REPUBLICAN STATE TICKET

FOR GOVERNOR Samuel W. Pennypacker, of Philadelphia. LIEUTENANT GOVERNOR William Brown, of Lawrence County. SECRETARY OF INTERNAL AFFAIRS Major Isaac B. Brown of Erie County. REPUBLICAN COUNTY TICKET. Congress (Full term.) Fred. A. Godcharles, of Milton. Congress (Short term.) W. K. Lord, of Mt. Carmel. STATE SENATOR Thomas J. Price, of Johnstown. LEGISLATURE JOHN E. ROBERTS. DISTRICT ATTORNEY Ralph Kiser. COUNTY COMMISSIONERS J. F. Mowbr, Charles W. Cook. COUNTY AUDITORS John L. Jones, E. V. Flick.

COMMUNICATIONS. All communications sent to the AMERICAN for publication must be signed by the writer, and communications not so signed will be rejected.

THE CONGRESSIONAL CANDIDATES.

Hon. Fred A. Godcharles, of Milton, Republican candidate for the full term in Congress from the sixteenth district, and W. K. Lord, of Mt. Carmel, the candidate for the unexpired term, were in this county last week. They made a favorable impression and received many promises of support at the polls. Both are hopeful of election and are confident that their energetic canvass will result in victory. They are both men of sterling worth, have the endorsement of

FRED A. GODCHARLES, the laboring men and have shown by their careers that they heartily in sympathy with all movements in behalf of labor. Mr. Godcharles has employed many men and all are his firm friends. Mr. Lord was a miner and is now a leading merchant of Mt. Carmel. He has the warm friendship of all the miners. There are vital questions to be passed upon by the next Congress which make it important that every effort should be made to elect the Republican candidates. The Democrats, in every state, are bending all their energies to gain control of the national House of Representatives. A campaign book has been issued by the Democracy favoring a reduction of the war tax. This was done by the last Republican Congress. Said campaign book further advocates improvement of the arid lands of the west. The last Congress passed just such a measure. This does Democracy endorse and advocate what has been done by the Republicans, furnishing a powerful argument for the election of the Republican Congressional candidates in this district.

\$100 REWARD, \$100 The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing the work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Superintendent P. J. Keefe is looking after the sewer water gates about our streets where necessary the water may be turned off from different parts of town. As a measure of economy when installed wooden boxes were inserted over these gates. These answered the purpose well enough for some years, until they became rotten, when they became a source of danger to travel. One of these wooden boxes at Mill and Bloom streets was dug out yesterday and an iron box substituted. Excavation will next be begun to find another gate at the corner of Mill and Northumberland streets. At the latter spot the wooden box has long since rotted away. The ground had caved in and the spot been leveled over in repairing the street. At the latter gate an iron box will also be installed.

LABOR LAWS OF FORTY YEARS

Sewing Women, Miners, Motormen, State Pickers, Children, All Classes of Bread Winners, Are Protected By Laws Passed By Republican Legislatures. From Our Own Correspondent. Philadelphia, Sept. 16.—One of the most important features of the present campaign will be a showing of the part that the Republican party has played in the life of the workman of Pennsylvania. It is a marvelous showing. The present reign of prosperity, shared alike by every toiler, whether it be in mill, force, factory or on the farm, can be traced to the wise and beneficent workings of national laws enacted alike for the protection of labor and capital. The Republican party in the nation has ever been the staunch friend of the workman. The Republican party in the state has emphasized this by enacting laws covering a period of 45 years, for the comfort, convenience and protection of the working man and woman. There has been compiled within the past week a complete list of labor laws passed in Pennsylvania by Republican legislatures since the close of the Civil War that is one of the most remarkable things of its kind in existence. Pennsylvania leads every state in the character of its labor legislation. Nearly 100 bills directly affecting the men, women and children of the state who earn their living by the sweat of their brows have been enacted in the past 45 years.

WOMAN AND THE SEWING MACHINE.

At the close of the Civil War industrial and commercial enterprises were in a more or less chaotic state. Thousands of widows, mothers and daughters of soldiers were compelled to eek out a living as seamstresses and dress-makers. One of the first laws passed by the legislature of 1869 was an act to exempt sewing machines belonging to seamstresses from levy and sale on execution or distress for rent. At this time the great anthracite coal regions of the state were just beginning their period of development. There were practically no laws looking to the protection of human life in the mines, and it was a Republican legislature that took up this subject at this time, and during all of the succeeding years has passed laws whose object has been the protection of life and limb of the toilers in the darkness of the mine. In 1872 an act of the pamphlet laws of 1869 will be found one of the first mining laws enacted, entitled "An Act for the Better Regulation and Ventilation of Mines, and for the Protection of the Lives of Miners in Schuylkill County."

