Announcement.

I hereby announce myself as a candidate for County Commissioner, subject to the rules of the Republican party. Your support is earnestly solicited. J. C. MILLER

The following from an article on "Beautifying of Village and Town," appearing in the current number of the Century magazine, applies with particular force to Danville.

First in order in activities of this kind comes cleanliness. Clean streets and public places, clean private premises— with these secured, the first great transformation in the community takes place.

When nuisance breeding rubbish-heaps are cleared away, and vacant lots covered with all sorts of litter are cleaned up, everybody notices the improvement and is interested in seeing it maintained.

Orderliness of course goes hand in hand with cleanliness. The latter cannot be secured without good order.

And with good order there is an aspect of neatness that commands popular respect. It pleases the public eye. Nearly everybody will keep from throwing rubbish into a well-kept place.

Public sentiment is easily cultivated in favor of public cleanliness and order. A notable instance of its growth is to be found in the agitation against spitting in public places, since it was determined that the practice was a danger to public health.

The posting of notices with regulations against it, and the frequent discussion of the subject in the press, have made a strong impression upon public sentiment, and in consequence the offense is not practiced to anything like the same extent in communities where there has been such agitation.

Farmer Dies of Asphyxiation. Nicholas Englehart, a farmer residing near Catawissa, was suffocated by coal gas Saturday night, and his wife is yet very ill from the effects of the mornning press says:

"Forgetting to properly regulate their stove, Saturday night, Nicholas Englehart, a prominent resident of Lower township, near Newlin, lost his life and his wife is in a critical condition. After placing coal on the fire, they retired to the next room, letting the door connecting the two rooms, open. Their son-in-law, Mr. Workheiser and wife, retired to the room above. They were awakened in the morning by the fumes of gas, which became the more sickening as they reached the first floor. Blindly making his way into the room of the old couple, Mr. Workheiser found them unconscious. Then throwing open the windows, he made every effort to resuscitate them, and failing in this, he summoned medical aid. All day long physicians worked over the couple. Mr. Englehart's condition was such, however, that he could not survive the shock, and on Sunday afternoon he died.

Mrs. Englehart hovers between life and death, and grave fears of her recovery are entertained."

A Blessing in Disguise. The backwardness of spring has given rise to much grumbling. Frosty mornings and cool evenings have prevented the donning of lighter attire, and good, hot fires are necessary for comfort in the homes and places of business. The ninth day of April finds the buds in the trees and bushes just beginning to swell. The new and tender grass is practically the only evidence that this is the vernal season of the year.

Instead of grumbling because of the backwardness of spring there should be rejoicing, for it is a blessing in disguise. Every day of cold weather now is a point in favor of the fruit crops. The low temperature has retarded the development of the buds that later burst into bloom and fragrance and furnish lusciousness with cherries, plums, peaches, apples and pears and in a short time the danger of killing frosts will have been minimized. Reports from the fruit growing districts indicate fine crops this year, and this cheering prospect is mainly due to the protection afforded by the continuance of cool weather. The experience in the recent years when there was an abnormal early spring, followed by frosts that played havoc with the orchards, should not be forgotten. Don't grumble but take the weather as it comes.

Arrested for Stealing Coal. Harry Kinn and John Koeh of this city, boys about sixteen years of age, were arrested Friday by P. & R. Detective William A. Pursley while in the act of pilfering coal from the cars just above the P. & R. station. They were arraigned before Justice Bare, where they admitted the guilt. The boys, it appears, have a leading slanting somewhere in the locality and it was for the purpose of warming the loafing place that the boys stole the coal. The justice held them for court in \$100 bail each.

If Rev. N. E. Cleaver, who was returned by Conference to be pastor of Trinity M. E. church, had any doubt as to the welcome he might receive it was dispelled by the delightful reception tendered him Monday night by the congregation in the lecture room of the church.

The room was made beautiful with flowers and bunting tastefully arranged, while above the altar on a background of delicate color in large letters, was the word "Welcome." A program varied and full of interest was arranged for the occasion. The young men's choir, justly noted for their fine talents, in rendering the different numbers, seemed to outvie each other in their efforts to please.

The singing, which was full of feeling and well rendered, was quite an enjoyable feature. Miss Mary Jenkins rendered a piano solo; there was a song by Miss Edna Hughes, and a selection on the piano by Miss Camard. A program varied and full of interest was arranged for the occasion. The young men's choir, justly noted for their fine talents, in rendering the different numbers, seemed to outvie each other in their efforts to please.

