FRANK C. ANGLE, Proprietor. Danville, Pa., Oct. 23, 1902

REPUBLICAN STATE TICKET

FOR GOVERNOR. Samuel W. Pennypacker. of Philadelphia. LIEUTENANT GOVERNOR. William Brown, of Lawrence County. SECRETARY OF INTERNAL AFFAIRS. Major Isaac B. Brown of Erie County. REPUBLICAN COUNTY TICKET. Congress (Full term). Fred A. Godcharles, of Milton. Congress (Short term). W. K. Lord, of Mt. Carmel. STATE SENATOR. Thomas J. Price. LEGISLATURE. John E. Roberts. DISTRICT ATTORNEY. Ralph Kiser. COUNTY COMMISSIONERS. J. F. Mower, Charles W. Cook. COUNTY AUDITORS. John L. Jones, E. V. Flick.

COMMUNICATIONS.

AL communications sent to the AMERICAN for publication must be signed by the writer, and communications not so signed will be rejected. The campaign which Hon. Fred A. Godcharles is putting up is a sure winner. Every day fresh evidences of his popularity are coming to light and additional promises of support are given him.

W. K. Lord Esq. is impressing the people daily with his fitness to legislate for them. It would be unwise for a laborer to vote against their own interests—and as a rule they are not unwise.

William K. Lord has been spending the past few days in Shamokin and Coal township. Lord is distinctively a people's candidate and should be elected Congressman for the short term.

We are led to believe he will be elected because he is largely a coal region candidate and the people of the coal region have it within their power to place him in a position to do them more effectual service at the coming session of the National Congress than has ever been given for the district.

The election of a Congressman in any district in the United States is of the greatest importance to all the people of that country. We often cast our ballots for some one to represent us in Congress without much thought in regard to the fitness of the candidate to represent the people of a great Congressional district in the law making branch of the government. It seems to us that at this time, in the history of our government, and having in view the unbounded prosperity that all classes of our people now enjoy from the humblest citizen to the most exalted, that the same rule in regard to fitness should prevail, in choosing our Congressman at the coming election to represent us and all the interests in the Imperial District. The advance agent of Prosperity (McKinley) made good all the burning truths that he so convincingly and eloquently spoke to his countrymen and they aroused a sentiment in the hearts and minds of the people to that extent that a Congress has been repeatedly elected that has by wise and beneficent legislation given to the country its wonderful prosperity, redeemed from the tyranny of the islands of the sea, and planted our strong banner so high, and so wide over the world that all nations are glad to have its friendship and support—all this, and far more, has been through the wise administration of a Republican Congress and Executive.

This being so, then we think our duty to ourselves and our country is plain. Two candidates in our district are asking for our support. Mr. Fred A. Godcharles the Republican nominee is a young man full of patriotism which has throughout his young life illustrated both as a citizen and in the Spanish war. He is a young man of unblemished character and of great business talent educated in one of our prominent Universities and also a graduate of one of the leading iron manufacturing of Millon. He represented his county in the legislature of 1901 preserving his integrity and winning to himself the kindest expressions from his political opponents. We believe him to be a safe man, and that the people of this district can repose the utmost confidence in him. We look to our young men, they are the hope of the Republic, and we believe that the election of Fred A. Godcharles to Congress from the district will be in line with the best interests of all our people and a recognition of a manly young man, that will be an incentive to the best effort of all our young people. Vote for Godcharles and the whole Republican ticket.

PUBLIC SCHOOLS AND THE PARTY

What Republicanism Has Done For the Cause of Education.

THE DEMOCRATS NEVER LIBERAL

Official Figures Which Prove That the Republican Party Has Made the Public Schools of Pennsylvania the Finest in the Land—Statement of What Each County Receives. Every parent in the state is interested directly or indirectly in the public schools. In this connection the fact should not be overlooked that the Republican party has, by its liberal policy made the public schools of the state what they are—the greatest in the nation. It has made liberal provision for the education and training of teachers in the state normal schools. The minimum school term has been wisely increased by legislation and provision has been made for establishing schools of higher grades in the townships. The party has never faltered in its devotion to the interests of the nonwealth in legislation for the benefit of the children in the public schools. Its policy has been earnest, fearless and progressive in opposition to a conservatism which is productive of ignorance and idleness wherever it is permitted to assert itself against the helpful influence of good public schools. The achievements of the past, in the state and nation, are a safe index to the future under the wise and vigilant control of the Republican party.

WHAT THE DEMOCRATS DID.

The highest amount ever appropriated by the Democratic party for the public schools of Pennsylvania was \$280,000 per annum from 1857 to 1860. Compare this with the splendid showing of the Republican party. In 1870 there was appropriated for educational purposes by the legislature of Pennsylvania the sum of \$500,000; in 1872 this amount was increased to \$700,000. This was the largest amount appropriated in support of popular education prior to the adoption of the new constitution. The framers of our fundamental law provided that a minimum amount be appropriated annually to the support of the common schools should be \$1,000,000. From 1874 to 1887, inclusive, the minimum amount named in the new constitution was the maximum of legislative generosity. The entire amount appropriated for all educational purposes during this period of thirteen years was \$18,599,000. In 1887 the annual appropriation was increased to \$1,500,000. In 1889 another half million was added, making the annual appropriation at that time \$2,000,000. In 1891 the amount was swelled to \$2,500,000 annually. The principal sum of \$5,000,000 annually, in 1893 another half million dollars was added, making the appropriation \$5,500,000 annually. This does not include the appropriations made for the support of the Orphan's schools, the county superintendents, departments of public instruction and of all those made annually appropriated for these purposes to the appropriations made for common schools proper, the aggregate is the magnificent sum of \$6,000,000 in round numbers. This is a monument of the wise and beneficent leadership of the Republican party in Pennsylvania.

