Gone Up in Smoke. Buffalo, July 25 .- Fire last night destroved the Eastern elevator, which is situated on the island opposite the foot of Washington street. The elevator and its contents were valued at \$750,000, and are a total loss. The cause of the fire was not learned. There was no explosion preceding the

fire. Carpenters and painters had been at work in the building, and it is pos-sible that some one of them dropped a match. American Linseed company, who came into possession of the building only a few weaks are the building only a few weeks ago. Their oil works are situated within 100 feet of the burned elevator. When it was seen that there was no chance to save the elevator the firemen turned their attention to save adjoining property. Streams of water were played continually on the oil tanks and the buildings of the refinery. Fortunately the wind was blowing in an opposite direction, and this fact probably prevented a far more serious conflagration.

The fire was a difficult one to fight, as it started in the upper part of the elevator and gradually burned down-ward until the entire building was deelevator and graduant ward until the entire building was de-stroyed.
