**MOULDERS ASSIST THE MINE WORKERS**  
 The Iron Moulders' Union, No. 124 made up of the employees of the Stone Works, this city, as an evidence of its sympathy for the United Mine Workers some weeks since decided to raise a sum of money to assist them in their strike. The plan adopted was to chance off a stove, a "New Beaver Modern," No. 13, one of the best and most modern products of the stove works being selected. This was chanced off at a sociable held in the Army on Saturday night, John Richards, Chambers street, winning the stove.

The stove moulders, who are zealous Union men, determined to show their devotion to the principle of labor organization by raising a sum that they would not need to be ashamed of. The members of the Union, therefore applied themselves very industriously to the sale of tickets. Their labors were well rewarded and upon winding up affairs Saturday night they found that they had realized the handsome sum of \$290. This sum will be sent to President John Mitchell at Wilkesbarre to be used in supporting the miners on strike.

The social, itself, which was attended by the moulders and their families and a large number of others, was quite a success financially and otherwise. It is doubtful whether on any occasion in the army dancing was more enjoyed. Music was furnished by Motherell's orchestra. The Mechanicville band was also present, discoursing some of its best selections in the street in front of the army and later assisting the orchestra to play for the grand march.

The officers of the Iron Moulders' Union, No. 124 are as follows: President, Alexander Mann; Financial secretary, John Herrick; Recording secretary, David Rishel; Corresponding secretary, John Jenkins; Treasurer, R. W. Fetterman. Michael Tierney is secretary of the special committee appointed to chance off the stove. The Union through the columns of The American desires to thank the public for its liberal response in the purchase of tickets and for help and encouragement extended in other ways.

**A Certain Cure for Dysentery and Diarrhoea.**  
 "Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me. For sale by Pauls & Co., 342 Mill street."

**Birthday Surprise Party.**  
 A birthday party was tendered Mrs. J. A. Geringer Tuesday evening at her home, North Mill street, the occasion being her forty-eighth birthday. She was presented with a handsome gold watch by her husband, a parlor lamp by the ladies of Golden Link Temple and friends. She was also the recipient of a very beautiful cushion, china ware and many other gifts. An elegant supper was served and the evening was pleasantly spent. The following were the guests: Mrs. L. W. Snyder and son, Mrs. Harrison Shutt, Mrs. H. Livizey, Mrs. J. Weidman, Mrs. W. Shultz, Mrs. Metzger, Mrs. Kohl, Mrs. L. Freeze, Mrs. Martin, Mrs. Robert Paugh, Jr., and son, James, Mrs. H. **Were Admitted to Circus.**  
 Through the courtesy of Welsh Brothers the orphans at the Holy Family convent were admitted to the circus yesterday afternoon. Under the care of Rev. Father Feeser, chaplain at the convent, the orphans were watching the parade at Bloom and Mill streets. The proprietors of the show extended to Father Feeser an invitation to bring the children to the circus and it was accepted with grateful thanks on the part of the happy young folks.

**GUARDSMEN UNDER WAITING ORDERS**  
 The situation throughout the coal region is becoming serious and practically the whole anthracite field is now being patrolled by troops. Sheriff Beddall, of Pottsville, has asked Governor Stone to place Schuylkill county under martial law. He claims that he is unable to cope with the situation. The whole First and Third brigades are likely to be pressed into service if the disorder continues. The state authorities are determined to preserve order. The Fourth Regiment will be ordered to Mahanoy City and if necessary martial law will be declared.

The First Battalion of the Twelfth Regiment has been transferred from Columbia Park, Shamokin, to Lebanon, because of the trouble there between the negro strike breakers and the employees of the American and Iron Steel Manufacturing Company. The battalion is under the command of Colonel Clement, with his regimental staff, and includes Companies B, G, D and I, of Williamsport, and H, of Lock Haven. Quarters at Lebanon have been provided in the armory of the local Fourth Regiment company and the Lebanon market house.

The Fourth Regiment is under waiting orders to go into service whenever needed. The First Brigade regiments in Philadelphia are also being held in readiness to respond to a call to the coal regions. At Manila Park the First Battalion of the Twelfth Regiment, under command of Major Charles P. Gearhart, and consisting of the Danville, Sunbury, Lewisburg and Milton companies, is at all times ready to move on the shortest notice.

