es and artificial eyes supplied. Market Street, Bloomsburg, Pa. Hours-10 a. m. to 5 p. m. Telephone 1436.

### MATRON AND MAID.

Miss Lillian Nederlander of Detroit. a violinist, has been chosen as one of the great Joachim's five personal pu-

Miss Helen Gould has sent a library of 500 books to the public schools at Horse Cave, Ky., where the school children gave her a pleasant reception in the course of a recent visit to the south.

Mrs. James R. Hopley, president of the Ohio Society of Women's Clubs, has been appointed a special agent of the state labor commission to investigate the condition of women and children employed in Ohio factories.

Mrs. Florence Maybrick is alleged to have been the first person who actually sang "The Holy City," as it is now known. The song was written by her brother-in-law. Michael Maybrick, better known as Stephen Adams.

Mrs. Carrie F. Cole, editor and publisher of the St. Croix Falls (Minn.) Standard, besides running a hand press, printing an edition of 500 to 600 copies herself, attends to all the office business as well as her household work, caring for four small children.

Milwaukee, says The Sentinel of that city, has a licensed woman embalmer in the person of Miss Antoinette La Grand of 693 Third street. Miss La Grand is the first Milwaukee woman to pass the examination prescribed by the last session of the Wisconsin legislature.

Lady Florence Dixie, credited with being the most noted shot among English women, has abandoned hunting entirely and has published a pamphlet on "The Horrors of Sport." She has killed lions in Africa, gazelles in Arabia, bears in the Rockies and now repents for all her "misdeeds."

Mrs. Alice Gwynne Vanderbilt has given the commission for the most elaborate, massive and costly set of bronze doors ever fashioned in America as a memorial to her husband, the late Cornelius Vanderbilt. They are to form the portals to St. Bartholomew's church, which Mr. Vanderbilt attend-

## POWER FOR FARM WORK.

### The Gasoline Engine Popular-It Is Cheaply and Easily Operated

Cheap power on the farm is as imalways be had when wanted, wind power is not constant enough for all purposes, steam is expensive, so the gasoline engine supplies an important need. From its introduction it took well, but of recent years has made wonderful progress. The mechanism has been so perfected that the disagreeable odor and frequently faulty operation urged against the earlier machines have disappeared entirely. All sizes and styles are now available, from the small upright for running a churn or separator to the twelve horsepower traction engine operating a sawmill or thrasher or drawing large loads along the country roads.

What is the secret of their popularity? Probably the most attractive feature is the small cost of operating. By following directions any one at all familiar with machinery can run a gasoline engine, no engineer being reonce started further attention is unnecessary until it is to be stopped. In grinding feed, for example, one man can do all the work. He starts the engine, then has all his time for keeping the hopper full and removing the ground material. The same is true of pumping water, sawing wood, separating milk, churning butter, cutting feed thrashing grain, cleaning seed, etc Then the cost of fuel is very small. A twelve horsepower engine will consume 10 to 14 cents' worth of gasoline per hour, a five horsepower stationary engine 5 to 6 cents' worth and in that proportion for various sizes. The first cost is no greater than a steam engine of like capacity and in some instances

is much less. A great advantage when the engine is to be used about barns and stacks is almost no danger from fire. The engine can be placed in the barn, hay shed, granary, dairy-wherever most conven ient. The uses to which it can be put are so many that it is needless to enu-

merate them. The cost of the application of gaso line motors to trucks, carriages, mow ers, farm wagons and the like is still great enough to be prohibitive on the farm. Doubtless the time will come when gasoline motive power will be applied to portable farm implements and machinery, but this is still a long way off, concludes Orange Judd Farm-

## PULPIT AND PEW.

The Episcopalians of Milwaukee are to build a new house for Bishop Nichol-

The Pennsylvania Baptist State Mission society has decided to use an automobile in place of a wagon for traveling mission work. It is believed that such a vehicle will serve to draw great-

er crowds. The salary of the Rev. Frank Crane, the new pastor of the People's church, Chicago, as successor of the Rev. Dr. H. W. Thomas, is to be \$7,500 per annum, which is the largest salary paid

any clergyman in Chicago. Because of failing health the Rev. Dr. Samuel E. Appleton has resigned the rectorship of the Protestant Episco-pal Church of the Mediator in Philadel-phia after forty-one years' service. He has been made pastor emeritus.

The chase's Ointment does not cause pain when applied, but soothes the sore or in-flamed surface. 50 cents at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. the rectorship of the Protestant Episco-

## APIARISTS' WINTER WORK.

The Time to Buy Hives, Furniture

and Other Supplies. After the bees are tucked away com fortably in their winter quarters there is little else of outside work to be done only to see that the entrances of the hives are kept clear of dead bees and know or ice during winter, and F. G. Herman has suggested in New Eng land Homestead that this is a good time to take time by the forelock and think about the coming spring.

