FRANK C. ANGLE, Proprietor. Danville, Pa., Oct. 31, 1901

COMMUNICATIONS

All communications sent to the AMERICAN for publication must be signed by the writer, and communications not so signed will be rejected.

REPUBLICAN STATE TICKET.

FOR SUPREME COURT JUDGE. W. P. Potter, of Allegheny.

REPUBLICAN COUNTY TICKET.

FOR ASSOCIATE JUDGE. S. Y. Thompson.

FOR PROTHONOTARY. J. C. Miller.

FOR COUNTY TREASURER. Charles W. Cook.

REV. TWITCHELL ELECTED

First Baptist Church Unanimous in the Choice of a Pastor.

A congregational meeting was held at the First Baptist church, this city, last evening for the purpose of calling a pastor, to succeed the Rev. A. B. Bower, who vacated the pulpit some months ago.

Rev. L. D. Twitchell, of Lebanon Springs, N. Y., was unanimously elected and today will be informed of the fact by telegraph. Rev. Twitchell preached a trial sermon here on Sunday the 13th inst, making an excellent impression. It is believed he will accept the call. Rev. Twitchell is about 38 years of age, married and the father of three children.

Make an effort to get out every Republican vote.

Branch May Be Built.

The persistent rumor to the effect that the Pennsylvania railroad company intends to construct a branch road from Riverside to this city and thence along the abandoned canal to Berwick has, it would seem, a material foundation to rest upon. Some facts came to the surface yesterday, which while not designed for the public, nevertheless tend to confirm the rumor. Developments, here, that relate to the Pennsylvania railroad company will therefore be watched with little interest in the near future.

It is no secret that the construction of the branch described has been contemplated by the Pennsylvania railroad company for a year or more past. The survey was made during the summer of 1900, which included a topographical survey, leaving things in such shape that an estimate of cost could at any time be made. The "Harrisburg Independent" is authority for the statement that the contract for building the branch will soon be awarded.

There is said to be some doubt as to where the proposed branch may cross the river—whether at Sunbury, where the company already owns a bridge or at this place where one remains to be built. The fact, however, that there is a double track extending from Sunbury to Riverside, it is thought, will weigh in favor of building a bridge at this place. The point here for the bridge covered by the survey made is between Riverside and the lower end of the borough of Danville.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of men completely, and the whole system. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made at Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price, 75c per bottle. Hall's Family Pills are the best.

If every Republican makes one vote for the ticket the result will be tremendous. Just try it.

Shamokin Again Victorious.

The foot ball team of our High school met with another defeat at the hands of Shamokin on Saturday afternoon last. The game was played at DeWitt's park and attracted a good sized crowd. At the first sight of the visiting team, who are well developed athletic looking fellows, it seemed evident that our boys, who are less experienced, would meet with defeat. The score was 11 to 0 in favor of Shamokin.

Of the visiting team Thompson and Beard made touchdowns, while Farrow kicked the goal.

Leniger was the star player on the Danville side making several long runs. Frank Fisher, who played right half back in the Shamokin team, received a bruise upon the head during the game which knocked him out of the line for a while. He was assisted from the field and brought over to Harry Oliver, where he was treated by Dr. Curry. The injury sustained is not serious.

Convince yourself that Ely's Cream Balm deserves all that has been said of it as a means of quick relief and final cure in obstinate cases of nasal catarrh and hay fever. A trial size costs but ten cents. Full size, 50 cents. Sold by druggists or mailed by Ely Bros., 56 Warren Street, New York.

Mr. Olive, Ark., May 17, 1901. Messrs. Ely Bros.—Please send me one bottle of Ely's Cream Balm. I think it is the best medicine for catarrh in the world. Very respectfully, J. M. Scholtz.

NURSED BY CARRIE NATION

Interview With U. G. Smith Mrs. Nation Coming to Danville.

Our readers will be surprised to learn that during the six months or more past during which Mrs. Carrie Nation has been the subject of so much news and criticism, every line of which was eagerly read, that Danville has had in its midst as one of its most prominent citizens a gentleman who has known the "smasher" from way back, the relations of the two being, to use the gentleman's own words, almost those of mother and son.

Another disclosure, still more startling is the fact that Carrie Nation is coming to Danville—that she will arrive in the near future and will in all probability deliver a lecture.

The gentleman of our city who is so well acquainted with Mrs. Nation is U. G. Smith, formerly proprietor of the "Rocket store" and at present one of the manufacturers of the safety wagon skin or spindle.

Mr. Smith's name in connection with Mrs. Nation's came to the surface first in an article printed in these columns Saturday morning last, relating to a box of goods addressed to the "smasher" in Mr. Smith's care, which arrived at Williamsport last week.