This was only the beginning. It was followed by a general law for the safety and health of persons employed in coal mines, passed in 1870. In the same year laws were passed for the protection of miners in various countries of the state. In 1872 an act for the better protection of the wages of mechanics, miners, laborers and others was passed, as well as a bill providing "For the Establishment of a Bureau of Statistics on the Subject of Labor and for Other Purposes." (P. L. 1872, page 53.)

In all the years up to the present there have been numerous similar enactments. In 1872 one of the most important measures ever enacted into a law, the record of which can be found in the pamphlet laws for 1872, on page 1175, was the act to relieve laborers, workmen and journeymen from certain prosecutions and indictments for conspiracy under the criminal laws of the commonwealth. This act has conserved the liberty of thousands of wage earners in Pennsylvania in the past 30 years.

PROTECTING BREAD-WINNERS.

It was the Republican party in the legislative session of 1874 that passed a law in relation to suits for wages, preventing stay of execution on judgments and other delays. It was a Pennsylvania Republican legislature that appropriated the first money to aid in the erection and maintenance of an anthracite hospital in Pennsylvania. This was in 1874. England, with its boasted civilization and other virtues, is always behind Pennsylvania in the protection of women and children in their employment. South Carolina today is a blot on the map of the south because of its absence of laws prohibiting the employment of children, and its lax legislation regarding the employment of women in various industries. In 1878 one of the most stringent laws enacted by any legislature related to the employment of females in hotels, taverns, saloons and eating houses or other places for the sale of intoxicating and other drinks. It was a Pennsylvania Republican legislature that passed a law prohibiting female labor in and about the coal mines and manufacturing thereof, and for the preservation of the health of female employees in manufacturing, mechanical and mercantile establishments. All through the years in which the Republican party has been in power in Pennsylvania it has endeavored to see that full and ample justice has been done by employers, whether firms, corporations or individuals, to the citizens of the state in their employ. It was at the session of 1878 that a law was passed fixing the standard weight of a bushel of bituminous coal. It was during the session of 1881 that the law was passed securing to operatives and laborers engaged in and about coal mines, manufactories of iron and steel and all other manufactories, the payment of their wages at regular intervals and in lawful money of the United States.

REGULAR PAY DAYS.

This is one of the most important laws ever enacted. Middle-aged men today remember the conditions that existed prior to the passage of this act. Employers, often of large concerns, were frequently deprived of their earnings for 30 to 60 days, often only paid in part and frequently with scrip, store orders or other alleged equivalents of value. The passage of this law made compulsory the payment to every field of labor has been covered by Republican laws enacted by Republican legislatures. The law limiting the hours of labor of conductors, driv-

ers and employes of horse, cable and electric railways, was passed by the legislature of 1887. The legislature of that year struck the final blow at child labor in this state by prohibiting the employment of any child under the age of 12 years by any individual, firm or company, to do any work in any mill, manufactory or mine, or any work pertaining thereto. Going a step beyond the mere enactment of laws protecting coal miners, the assembly of 1889 enacted the law compelling the examination of miners in the anthracite region for the purpose of preventing the employment of incompetent persons in those mines. The factory law of the state which regulates the employment and provides for the safety of women and children in mercantile industries and manufacturing establishments, and to provide for the appointment of inspectors to enforce this law, became operative through the action of the legislature of 1889.

GRANITE WORK IN CEMETERY

T. L. Evans' Sons will complete today, in the Episcopal cemetery, one of the most massive pieces of granite work in any burial ground of this city. A granite enclosure has been laid around the plot in which Daniel Edwards, the Kingston coal operator, and his wife are buried. The posts are two feet square, with a height of three feet above ground and five feet below the surface. The coping is in lengths of eighteen feet, around the four sides of the plot. Two sarcophagus tombs of beautiful design cover the graves of Mr. and Mrs. Edwards. The whole work is finely executed and is most artistic. The enclosure is of New Hampshire granite while the sarcophagus are of Westerly, Rhode Island, granite.

The Watchword of Women.