An address was delivered by David Gibson. George Langer spoke on behalf of the Epworth League and Miss Letitia Langer on behalf of the Junior Epworth League.

Rev. Cleaver in his response made several happy hits. The congregation could congratulate themselves, he said, on the fact that they had a pastor who had not been tried at Conference, which was more than a few others could say. He paid a high compliment to the people of Trinity M. E. church, quoting a gentleman of this city, whose word carries with it a good deal of weight to the effect that the young people of the congregation are educated and diligent in doing good beyond what is common among the churches. He was glad to be returned, he said, and was deeply touched by the cordiality of the welcome extended. He dwelt upon the church's advancement during the past year and said that much of what had been achieved was due to the hearty support and co-operation received from the congregation.

At the conclusion of the pastor's address refreshments were served.

The girl is the mother of the woman just as the boy is the father of the man. The period when the womanly functions begin is one to be carefully watched and considered. Irregularity or derangement at this time may be promptly met and cured by the use of Dr. Pierce's Favorite Prescription. But neglected at this critical period may entail years of future suffering. "Favorite Prescription" acts directly upon the womanly organs giving them perfect vigor and vitality. It gently and surely moves the obstructions to health and happiness, and delivers womanhood from the cruel bondage of "female weakness."

You pay the postage. Dr. Pierce writes you the book. The People's Common Sense Medical Advisor, 1008 pages, 700 illustrations is sent free on receipt of stamps to defray costs of mailing only. Send 21 one-cent stamps for the paper bound book, or 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Bright Young Life Ended. One of the saddest deaths that has occurred in this place was that of Jesse C. Long, special delivery messenger at the Sunbury post office. He was the eldest son of Mr. and Mrs. Frank K. Long, of South Fourth street. He had been ill since Saturday, March 29, with inflammation of the bowels which developed into peritonitis after which his decline was rapid.

Sunday morning April 6th at half past three the end came. All through his sickness, which was accompanied with intense pain, he was patient and never lost that gentle disposition for which he was so well known. His extreme politeness and concern for the feelings of his friends never deserted him, notwithstanding he was making a heroic fight against the inevitable death that was fast approaching. His age was 15 years, 7 months and 6 days. He was a student in Mr. S. O. Reed's grammar school and between school hours he faithfully served as messenger at the post office, which position he filled to the greatest satisfaction of his employers as well as to the public.

The funeral took place on Tuesday afternoon, Rev. Dr. J. H. Weber officiating. Interment was made in Pomfret Manor cemetery.—Sunbury Item.

An Enjoyable Evening. A surprise party was tendered Miss Gertrude Kase last evening at the home of her parents, Mr. and Mrs. Harrison Kase, South Danville. It was most enjoyed. Those present were: Misses Blanche Pursell, Catharine, Ellen and Elizabeth Vastine, Flora Mettler and Sadie Waters; Messrs Gordon Smith, Raymond Pursell, W. V. Oglesby Esq., Ralph Kissner Esq., Dr. Reed, and Charles Ammerman Esq.

In New Quarters. Foulk & Company, the grocers, yesterday removed their goods from the Laubach building to the large room formerly occupied by Dreyfus & Co., in the Saal Lyon building. The room has been repapered and painted and presents a very neat appearance.

Fremen's Fair Closed Saturday Night. The firemen's fair closed on Saturday night last.

The lantern contest closed at 10 o'clock, John L. Jones being declared the winner, who received 397 votes as against 281 votes received by Mark Connelly.

Ticket No. 181 held by Charles Kramer, drew the door prize, fifty pounds of Danville Milling Company's best flour.

Last Friends. Rossville, Ind. Messrs. ELY BROS.—I have been a great sufferer from catarrh and have tried many things, but found no permanent relief until I found it in Ely's Cream Balm about eight years ago, and we have been fast friends ever since. (Rev. R. M. BENTLEY.) Price its value by investing 10 cent in trial size of Ely's Cream Balm. Druggists supply it and we mail it. Full size 50 cents. ELY BROS., 56 Warren Street, New York

Good Jewelry will add an air of refinement and elegance to any costume. It makes a man look prosperous and makes a woman look prettier. Money put in poor trashy jewelry is money wasted. Jewelry from our stores a good investment, it is always worth what you pay for it, can always be depended upon for quality. HENRY REMPE, Jeweler and Silversmith.

The Most Successful Comedy of the Year.