Since its stay in the Schuylkill region and especially since the transfer to Manila Park the First Battalion has seen considerable active service and an order to be ready for immediate duty is nothing unusual to the soldiers. But now they are under orders to be prepared for any emergency, which is taken to mean that they may leave Manila Park.

The movement of the Second Battalion of the Twelfth to Lebanon was done very quickly and was quite a surprise. When the order was given many of the soldiers did not know where they were going and the departure attracted very little attention. It was supposed that the battalion was only being sent on one of the hurry calls to Mahanoy City or some other place within close reach of Shenandoah.

The Ninth Regiment, under command of Colonel C. Bow Dougherty, was ordered into the field yesterday at noon and is now encamped at Doranconet. The headquarters of the Ninth is at Wilkesbarre and the regiment is composed of the following companies: A, Wilkesbarre; B, Wilkesbarre; C, Hazleton; H, Pittston; I, Plymouth; K, Wilkesbarre; L, Kingston; and M, Pittston. An appeal was made to Governor Stone yesterday morning, at 10 o'clock, by Sheriff Jacobs and prominent citizens which led to the orders to the Ninth.

The immediate cause of the appeal by the sheriff was a march made by four hundred strikers near Pittston early yesterday morning, their object being to prevent the starting of the Lehigh Valley Exeter colliery where operations were to be resumed. All of the men were stopped on their way to work and a number were prevailed to return home. Four refused and were set upon by the crowd and severely punished.

At Nanticoke there was a march of strikers with a view of inducing non-union men to quit work. While they were not successful no depredations were committed and no one was injured.

President Baer, of the Philadelphia & Reading; President Truesdale, of the Delaware, Lackawanna & Western; President Walters, of the Lehigh Valley; and other prominent operators, attended a meeting of the board of directors of the Temple Iron Company at New York yesterday. John Markle, of Hazleton, was in conference with J. Pierpont Morgan, but nothing was given out for publication. President Baer stated that the meeting was entirely informal. When asked as to the strike he said: "I am not a prophet. The strike will end. That is the one thing we may all be certain of. But I will not attempt to say when it will end."

**Autumn Arbor Day.**  
 In designating October 17 as the autumn arbor day State Superintendent of Public Instruction Schaeffer makes those suggestions to the rural schools:  
 "The value of trees for utility and adornment, the effect of forests in retaining and distributing rainfall, and the forestry movement under which half a million acres have been purchased by the state are set apart as a public reservation may be profitably discussed. The career now opening up to young men who make forestry a profession should be pointed out. But above all else the pupils should be taught by actual experience how to plant trees, how to promote their growth and how to protect them from noxious insects and other enemies."

**County Commissioner.**  
 To the Voters of Montour County: Having received the nomination for the office of County Commissioner, at the Republican County Convention, held on Saturday, June 7, 1902, I respectfully ask for your support. If elected, I pledge you a clean and efficient administration of the affairs of the office. I have the honor to remain,  
 Yours respectfully,  
 CHARLES W. COOK,  
 Valley Township.

**THE STAR COURSE OF Y. M. C. A.**  
 No organization devoted specifically to the welfare of young men is doing a nobler work than that of the Young Men's Christian Association. The service it renders is a recognition of the needs of young men and its supreme aim is to fit young men for any and all duties to which they may be called in the far reaching relations of modern life. Its influence is growing with every year and newly \$60,000,000 is to be spent in new buildings. Last year the Sioux Indians in the Dakotas built eighteen log buildings for Young Men's Christian Association headquarters and a large work is being done among the colored people in the north and south. The association is also gaining in Cuba, Porto Rico, India, China, Japan and throughout Europe.

The Danville Association is participating in this onward movement. Its improvements are about completed and are greatly appreciated by the members. The gymnasium is to have new chest machines, a new striking bag and frame and a medicine ball, with other new apparatus. On the first of next month the "gym" will be opened with C. C. Carpenter, of Reading, as physical instructor.

