CONDENSED NEWS.

Cool nights. Changeable weather. Flag day, June 14th. Early cherries are scarce. It was a lively Saturday for Danville. Only four weeks yet until the glorious Fourth. There is neither wisdom nor economy in allowing decaying rubbish to accumulate in back yards or dangerous promises to go without disinfection. Now is a good time for politicians to keep their temper. Don't expect other people to think as you do upon all questions. They have a right to their opinions. The many friends of Councilman M. D. L. Seehler will be gratified to learn that he is able to be about again after his long siege of illness. June roses are at their height. These are the laundrymen's busy days. The cannon cracker will soon put itself on exhibition. The Sunday schools of this city are already arranging their picnic dates. A trombone and clarinet have been added to the orchestra for the Thursday evening dances, at Hunter's Park, making a total of five pieces. Fishermen have joined the anxious ranks in the hope that rain will fall before long. The streams are too low for fishing. Many Danville properties have been repainted and otherwise improved during the past few months and a number are still undergoing improvements. The little people who are freed from what they term the tyranny of school, are conjuring up all sorts of schemes in which to while away their idle hours. A new board walk has been built in the yard of W. H. N. Walker's Second Ward Hotel. The man who has a well filled coal bin now looks into the future with complacency. It begins to look as if this might be one of the years in which frost occurs every month. F. M. Herrington is having a bay window put in his residence, on East Market street. WANTED—School teachers as agents during vacation. Big commission. Columbus Book Co., Philadelphia, Pa. There is considerable fast driving over the river bridge and unless the practice is stopped arrests will be made. Charles H. Dorr of Berwick, purchased the printing press and type from John Brown and has moved them to Berwick. Summer days are coming. June seems to be taking things coolly. Day's length, 14 hours and 56 minutes. Home grown strawberries now hold the boards. Quoit pitching is a popular sport this summer. The Messrs. Gora and Gertrude Kase will entertain at a luncheon on Friday at their home in South Danville. June has already developed two cold waves and now she will probably turn her attention in the other direction. Ice cream and strawberry festival at Saint Paul's M. E. church to-night. The mountains look beautiful at present with the laurel in full bloom. The Tempest Dramatic company to-night. Performance in the tent on the Green Patch, Sagsburg. Citizens' meeting at the court house tonight. If you are interested in a Fourth of July celebration make an effort to attend the meeting. Every effort should be made to end the coal strike at once. Danville was well represented at the State capital yesterday. The Danville Prohibition Alliance will meet this evening (Thursday) June 12th, at 8 o'clock in the Y. M. C. A. building. A full attendance of the membership is expected. New members will be received. A cordial invitation is given to all interested in temperance work to be present.

REPUBLICAN COUNTY CONVENTION

The Republican county convention met in the court house Saturday morning and placed in nomination the following ticket: Congress, James Foster; State Senator, Thomas J. Price; Assembly, John E. Roberts; District Attorney, Ralph Kiser; County Commissioners, J. F. Mower and Charles W. Cook; County Auditors, John L. Jones and E. V. Flick.

FLUSHING THE RUN NOT A SUCCESS

Pursuant to action of council Superintendent of the Water Works Keeper and Street Commissioner Deen yesterday about noon proceeded to flush Blizard's run with borough water. Two fire plugs were opened, one at Church street and the other at A street, commission being made with Blizard's run by hose belonging to the fire department.

COMMITTEES ANNOUNCED

The new school board held its first regular meeting Monday night. Among the absentees was D. E. Haring of the Second Ward, elected to succeed Grant Fernstomacher, who has not as yet presented himself to take his oath of office.

JUNE THE MONTH OF WEDDINGS

A beautiful wedding was that which took place yesterday afternoon, at three o'clock, at the residence of Mrs. L. S. Esterbrook, No. 759 East Market street. Her daughter, Miss Estella, and Frank H. Zinn, of Newport, Perry county, were united in the holy bonds of wedlock by Rev. H. C. Harman, pastor of St. Paul's M. E. church.

SEWERAGE AGITATED

The agitation of sewerage in a new phase was taken up by council at its regular meeting Friday night, a couple of members appearing in favor of the measure who were formerly among those opposed to it.

CLASS OF '02 GRADVATES

That interest is not waning in higher education and that a bond of strong sympathy exists between the public and those ambitious young men and women who have completed the arduous high school course and now stand ready for whatever the future has in store for them.