"David Harum," the most successful comedy of the year, taken from the most successful and widely read novel of the decade, is the welcome announcement made by Charles Frohman to be presented by his best company at the Opera House on Wednesday evening next. One can readily see the opportunities for clever comedians in the many life-

like hits in the novel as they are so natural and "common" in their characteristics that they are familiar types to all. While the novel was a novelty in that it was a disconnected series of incidents, yet, it needed only a skilled dramatist to choose the more dramatic and humorous episodes and weld them into three acts of continuous movement from start to finish. That success has

fallen to the comedy is a good sign of the times, as it is after a long and lonely. The reproduction of the real storm and laughable hits ever seen in comedy. The more mechanical part of the effect called for scheming and planning by all the best mechanics in Mr. Frohman's

employment and the result is as perfect an illusion as was ever accomplished. The picture of the fratricide caught in the storm with the bulky horse he has just bought from Harum brings down the curtain of the second act, but all through the New York run of the famous comedy the stirring picture was demanded a dozen times before the laughter subsided.

The accommodations on this tour will necessarily be limited, and intending tourists should apply early in order to secure reservations of space. A detailed itinerary is in course of preparation, and all inquiries regarding accommodations should be addressed to Geo. W. PAENNSYLVANIA DAY AT CHARLESTON EXPOSITION Reduced Rates via Pennsylvania Railroad. On account of Pennsylvania Day at the South Carolina Interstate and West Indian Exposition, Charleston, S. C., April 16, the Pennsylvania Railroad Company will sell excursion tickets to Charleston and return on April 14 and 15, good to return within eleven days, including date of sale, at the following rates:

Table with 2 columns: City, Rate. Philadelphia \$14.00, Reading 15.35, Wilkes-Barre 17.26, Williamsport 16.54, Sunbury 15.35, Harrisburg 13.74, Lancaster 12.91, York 12.91, Lock Haven 17.26, Corry 20.75, Erie 21.00, Oil City 21.25, Altoona 17.69, Johnstown 17.75, Pittsburg 18.00.

Tickets will also be sold from other stations on its lines within the State of Pennsylvania at proportionate rates. For specific information and conditions of tickets, consult ticket agents.

Wedded in Danville. At the marriage of the Mahoning Presbyterian church, Tuesday afternoon, April 8th, Miss Wardell Keller and W. H. Purman, M. D., of Bloomsburg, were united in marriage by the Rev. W. L. Steans. The parties are prominent in the social circles of Bloomsburg.

Will Improve Episcopal Cemetery. At a meeting of the vestry of Christ church, held on Monday evening a committee was appointed to submit plans for extensive improvements to be made at the Episcopal cemetery during the coming summer. It is said that an attractive iron fence will be one of the improvements.

New Trout Fishing Law. An act passed by the last legislature extending the minimum limit of brook trout that may be taken from the waters of the state from five to six inches. The trout season opens on April 15. The sale or purchase of brook trout at any time is prohibited.

Repairing the Track. A work train arrived from Cressy Friday morning and with a force of men began repairs on the track of the Pennsylvania railroad between South Danville and Catawissa, which was very badly damaged by the recent floods.

A Series of Dances. The Continental House company will soon give a series of three dances in the Armory. Good music will be furnished.

TOUR TO THE YELLOWSTONE PARK.

Exceptionally Low Rates Offered by the Pennsylvania Railroad on Account of National Educational Association Convention.

The reduced rates authorized by the transcontinental railroads on account of the Annual Convention of the National Educational Association, to be held in Minneapolis, July 7 to 11, 1902, have enabled the Pennsylvania Railroad Company to offer to those contemplating attendance at this Convention an opportunity under the direction of its popular Personally Conducted Tourist System, not only of visiting the beautiful city in which the Convention is to be held, and participating in the deliberations of the Convention, but also of visiting the Yellowstone National Park, at a cost inoperative under ordinary conditions of travel.

The Yellowstone Park is never more attractive than during the month of July, and the tourists under the care of the Pennsylvania Railroad will be afforded the fullest opportunity of visiting all its unique attractions, including the Mammoth Hot Springs, the Geysers, the beautiful Lake, and the Grand Canyon of the Yellowstone.

The tour will leave New York and Philadelphia, Saturday, July 5, and return Sunday, July 20. Round-trip tickets covering all necessary expenses for the entire trip, including one berth in Pullman sleeper, will be sold at rate of \$150 from all points on the Pennsylvania Railroad east of Pittsburg. When two persons occupy one berth, the rate will be \$142 for each person. Rates from Pittsburg will be \$5 less than above.