A WONDERFUL SHOWING.

So that every reader may have the opportunity of seeing what the Republican party of our state has done for the cause of popular education during the last quarter of a century we append hereto a statement of all the appropriations made to common schools since 1860, to wit:

A NEW PORTRAIT OF JOHN MITCHELL.

Next Sunday's North American Will Contain One Ready for Framing. With an army of 170,000 strong, earnest, far-seeing men John Mitchell has won a victory that ranks him among the greatest captains the world has known. All eyes are turned toward the hero of the hour.

Millions of his fellow-Americans to whom his name has grown daily more familiar are asking one another, "What manner of man is this conqueror of trust monopoly—this organizer of victory?" Yet so quiet and modest is John Mitchell that very few have been able to gratify their natural curiosity to know more about his personal appearance and private life. The Philadelphia North American is going to satisfy the public by issuing with its SUNDAY EDITION A FULL PAGE COLOR PORTRAIT OF THE GREAT LEADER AS HE IS TODAY.

Remember, the Philadelphia Sunday North American of Sunday, October 26. When you wake up with a bad taste in your mouth, go at once to Paules & Co's drug store and get a Free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

Many Reported for Work. Tamaqua, Oct. 22.—In the Panther Creek valley this morning the old men began to return to work. Most of those who reported for duty today were pumpmen, firemen and fire bosses. Superintendent Zeller told them all to take their old places. It is expected that tomorrow morning every man will report for work. Assistant Superintendent Young, of the Lehigh Coal and Navigation company, received orders today to give work to all who applied. If there are any positions filled by non-unionists positions equally as good must be found for them. This is calculated to satisfy union and non-union men alike.

He Still Traps for Bear. The most interesting of all the hunters in Central Pennsylvania is George Burns, Sr., of Selingsgrove, who will celebrate his ninetieth birthday next January. Notwithstanding his years Mr. Burns is as active as a kitten, enjoys excellent health, and has remarkable sense of all his faculties. "Pappy Burns," as he is familiarly known by all, returned Saturday from a hunting trip in Union county, where he taught his two grandsons how to trap for bear. Mr. Burns' experience in bear hunting has taught him that bear and coon also, are very fond of fish. The boys having caught a ten-pound carp, took the head of the fish and baited the trap with it. The following morning, when he and the two boys went to look at the device, a 200 pound bear was their trophy.

As to Union Labels. It was a Republican legislature in Pennsylvania that passed this law, viz: "Every union of workmen, having adopted and registered under the provisions of this act any trade mark, label, symbol or private stamp, shall have, possess and enjoy full, complete and unquestioned power and authority to name, make, dictate and specify the conditions and limitations under which the same may be used by any person or persons employing the member or members of said associations or unions, or manufacturing any article or articles upon which any such trade mark, label, symbol or private stamp may be affixed, or using in any manner in his or their business the label, symbol or any such trade mark, label, symbol or private mark, so registered." (P. L. 1901, page 114.)

A Typical South African Store. O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's Remedy. I can testify to the value of a household while a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by Paules & Co., No. 352 Mill street.

Re-purchased "The Gem." R. W. Egbert has re-purchased "The Gem," which some months ago he sold to J. O. Eoryer. Mr. Eoryer left Wednesday morning for Saratoga with his family where he has accepted a position on the "Truth" of that city.

Gray? "My hair was falling out and turning gray very fast. But your Hair Vigor stopped the falling and restored the natural color." It's impossible for you not to look old, with the color of seventy years in your hair! It helps you are seventy, and if you like your gray hair, you can use Ayer's Hair Vigor. In less than a month your gray hair will have all the dark, rich color of youth.

At The Theatre.

"My Friend Hogan." One of the funniest shows of the season is the general verdict of every one who sees the revival of a well-known authors farce, "My Friend Hogan," as played by Mullen and Dunn's Comedians. This play will appear at the Opera House on Tuesday evening, October 28.

The Big Minstrel Show. Gus Sun, the well-known minstrel magnate and his superb company of burnt cork artists are scheduled to appear at the Opera House, Oct. 29. The company this season is without question the finest organization of its kind in the minstrel world. There is nothing with the show that is old except the name. Every feature, act, song or dance is new and ahead of the times. The program is the most complete and superb ever offered by a minstrel company.

First Strike in U. S. It is interesting to recall, in connection with the anthracite coal strike, that the shoemakers were the first strikers in this country of whom there is any record. Three hundred of them struck for higher wages in 1796 in Philadelphia and their demands were acceded to. The first railroad strike occurred in 1857. But in 1894 came the strike which is perhaps the most notable in the history of this country.

Over-Work Weakens Your Kidneys. Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excretion of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or untidy heart beats, and makes one feel as though they had heart trouble, because the heart is overworking in pumping thick, kidney-poisoned blood through veins and arteries. It is to be noted that only many troubles were to be traced to the kidney, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.