On Friday evening November 21 the Y. M. C. A. Star Course of entertainments will begin. The handsome prospectuses, just gotten out, are very much in demand. Brooke's Marine Band Orchestra will open the course. Brooke is a favorite in this city and his famous orchestra will be greeted with a crowded house. Miss Lillian Berry Reed will be the soprano soloist and Bert Brown the cornet soloist.

Hon. Charles B. Landis, the brilliant young Congressman from Indiana will lecture on Friday, December 12. The Mendelssohn Quartette Company is the third in the course, its date being January 2. The company consists of Alpheus M. Applegate, first tenor; William C. Smith, second tenor; Howard Stewart Barrett, baritone; Urban Leo Alkire, bass; Helen Payne, soprano; Marguerite Smith, child impersonator. Hon. J. Wight Giddings, ex-Lieutenant Governor of Michigan, will lecture on Friday, February 13.

The final talent, Friday March 6, is to be May Parker's Concert Company. In addition to the individual "Lillian Pickman" the company includes Miss Lillian Pierce, reader; Miss Florence Beckett, flute soloist, and Miss Bertha Webb, violinist.

Persons desiring tickets for the course are requested to get them at once at Hunt's drug store, Grono's book store, W. V. Oglesby's office and the Y. M. C. A. By doing so the work of the special committee will be greatly lessened. Solicitors are to be sent out, but a purchase of tickets now will save them the trouble of making unnecessary calls.

**Arranged For Washington Trip.**  
 At the meeting of Goodrich Post, No. 22, G. A. R., held Monday evening, it was decided to take a national encampment at Washington via the Philadelphia & Reading railway. Arrangements have been made for two special cars, which will be attached to the train leaving this city at 8:03 a. m. on Monday, October 6. The route will be over the Reading by way of West Milton to Philadelphia and from there to Washington on the Baltimore & Ohio, going through the tunnel under the city of Baltimore. Stop-offs will be allowed at Philadelphia and Baltimore within the limit of the tickets and the special rate has been fixed.

Already seventy-five persons have decided to go on this trip to the national capital, through the coal fields of Pennsylvania and the cities of Philadelphia, Chester, Wilmington and Baltimore. Others who desire to go with the Post are requested to notify the commander, William M. Heddons so that sufficient accommodations can be made by the Reading passenger department.

**Fortune Favors a Texan.**  
 "Having distressing pains in head, back and stomach, and being without appetite, I began to use Dr. King's New Life Pills," writes W. P. Whitehead, of Kennedale, Tex., "and soon felt like a new man." Only 25c at Pauls & Co.'s drug store.

**Getting Ready For Bradford.**  
 Members of the Danville Fire Department are getting ready to attend the annual convention of the State Firemen's Association, which will be held early in October at Bradford. The trip to the upper part of the state is an attractive one and will be taken by firemen from this section.  
 It is expected that about fifty will go from this city and the number may be larger as some of the members have the trip under consideration and have not yet decided what they will do. The Danville delegation will include representatives of all the companies and the department will be officially represented by Chief James Freeze. The next annual convention will probably be held in the central part of the state as last year Philadelphia was the place and this year the other end of the state has the honor.

**HERE'S A GOOD THING.**  
 Something you can readily believe as its Danville Evidence.  
 Grant Aten of No. 413 Church St., Danville, Pa., says:—"I have suffered a great deal from rheumatic neuralgia affecting my whole nervous system and seeing Dr. A. W. Chase's Nerve Pills recommended I got a box at Gish's Drug Store and tried them. They proved a splendid remedy giving me prompt relief in every way. I rest better and do not suffer from the continuous headaches and feel stronger and better and have more vitality than before. I cannot speak too highly of them."

**ELKS PLAY A GREAT BALL GAME**  
 Celebrated in ancient history is the field of the cloth of gold on which royalty met and the pomp of power glittered. But the twentieth century, with its lustre, its bustle, its automobiles, its wireless telegraphy and things that the kings who courted on the field of gold never dreamed of in their wildest nightmares, Friday showed that the age that is puts in the "has been" class the age that was. The field of the diamond, known as DeWitt's Park, was the scene of this latter day achievement. Danville, Lebanon and other towns contributed the shouters who greeted vociferously the advent of base ball teams from the Danville and Shamokin lodges of Elks.