Mr. Smith was seen later by a representative of the News. The box, he says, which has excited so much curiosity about Williamsport, contains souvenir hatchets, designed for Danville, but sent to Williamsport by mistake. Mr. Smith reached in his pocket and produced both the bill of lading and the invoice belonging to the box. It will be well taken care of at Williamsport, he explained, until the proper time when it will be forwarded to Danville. It is plain, therefore, that Williamsport so jolts over the prospects of a visit will be given the son-by and that it is Danville that will be honored with Carrie's presence.

Mr. Smith related how it happened that Mrs. Nation and himself became such warm friends. Many years ago, when still in his teens he lived in Texas. While canvassing in the town of Richmond, that state, where Mrs. Nation resided, he was taken very ill and was cared for at her home. He was confined to his bed for a long time but the good woman, he declares, was "more than a mother to him" and tenderly nursed him back to health.

In all the years succeeding, he says, there has not been a period of three months in which he has not received a letter from Mrs. Nation. To proof Mr. Smith drew a package of letters from the inside pocket of his coat, nearly all of which were from Carrie. One was written while in jail at Topeka, Kan. All were couched in the most friendly terms, and contained some allusion to her visit to Danville. In several she says: "I shall surely come."

Mr. Smith says that Mrs. Nation is present at Buffalo, N. Y., and that to Danville will take place in the near future. During her visit, he says, she desires to be his personal guest.

Mrs. Nation was very anxious to assist the local Y. M. C. A. and offered her services gratis, but the two lecture courses were already made up for the season.

Stricken With Paralysis. Henderson Grimet, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured. (Geo. R. McDonald, Man, Logan county, W. Va.) Several other very remarkable cases of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by Pauls & Co., druggists.

The people want a man like J. C. Miller in the Prothonotary's office, and they propose to vote for him.

Deserted on Wedding Eve. The Philadelphia Record on Sunday contained the following dispatch from Shamokin:

Miss Emily Maxwell, of Danville, the pretty young daughter of William Maxwell, was to have been married at a friend's house here this morning to Benjamin F. Abrams. The marriage license was procured yesterday and the minister engaged. Last night Abrams disappeared.

The young couple came here from Laporte last Thursday. He was engaged in bridge building in Laporte and was taken ill. Miss Maxwell went to his bedside and nursed him. He promised to marry her, and they selected this place for the proposed wedding. She is prostrated over the desertion and the police are looking for him.

Resolutions Adopted. The following resolutions were adopted at a regular meeting of Goodrich Post No. 22, G. A. R., held Monday night:

WHEREAS, Daniel H. Smith, an honored veteran of the Union Army, and a faithful member of our Post, has answered the last roll call as decreed by the invisible hand of Him, who doeth all things well. Therefore, be it

RESOLVED, that in his death the community in which he lived has lost a good citizen; the family an affectionate brother; our Post a Comrade true to his vows, and faithful in every duty.

RESOLVED, that as a mark of respect for our Comrade, the Post Room be draped for the space of 30 days, and a copy of these resolutions be sent to the family, and the same entered on the minutes of the Post.

A. C. ANGLE, JOHN H. HUNT, Com. JACOB SLOOP.

When you wake up with a bad taste in your mouth, go at once to Pauls & Co's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

For Associate Judge—Dr. S. Y. Thompson is just the man. He will be elected by the votes of the people.

Death of Mrs. J. S. Sanders. Margaret, the wife of J. S. Sanders, who with her husband was a farmer resident of this city, died suddenly at her home in Wilkesbarre Monday afternoon aged 63 years.

The deceased was a sister of S. J. and E. C. Welliver and Mrs. Jane Carr, of this city; Mrs. Charles Amerngo, of Riverside, and W. R. Welliver, of Philadelphia.

Her husband, J. S. Sanders, was formerly editor of the "Danville Intelligencer." Forty years ago they removed to Wilkesbarre, where they have since resided.

Two children survive—Mrs. Morgan Weller, of Wilkesbarre, and Dr. Harry Sanders, of Seaman. The funeral arrangements have not been learned, but interment will probably take place at this city.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers; they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or untidy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

County Commissioner Hiram Sandel of West Hemlock township, on one of his recent visits to town related an interesting fact touching on a natural history which is especially apropos just now during the hunting season when the subject of quail and the like monopolizes so much of the conversation among hunters.

Without A FOUNDATION. Sunbury Daily Reflects on Danville's Old Slouch Story.

The big stories told about town Tuesday relating to Charles Milleman, the "detective" who has been about town for a couple of weeks past, are discredited in Sunbury.