Tourists will use a special train over the entire trip, with the exception of the six days devoted to the tour of the Park, when stages and the fine hotels maintained in the Park will be utilized. This special train will consist of a Pullman dining car, sleeping cars, and an observation car of the highest grade, and the passengers will find them fully as comfortable and convenient as the best hotels. During the three days at the Convention in Minneapolis, July 7 to 9, inclusive, this palatial train will be at the command of the tourists, obviating the necessity of securing accommodations at hotels.

The beauties of the Yellowstone National Park, most aptly termed Nature's Wonderland, must be seen to be appreciated. From the top of the steeps in which the tour of the Park is made, there is spread out before the traveler a constantly-changing panorama of wonders—snow-crowned mountains, tumbling and tossing rivers; Yellowstone Lake, like a great blue sea, nestled amongst the boiling craters, at an altitude above that of the summit of Mt. Washington; the curious natural springs, where chemical deposits glisten in the sun's rays with all the colors of the rainbow; and the Geysers, ever presenting a scene of varied charm and awe-inspiring wonder.

The accommodations on this tour will necessarily be limited, and intending tourists should apply early in order to secure reservations of space. A detailed itinerary is in course of preparation, and all inquiries regarding accommodations should be addressed to Geo. W. Boyd, Assistant General Passenger Agent, Pennsylvania Railroad, Broad Street Station, Philadelphia, Pa.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through the veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on all packages.

By all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail from Swamp-Root, with accompanying letter how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

THE FASHIONS. The Amazon hat, turned up on both sides, will, it is said, be a favorite for spring wear.

The new black square meshed lace is much in vogue for entire gowns, being as durable as it is modish.

Silver tissues is being much used as a background for the delicate laces and exquisite silk embroideries of the season.

Reception gowns have very long trains and are made of crepe de chine, lustrous satin, luscious, etc.

Trouses and suits are in many instances covered with flowers and small leaves, symmetrically arranged. When especially small blossoms are used they are bunched into pompons.

Gray green is one of the favorite colors of the moment, and several velvet and panne dresses are being made of it, with accompanying trimmings of lace and chiffon of the same hue.

Many of the newest skirts of thin materials are tucked from hem to waist, the tucks broad at the base and very narrow indeed at the top, a lace or chiffon rill below. Bodices and sleeves are tucked in the same way, and the bodice has a cape of lace about the shoulders, braces of lace and elbow sleeves.

THE HORSES. Shenandoah, Pa., is about to organize a driving club.

A. H. Miller of Buffalo has bought Red Princess, 2:12 3/4.

June, 2:07 3/4, may be campaigned next season, but the record is an old story.

William Mc, 2:05 1/4, pacing, established a new track record and four state records last year.

It is reported that Owen C. T. Chapman has decided to retire. Connor, 2:43 1/2, permanently.

Miss Audrey, by Robert McGregor, and dam of Dick Toler, 2:19 1/4, has been bought by Dr. J. T. Axtell of Newton, Kan.

OVER THE OCEAN.

Between 1,800 and 1,500 British owned steam travelers are now engaged in fishing.

Wireless telegraph stations are now being erected by the Japanese authorities on the Kuroon coast.

Ireland has had the highest average number of children per family, 5.29, while France has the lowest, 2.03.

However, Germany, now has six foot-ball teams that play the English game. They are trying to carry out the Kaiser's order not to use English sporting terms.

A seventeen-year-old child was recently furnished by a man in France. He was charged with the murder of a girl at Nice, and he brought conclusive evidence to show that he was at the time committing a burglary at a hotel.

Russian engineers are going to raise the level of the sea of Azof 11 feet 8 inches by building a dam nine miles long at Kerch. There will be great sea gates for the passage of ships. The cost is estimated at \$25,000,000.

The largest excavated dock on the continent, if not in all the world, will doubtless be the Manslock at Rotterdam, now approaching completion. The dock covers an area of some 150 acres and will be brought to a preliminary depth of fourteen feet, which will afterward be dredged to a depth of twenty-eight feet.

How to Make Hair Wash. To make a simple hair wash take an ounce of southernwood and three ounces of box leaves and boil them gently for fifteen minutes in a quart of water. Now strain off the liquid and to each pint add two ounces of spirit of rosemary and half a dram of salt of tartar. Rub into the roots of the hair with a small sponge. These of the above ingredients which cannot be obtained in the market may be easily gathered of any shrub.
