Mahoning Creek Foul and Stagnant.

There is a marked prevalence of fever and ague along West Mahoning stant reader of the Dayton Volkszeitung street, especially among children, which is attributed directly to the foul condition of Mahoning creek at that point. Heretofore wholesale execra-tion has been poured out upon Bliz-his wife, who for eight weeks had sufzard's run, as if in the pollution of our town it was the head and front of all offenders. As a matter of fact no days my wife said to me, 'I feel as matter how radical the measures ad- though born anew,'and before using the opted looking to the cleansing of Blizzard's run the sanitation of our town would be but little improved without duties. He is very thankful and hopes some attention to Mahoning Creek. This stream as it passes through town becomes an immense receptacle of filth, receiving not only the foul matter discharged from Blizzard's run, but also the deleterious contents of sewers and cesspools at different points At times of frequent rain the current carries off a great deal of the sewage, etc, but when as at present the stream is low the water loaded with the foul and noxious matter has scarce. ly any motion and becomes stagnant and reeky with nauseating odors. Under the circumstances nothing more to fall to the ground, a distance of , could be expected than that unhealthy exhalations should arise from the stream producing not only fever and a bad cut on the back of his right ague, but fevers of a more malignant wrist, necessitating several stitches. type

Mahoning Creek is a rank nuisance within itself and should not be lost sight of in agitating better sanita tion for the borough.

Lucky Feeders, When Texas meal fed cattle bring from \$6 to \$6.25 per hundredweight, as they have been doing recently, it shows that there is nothing the matter with

the demand. Texas feeders are highly satisfied with the results, and the only regret is that they did not have more nerve and buy more feed last fall and feed more cattle. A good many were scared out of the notion of feeding because meal and hulls were held at such high figures. Results, however, are showing that the men who fed are making good profits, and the fellow who didn't feed now wishes he had. Smashing Records.

The Wrong Way.

Fathers and mothers who do not know how and where their sons and especially their young daughters spend their evenings are guilty of a negligence that

is little short of criminal and that, too. often leads to sad consequences. The American habit of letting the young folks "have their own way" in choos

ing their associates and methods of recreation is responsible in every city for a good deal of evil that might be prevented by parental firmness judiciously exercised .-- Philadelphia Bulletin.