Edmondson-Russell.

A quiet June wedding was solemnized in St. Paul's M. E. church yesterday afternoon at four o'clock, the contracting parties being Harvey Reese Edmondson and Miss Harriet Russell.

Patten-Miller.

The home of Mr. and Mrs. Ambrose Miller, at Limestoneville, was the scene of a pretty wedding yesterday. At 12:30 o'clock noon their daughter, Miss Sarah L. Miller, and Dr. R. S. Patten, of Washingtonville, were united in the holy bonds of matrimony.

Klinger-Hartman.

John J. Klinger and Miss Ada Hartman, both of this city, were married Tuesday evening at 7 o'clock by Rev. N. E. Cleaver at the parsonage of Trinity M. E. church. The newly wedded couple will take up their residence at No. 518 Front street.

Thrown From a Buggy.

While coming home from the base ball game Friday afternoon Robert Ammerman, aged eight years, son of R. S. Ammerman, was thrown from a buggy near the Pennsylvania railroad crossing, South Danville. The plucky little fellow was not badly hurt, although he suffered a few bruises. His father was driving and their buggy was run into by a horse, which had gotten beyond control.

CLASS OF '02 GRADVATES. That interest is not waning in higher education and that a bond of strong sympathy exists between the public and those ambitious young men and women who have completed the arduous high school course and now stand ready for whatever the future has in store for them. A feature which added much to the general effect was the stage decorations, which were elaborate beyond anything ever before essayed. In the center of the stage was a large rookery, almost concealed under a profusion of ferns, laurel in bloom, palms and crotons, among which at intervals sparkled electric lights of red and blue. From the top of the rookery two tiny streams tumbled into the drops of water sparkling in the gas light as they fell back upon the artificial mound like so many diamonds. In the rear was a beautiful arcade decorated with electric lights of blue and white, class colors, which led to a terrace overlooking the sea, which formed the back ground. Palms, crotons and flowers of many varieties were every where in evidence, almost concealing the footlights and filling the arcade in the rear, the effect on the whole reminding one of a floral exhibition in some of the larger cities. Under the proscenium arch a huge American flag was draped, while the colors of the class were fastened diagonally over the stage. Suspended from the centre of the large flag was the class year "1902" in large letters. A large American flag formed a portiere at each of the boxes. The stage setting was devised and arranged by Frank Lee Miles and Post Master C. P. Harder. The flowers were furnished and arranged by Eugene O'Hara, florist at Castle Grove. The graduating class was met at the right on the stage, the school board with the High School faculty, James Scarlet, Esq., and Rev. George E. Limbert, occupying seats at the left. After an overture Rev. George E. Limbert offered a prayer. The full program of exercises as printed in the American a few weeks ago was then rendered. Never has a class on the whole acquitted itself at commencement more creditably than the High School class of '02. Each number in its preparation reflected originality and thought while delivery was marked with an ease and freedom from embarrassment which became a characteristic accomplishment of our high school pupils. Mr. Scarlet's address to the graduates was indeed a gem, philosophic in its view of life, full of inspiration and hope. Nothing could be more eloquent than his portrayal of the future as it relates to the young lives of the graduates. Its infinite possibilities, the achievements that are yet in store for the race are not for those we call great to-day, but for those now unknown who with the class of '02 stand at the threshold of manhood and womanhood. Gehred Snyder's New Hotel. Danville people who contemplate of its best hotels conducted by Gehred Snyder and Sons, of the Exchange Hotel, Bloomsburg. They will find an elegant hotel and a warm welcome from the Messrs. Snyder at The Normandie. The hotel has accommodations for 200 people, with 20 private baths and 8 public baths. All the rooms of the sleeping floors are communicating and if desired can be arranged in suites. The Normandie has all the conveniences of a modern home, gas and electric lights, steam heat, and an electric elevator from the ground floor to the top of the house. For rates and booklet address G. Snyder & Sons, Normandie Hotel, Atlantic City. A Good Rain. The much needed rain came yesterday, breaking a drought of nearly two months' duration. The downpour was quite copious for a while during the afternoon, soaking the ground for a considerable depth, and refreshing vegetation, which at some places was much retarded in growth and drooping. While not too late to help the crops in general, the corn, potatoes, garden truck and the like will be especially benefited and the rain on the whole was of incalculable value to the farmers.