Only seven innings were played, but the game was full of fun from the time Umpire Hoffman said "play ball" until the curtain, September dusk, was rung down on the scene. The Lebanon delegation was equipped with megaphones and made the pace for the "rooters". As for features they were so numerous that only a reference to the figures of the official score will reveal the brilliant plays. Danville made all its runs in the seventh, which was the last one, and the local players were just warming up when the game was called. The following is the score in detail:

Josh Westhafer, of Logansport, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff or swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by Pauls & Co., 342 Mill street.

**It Leads Them All.**  
 The Milton fair, which enjoys the distinction of being the best all round fair in Central Pennsylvania, will hold its fall meeting this year on Wednesday, Thursday and Friday, October 1st, 2nd and 3rd. The management has been particularly active this year in arranging for one of the best exhibitions the association ever held. The exhibits promise to exceed any previous year in the society's history. The attractions will be entirely new and novel and the races, unless all signs fail, will be up to the standard. In addition to the usual features of the county fair, several state celebrities are expected to be here during the week and address the people. Milton is accessible by rail from every direction and all railroads running to Milton and their connections will have a special train service with reduced rates. Come to Milton—the fair's patrons are never disappointed, or dissatisfied.

**Marriage Was Very Quiet.**  
 On Saturday last announcement was made of the marriage of Charles H. Snyder and Miss Ella Poifer, both of this city. The ceremony took place on Tuesday evening September 16 and was performed by Rev. Dr. M. L. Shindler, pastor of the Pine Street Lutheran church, at his residence.  
 The marriage was a quiet one because of the recent death of the bride's father, George W. Poifer, the groom, who is a letter carrier, is prominent in social and club circles. Both are very popular and are receiving many congratulations from their large number of friends.

**HIGH SCHOOL TO PUBLISH PAPER**  
 The pupils of the Danville High School intend issuing a monthly paper and a publishing association was organized Friday afternoon. The first issue will probably appear in October as the editorial staff is already hunting for material to fill its columns. The following are the officers of the association: President, Randall Jacobs; Vice President, Harry Hooley; Secretary, Miss Helen Irwin; Treasurer, John Mettler; Editor in Chief, William Mettler; Assistant Editor, Bert McClure; Business Manager, Edwin Moore; Advertising Manager, Edwin Moore.

An elegant supper was served and among those present were: Mr. and Mrs. Harry Waite, Mr. and Mrs. Jacob Minier, Mr. and Mrs. Andrew Thomas, Mr. and Mrs. Charles Roedy, Mr. and Mrs. Joseph Ricketts, Mrs. John Bookmiller, Mrs. John Woods, Mrs. M. **To Test The New Law.**  
 Proceedings to test the constitutionality of the mine inspector law passed by the last legislature, were instituted in Northumberland county Monday. The anthracite region will await with expectancy the outcome. Monday morning Attorneys James McDevitt, of Sunbury, and James Scarplet, of Danville, attorney for Mine Inspector Edward Brennan, of Shamokin, filed a bill of equity setting forth the unconstitutionality of the law and asking the court to restrain the name of James Tinley, the Republican nominee, from appearing on the ballot.

Constable W. D. Haupt, of Sunbury, Monday served notices on the County Commissioners, Sheriff Deitrick and candidate Tinley, who were given 30 days to file their reply. The case will then be argued before the court. The action is brought by Mr. Brennan, who is the first mine inspector to be affected by the new law, his term expiring in March, 1903.

**Teachers Scarce In Pike County.**  
 County Superintendent of Schools, Lucian Westbrook, says that teachers are growing scarce in Pike. The law requires that algebra and civil government be taught and as these two branches have not heretofore been required, applicants for schools were unprepared to take examinations. He estimates the number of those examinations this year as 40 per cent less than last year. Possibly the low wages paid in several townships may also prove unattractive to ambitious young men and women.

**A Boy's Wild Ride For Life.**  
 With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leaville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night. Like nervous curers of Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Pauls and Co's drug store."

Houses are very scarce in Danville at present and persons looking for dwellings, especially of four and five rooms have the greatest difficulty in being accommodated.