Mr. Herman buys all hives and furniture in the flat and makes them up during leisure hours in winter. Of course every beekeeper has a shop or little nook somewhere to work in. If one has a furnace in the cellar and there are windows enough to let in the light, no better place could be desired "Another advantage," says Mr. Herman, "in buying supplies early is that dealers give to early purchasers a scale of discount beginning with the month of November and running through the winter. The earlier the purchases are made the larger the discount."

The Langstroth Hive. There is no patent on the Langstroth, probably the most extensively used of all hives. An exchange states its dimensions as follows: A box 91/2 inches deep, 13% inches wide and 20 inches long, outside measure. The material used is pine boards planed down to seven-eighths of an inch in thickness.

The regular Langstroth frame is made of the same material, and the dimensions of frame are 91/8 inches deep and 17% inches long. The top bar of frame should be one-half of one inch thick and ends and bottom one-fourth

of an inch in thickness. Each hive contains eight of above frames and each frame occupies 11/2 inches in space. Almost every one who commences with some other hive will sooner or later make the change, and very often at considerable ex-

Factory and Home Workmanship. The hive should not only be substantially built, but should have accurate bee spaces and a close fitting rainproof cover or roof. Factory made hives, as a rule, best meet these re quirements, as both lock joints and half corners can only be made to advantage by machinery, and the expert hive builder understands, of course, the absolute necessity of great accuracy in bee spaces, as well as the great desirability of good material and workmanship.

### RAILWAY RUMBLES.

The Santa Fe Railroad company has surveyed for building 815 miles of railroad in the southwest. Another \$6,000,000 is to be expended in Chicago in elevating a railroad, the Chicago and Western Indiana.

An automobile inspection car for the use of road overseers and track inspectors has been put into use by a number of railroads.

The woman as porter and guard already is known on French railways, but now a German railroad has opened a larger field to women and is employing them as booking clerks, telegraph operators and in other posts.

An edict from General Manager Dickinson of the Union Pacific railway recently notified several thousand employees of that system that habitual drinking or even the frequenting of saloons on their part would in the future be considered sufficient reason for dis

## PERT PERSONALS.

Minister Wu not only has a daughter York World.

The difficulty which Mark Twain has met in his endeavor to have himself taken seriously will hardly be removed by his prescription of watermelon for dysentery.-Boston Journal.

Miss Herron, who married a man without benefit of clergy, asks, "What do idle vows count for when two hearts are afire with love?" We trust that Miss Herron has not mistaken heartburn for the real thing.-Baltimore American.

General Grant's opinion of Li Hung Chang, that he was perhaps, "all things considered," the greatest of all the ruling statesmen whom he met on his tour around the world, is more generally ac cepted now than when it was uttered .-New York World.

If iaces or fine white goods of any kind are wrapped in dark blue tissue quired. In fact, after the engine is paper when laid away, it is said, they will not turn yellow.

> Moscow and China. The Chinese have twice sacked Moscow, once in 1237 and again in 1293.

## Itching Scalp.

Forms of Eczema and Salt Rheum Promptly and Thoroughly Cured by Dr. Chase's Ointment.

Among small children, scald head and similar itching skin diseases are most prevalent, and the worst feature is that these ailments, which are apparently trivial at first almost invariably develop into chronic eczema

There is but one treatment that physicians are unanimous in recommending for scald heads and eczema, and that is Dr. Chase's Ointment the great antiseptic healer. It prompt-ly stops the distressing itching which accompanies these diseases and positively produces

Augustille up Scores and thous women stand ready to vouch for the merits of Dr. Chase's Ointment. It has brought about some of the most marvelous cures ever recorded. In justice to yourself and family,

you cannot do without it in your home.

Mr. J. H. Grant, 716 Joseph Campan ave ue, Detroit, Mich., writes "For three years I have been troubled by an intense itching on my body. So terrible was it at times that I could get no rest night or day. I tried all kinds of ointments and blood purifiers, but could get no relief. Mr. H. A. Nicolai of 379 Division street recommended by Chas's Quintment A few mended Dr. Chase's Ointment. A few applications stopped the itching and I have felt nothing since."

## Baby Eczema.

Mr. F. S. Rose of 133 Sixteenth street, Buffalo, N. Y., writes:

"Our baby boy suffered for some time with that wretched eczema, and we were unable to find anything to cure or even relieve his pain. A few applications of Dr. A. W. Chase's Ointment stopped the itching and healed the sores, and a bright, natural skin now takes their place."
