmen of seven Delaware and Hudson collieries in North Scranton and Olyphant met here last night and decided to go on strike to-morrow if the company does not before that time accede to demands for a re adjustment of wages made by the drivers, runners and gate tenders. The strike, should it come, will throw idle 4,000 men and boys. If the contemthe men say all the Delaware and Hud-son collieries in this region, 28 in num-ber, will be closed down.

Not Favorable to Fusion. Indianapolis, July 25.—A committee of anti-imperialists and the national Democratic (gold standard) commit-tee will meet in conference here this afternoon. The indications this morn-