**WINTER FUEL IS MUCH IN DEMAND**  
 The people of Danville are getting their supply of winter fuel from many different sources. This does not mean that there is a plentiful supply of coal, but that much effort is required to get what is absolutely needed. It seems to be a case of everybody hustling for themselves and the most of the coal that comes here is from the river and is in car load lots. The local dealers haul the fuel for those who are fortunate enough to get a car in. Of course there is considerable wood sold, but it is delivered direct to the purchasers by the seller.

Sunbury is the shipping centre for the river coal, although some of it comes from Shamokin creek, which empties into the Susquehanna below Sunbury. The Berenice mines, in Sullivan county, operated by W. B. Ganton, have been working steadily throughout the strike, but its output is usually engaged a month ahead. Some coal is hauled here from the mine at McAuley, but a cave-in there has stopped digging for a few days. Considerable coal is now being taken out of the river here and one of the "miners" of this city yesterday disposed of three tons at a good price.

**On The Lookout For Bold Forger.**  
 The United States Express Company is annoyed by the operation of a very clever forger, who has the habit of raising its money orders from one dollar or thereabouts to ten dollars. The forger has purchased as high as nine one-dollar money orders at one place. Frequently he has used a rubber stamp with which to fill in the amount—"ten"—after erasing the original amount. The forger is about 5 feet, 8 inches in height, about 20 years of age and weighs about 160 pounds. He has light complexion, blue eyes and may have a sandy mustache. He presents a business-like appearance. He may be accompanied by a woman who is about 5 feet 1 or 2 inches in height—weighs about 130 pounds, has black hair, dark eyes, rather piercing. She is good looking and may wear a tailor made suit and small diamond earrings.

The agents of the United States Express Company have received instructions to examine carefully all money orders that may be received through banks and if they find that any of them have apparently been raised to cause the arrest of the persons presenting them for payment should they be unknown and answer the description given above.

**Hurrying Railroad Work.**  
 The Bloomsburg Press says work on the new railroad between Evers Grove and Berwick is being pushed at a lively rate. The Press says: "From Evers Grove to Low's bridge there are three hundred workmen already employed and the number is being increased daily although the contractors have been unable to take them on as fast as they are coming in. Every incoming trolley continues to bring them in and Main street, yesterday, took on the appearance of a mining town. The work of grading is being pushed rapidly forward and a remarkably large amount of work has been accomplished in the brief time that has already elapsed. An office has been opened at Light Street that will keep the contractors in close touch with the work. A car load of carts was unloaded at Light Street yesterday and there is another one ready to be unloaded today. Men to look after the feeding of this small army are already here. Manager Haupt will have the Evers Grove-Watson town branch in good shape when the new branch is completed. He has doubled the size of the section gangs, and is fast getting the road up to the standard of the best."

**SO SOOTHING.**  
 Its influence has been felt by so many Danville Readers.  
 The soothing influence of relief After suffering from Itching Piles, From Eczema or any itchesness of the skin.  
 Makes one feel grateful to the remedy.  
 Doan's Ointment has soothed hundreds.  
 Here's what one Danville citizen says:  
 Mr. D. C. Williams, Iron Roofer, 20 Lower Mulberry street, says:—"I can highly recommend Doan's Ointment. Before using it I was greatly annoyed with a burning and itching neural trouble. This led me to become interested on hearing about Doan's Ointment and I procured it at a drug store and found it satisfactory. I did not use the remedy long before it was completely cured."

**Farmer's National Congress.**  
 The farmers of this section are much interested in the twenty-second annual session of the Farmers' National Congress, which will be held at Macon, Georgia, October 7 to 10. This district will be represented by D. W. Cooper, of Northumberland county. The display of southern products at this congress will be especially large.

**Drinks Poison in Mistake for Oider.**  
 Robert Merrill, a prominent young man of Muncy had a narrow escape from death Saturday morning. He mistook a bottle containing asteric acid for elder, and swallowed about a teaspoonful before he discovered his mistake. The acid is poison. He was taken very sick, but prompt medical assistance brought him out of danger.

**A Parson's Noble Act.**  
 "I want all the world to know," writes Rev. C. J. Badlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters.