Modesty is woman's watchword. Whatever threatens her delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questioning, offensive examinations, and obnoxious local treatments, which some physicians find necessary. Don'tless thousands of the women who have taken advantage of Dr. Pierce's offer of the free consultation by letter, have been led to do so by the escape thus offered from a treatment repugnant to modesty. Any sick woman may write to Dr. Pierce, Buffalo, N. Y., in perfect confidence; all letters being treated as strictly private and sacredly confidential; and all answers being sent in plain envelopes to the address of the free consultation by letter. Dr. Pierce's Favorite Prescription has been long hailed as "A God-send to women." It makes weak women strong and sick women well. "Favorite Prescription" contains no alcohol, neither opium, cocaine or other narcotic.

WELSH BROTHERS' GREAT SHOW.

Welsh Brothers' celebrated Railroad Shows opened a four days' engagement on Wednesday afternoon at Fourth and Chestnut streets, when they gave a splendid performance, which was attended by a large crowd. At the evening performance long before the hour for opening, there was an immense crowd of many hundreds purchasing tickets and eager to gain admission. Before the hour for the performance to commence every seat, including the reserved seat section, was filled, and several hundred persons were required to stand. The management did everything possible to seat the people, but the crowd was beyond expectation, which proves that the show is very popular with the people. The show carries its own splendid band, which furnishes good music throughout the performance, which is interesting and refined in every particular.

OPPORTUNITY TO SECURE EMPLOYMENT.

The Philadelphia North American maintains a Free Employment Bureau at 1309 Filbert street, Philadelphia, to assist all those who seek situations, or employers who are looking for help. At the present time there is a dearth of servant girls in Philadelphia, and many applicants for servants, through necessity, are disappointed. There is a great demand for first-class German, Swedish and American girls for domestic work. If the young women in the community throughout the State who are desirous of securing positions in Philadelphia will communicate with The North American Free Employment Bureau it will obtain places for them without charge. Positions are daily being secured for both men and women, who express themselves as being highly pleased with the service.

Not Doomed For Life.

"I was treated for three years by good doctors," writes W. A. Greer, of McConnellsville, O., "for Piles, and Prolapsus, but when all failed, Bucklen's Arnica Salve cured me in two weeks. Cures Burns, Bruises, Cuts, Goums, Sores, Eruptions, Salt Rheum, Piles or no pay. See at Paules & Co's drug store." County Commissioner.

GREEN HOUSES NEARLY FINISHED.

The large green houses, which have been in course of construction at Castle Grove are nearly completed and will be finished in about a week. There are two and American Beauty roses and violets will be grown in them. There are now ten large green houses at Castle Grove, including the one in which the palms are.

Water Cure for Chronic Constipation.

Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of out door exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is really needed, Chamberlain's Stomach and Liver Pills. For sale by Paules & Co. 332 Mill street.

Will be Wedded This Evening.

This evening Joseph Flanigan, of Pittsburg, and Miss Esther Strickland, of Harrisburg, will be married in St. Patrick's Pro-Cathedral, Harrisburg. The bride is a daughter of the late Professor H. B. Strickland and a grand daughter of the late Professor H. B. Strickland, Sr., of Danville. Her father was organist of the Pro-Cathedral in Harrisburg. At his death she succeeded him as the organist. Miss Elizabeth Strickland will be maid of honor at the wedding.

Thousands Have Kidney Trouble and Don't Know it. How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or scum, or anything that indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too strong a desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, relieves every ailment in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the higher for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. Absolutely free by mail. Send for a free bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

THE UNION PARTY ROW

Attempt of Democracy to Steal the Party Opens Eyes of the People. It ever the so-called Union Party had any standing before the people of Pennsylvania it was irrevocably lost by the bare-faced attempt of the Democrats, with Democratic money in its pocket and black-jacks and ax-handles in its hands, to capture the party at its Philadelphia convention. That this political hybrid is dead is shown by the action of the principal men in its councils to organize another party called the "Ballot Reform Party." Papers have been filed with this object in view. The same men who helped the Democracy in its attempt to capture the Union Party convention have signed their names to the papers of the "Ballot Reform Party."

THE LEAGUE OF CLUBS

The Convention at Erie This Week is one of the most important of the State League of Republican Clubs, which is holding its annual convention in Erie this week, is one of the most unusual gatherings of its kind ever assembled within the borders of the state. The attendance is larger, as indicated by the number of special trains engaged than ever before in the history of the league. The enthusiasm is greater because of the novelties that have been introduced into the campaign.
