First Repertory Company in Danville. "Absence makes the heart grow fonder," and if there is anything in the old maxim, the Sawtelle Dramatic Company which will be at the Danville Opera House next Monday and Tuesday should be greeted with roused hopes.

It is just seventeen years ago that Mr. J. A. Sawtelle introduced the first popular priced company to Danville theatre goers, and this will be the first occasion since that time that this celebrated company will have been here. During the interval Mr. Sawtelle has had his company in all the important cities and towns from the coast of Maine to the Golden shores of California and from the St. Lawrence River to the Gulf of Mexico.

The bill presented on Monday night will be Theodore Kraemer's celebrated scenic melodrama "The Angel of the Alley."

\$100 REWARD, \$100. The readers of this paper will be pleased to learn that there is at least one cure-disease that science has been able to cure. In all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing the work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

CRUSADE AGAINST PROFANITY

A Movement Which is Taking in Some of Our Neighboring Towns. In an age and a country such as ours where in the home or the Sunday school every boy has the benefit of religious training it ought to be unnecessary to add one word here in condemnation of the evils of profanity. Where is the man who would dare say one word in defense of it?

And yet profanity is prevalent-farther prevalent. One hears it on every side-by men in the offices and work-shops, who want but a slight provocation to set them off in a tirade in which God's name is taken in vain, one hears it upon the streets indulged in by boys in imitation of men who swear shockingly and flatter their souls with the delusion that it makes them appear manly.

In view of the above a crusade has been started in this state against the abominable habit of swearing. The movement, which was inspired by a series of articles in the "Philadelphia Inquirer" already embraces, Shamokin, Hazleton, Freeland along with other towns of this section and promises soon to become general. Anti-Profanity societies have been organized, the prime object of which is to check the habit of swearing, imposing a fine of, say 25 cents, for every outbreak of profanity.

A movement so praiseworthy in other towns is equally to be commended at home. Is Danville to have an Anti-Swearing Club? In each of our neighboring towns the movement is under consideration and Danville will not want to appear slow.

Of course the agitation must rest mainly with church people. Who among them will be the first to take up the work? Many More Like it in Danville. The following case is but one of many similar occurring daily in Danville. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.

Mr. David D. Jones of 401 Church street, says: "Doan's Kidney Pills cured me of an enervating backache and lameness across my kidneys. I might say I hadaching stitches just over my hips, and later on I had a great deal of pain through the top of my head. Doan's Kidney Pills invigorated the kidneys and though I did not use them a great while, they cured me and I have had no return of the trouble since. As a remedy for kidney afflictions they were so satisfactory in my case that I am glad to endorse the claim made for them at all times."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name-Doan's-and take on substitute.

Letter from the Philippines. Mrs. Annie Young, 217 Chambers street, Friday received a letter from William Phoenix, a Danville boy serving in the Philippines, describing the tragic death of a comrade and asking people here to assist in conveying the sad news to the boys' surviving mother and sister, whose addresses are unknown in the Philippines.

From the letter, which was written at Manila on November 28th, the following details of the tragic event are gleaned. The deceased soldier, whose name was Walter Frilbitt, a member of Company C, 25th Infantry, was killed by a shark. With a comrade on Thursday afternoon November 28, the same day on which the letter was written, Frilbitt went boat riding on a river, which it appears is infested with "man eaters." Unaware of this fact the young soldier disrobed and leaped in the water to take a swim. He had not got ten yards from the boat when he gave a horror stricken scream. His companion rowed to the spot and assisted him into the boat, when it was found that he had been seized by a shark and fatally bitten. He lived only five minutes. With his last breath he called for his mother. Frilbitt, who was only 17 years of age, had been in the government service over a year. But little was known of the boy or his relatives. He often spoke of his mother and his sister, the former living somewhere in Philadelphia.

Private Phoenix asks that the papers print an account of the affair with the hope that the news may reach the mother and sister. The letter concludes with the statement that the dead soldier "was put away the next day after the accident at ten a. m."

Mr. Wheeler Got Rid of His Rheumatism. "During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first applications I began to get well, and was cured and have worked steadily all the year. -R. WHEELER, Northwood, N. Y. For sale by Paules & Co.

For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with good results in our family so long that it has become a household necessity. By its prompt use we have not only cured our children, but have time and again prevented croup. Between the ages of fifteen and forty-five, the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One-third of the life of a woman's life is sacrificed! Think of the enormous loss of life! But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They write their record in many a crease and wrinkle. What a boon then to woman, is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, dries up debilitating drains, heals ulceration, cures female weakness, and establishes the delicate womanly organs in vigor and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription. Jacob Fry, of this city, spent a few hours in Milton yesterday.

HUMOR OF THE HOUR. "I shall have to give you up." It was in the year 1855, and as he spoke the youthful son of a once noble house buried his face in his hands and groaned aloud. "Yes," he said, "my darling, much as I love you, I cannot subject you to all the privations that a marriage in my present circumstances would entail on my wife. Three weeks ago I was rich and prosperous, the head of a large syndicate that my father had bequeathed to me and on the most familiar and intimate terms with the emperor. Nothing it seemed stood in the way of my continued success. Suddenly, however, another syndicate loomed above me, and I was quickly overshadowed, and now, after having been obliged to sell out, I find that all my earthly possessions amount only to the paltry sum of eight millions and a half."