The Sunbury Daily of Tuesday says: A sensational story that sounds plausible but lacks foundation in Sunbury, was sent out from Danville today. The account is that several months ago the head bookkeeper for H. B. Claffin & Co., one of the largest wholesale establishments in New York city, embezzled \$5,000 of the firm's money and made good his escape. Two weeks ago Charles Milleman, a New York detective, was informed that the fugitive would meet his wife in Sunbury. The sleuth came on the ground but failed to bag his man, discovering that the embezzler had gone to Danville.

The story from Danville also has it that last night Milleman hired a team there and drove to Sunbury, returning it with the driver, telling him he would not be back himself, as his man was under arrest here, and that he would take him to New York on the first train.

Local police and county prison officials say they know nothing of the arrest.

A Typical South African Store. O. R. Larson, of Bay Villa, Sunbury River, Cape Colony, conducts a store typical of South Africa at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by Pauls & Co., druggists.

If the people want the best service at their command they will assure themselves of it by voting the Republican county ticket.

Resolutions Adopted. The following resolutions were adopted at a regular meeting of Goodrich Post No. 22, G. A. R., held Monday night:

WHEREAS, Daniel H. Smith, an honored veteran of the Union Army, and a faithful member of our Post, has answered the last roll call as decreed by the invisible hand of Him, who doeth all things well. Therefore, be it

Deserted on Wedding Eve. The Philadelphia Record on Sunday contained the following dispatch from Shamokin:

Eye Examination

with my improved method and instruments, is the only way to determine the exact strength and requirements for each eye. Eyes cannot be properly fitted to glasses unless they are correctly tested.

The great success I have had in fitting glasses, proves that my skill and methods, are the best to be had. Do not trifle with your eyes; bring them here, you will be more than pleased with my glasses.

HENRY REMPE

County Commissioner Hiram Sandel of West Hemlock township, on one of his recent visits to town related an interesting fact touching on a natural history which is especially apropos just now during the hunting season when the subject of quail and the like monopolizes so much of the conversation among hunters.

AMUSEMENTS.

Next Door. Nowadays theatre goes want stimulating interest as well as cast par excellence. We frequently find a notable cast with a very poor vehicle or vice versa. However we are pleased to know that there are exceptions to the rule and it is also a pleasure to note the exception as in the case of the Brothers Royer in Archie Royer's now famous creation "Next Door," which will be seen at the Opera House, Saturday night. From a literary view point the piece, as Rogers Bros. would say, never happened. But the interest is there and in climax, and there is no time for an audience to become apathetic.

San Francisco Minstrels. The performance given by the San Francisco minstrels at the Opera House last evening was very pleasing. The quartet singing was good, and George B. Lambson a rendition of his solo, "Down Where the Cotton Blossoms Grow," showed that his voice had not lost any of its old-time sweetness. Javelle's swinging wire act was of a high class, also Latoxy and Edmonds' athletic specialty. The "first part" and the orchestra was good.—Glen Falls, N. Y. Star, Oct. 11th.

San Francisco Minstrels will appear in this city on Wednesday night next.

DRY POWDER FIRE EXTINGUISHER

Interesting Experiments Conducted Last Night—Some of the Claims.

J. H. Miller, of Lebanon, accompanied by E. O. Hartman, Chief Engineer of the Fire Department of that city, was in Danville yesterday. Last evening he conducted a series of interesting experiments in the engine house of the Friendship Fire company to demonstrate the merits of the American (Dry Powder) fire extinguisher, of which he is the inventor.

Among the claims made for the "dry powder" is that it is superior to any other form of extinguisher in putting out fire in which gasoline or oil of any kind plays a part. A handful of powder thrown on the flame instantly extinguishes it by forming a combination of gases in which carbonic acid is the principal element. Water or any liquid applied to such a fire, it was claimed, only causes it to spread. In stores and such places where water results in as much damage as the fire it extinguishes dry powder would seem to be invaluable.

The County Commissioners yesterday purchased two of the Dry Powder Extinguishers—one for the Court House and the other for the jail.

ITS COMMON. The heat of past summer left a great many people in a run down condition that ordinary methods would not recruit in Danville.

Sometimes the question is asked what diseases are Dr. A. W. Chase's Nerve Pills good for? They are a little different from the common ones and they do not deal so much with disease as with the cause of common and prevalent symptoms which they dispel by removing the cause. Lack of Nerve Force is what ails most people these days. Dr. A. W. Chase's Nerve Pills touch the hidden springs that create Nerve Force and help to create it.

Dr. A. W. Chase's Nerve Pills are what ails most people these days. Dr. A. W. Chase's Nerve Pills touch the hidden springs that create Nerve Force and help to create it.
