CONDENSED NEWS.

Council meeting tomorrow night.
"The Fast Mail" at the Opera House
tonight.

Danville has plenty of room for new
industries.

Secure reserved seats for Brooke's
Marine Band Orchestra at the Opera
House tomorrow night.

An oyster supper will be given at
the Salvation Army Hall on Saturday
evening.

The Reading goose bone weather
prophet refuses to make weather pre-
dictions for the coming winter until
he has seened the breathes of a
goose that was born last spring.

As the time of the year is at hand
when diphtheria, scarlet fever, typhoid
fever and other contagious diseases are
liable to break out, citizens should
see that their cellars and back yards
are thoroughly cleaned and placed in
a sanitary condition.

The opinion just handed down by
the superior court relative to indebted-
ness of a township in Luzerne county,
which is to the effect that townships
must pay their own debts, is of far
reaching interest and should be weight-
well. The suit grew out of a town-
ship in Luzerne county with 7,000 in-
habitants having a debt of \$64,000.
The superior court directs that a spec-
ial levy be made on the taxables, based
on the valuations as revised by the
county commissioners.

The hunting season will end Decem-
ber 15, and the woods from now until
then will no doubt be filled with hunt-
ers.

* Miss Florence Ephlin, Honeymoon
street, is convalescent after an attack
of typhoid fever.

The Pennsylvania and Reading rail-
road companies played Santa Claus a
little ahead of the game, but the thou-
sands of men who get the benefit will
be just as thankful. It was a joyful
surprise.

With a majority of people the most
interesting live stock exhibit at this
time of the year is a pen of big fat
turkeys.

A young son arrived at the home of
Mr. and Mrs. William Boyer, Honey-
moon street, on Sunday.

Building operations in the city are
being hurried to avoid a premature
cold snap.

An empty railroad car—unless it is
being hurried for a load, is a scarcity
these days.

Invitations have been received in
this city for the Catawissa Thanks-
giving dance. This promises to be
one of the social events of the season
in this section of the state. Prominent
men from the surrounding towns have
been invited.

The possibilities of transportation
are exemplified by the existing freight
blockade. The trackage may have to
be doubled.

The Danville Defenders have arrang-
ed a foot ball game with the Catawissa
team, which will be played at De-
Witt's Park on Saturday afternoon.
The game will be called at 3 o'clock
and the admission will be 15 cents.

No matter how long delayed the
winter always finds us unprepared.

Christmas magazines are beginning
to appear in spite of the weather. The
Christmas numbers, however, stick
closely to the calendar, while the
weather follows its own sweet will.

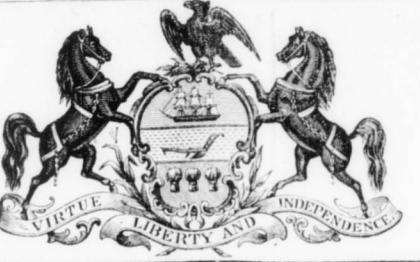

Wild geese have been flying south-
ward during the past few days.

Council will convene at 7 o'clock
Friday night, instead of at 8 o'clock,
the usual hour, so as to give the mem-
bers an opportunity of attending the
concert by Brooke's Marine Band
Orchestra in the Opera House.

The Prohibition Alliance will meet
tonight at 8 o'clock. A full attendance
is urged.

John Olson, a Swede, who is em-
ployed in the Erie shops at Susque-
hanna, Pa., on Monday attempted to
commit suicide by swallowing a quantity
of carbolic acid. He escaped with a
badly burned mouth. He said he
"wanted to go to heaven." He has
twice been an inmate of the Danville
asylum.

DAILY REPORT OF THE RIVER

THE COUNTY INSTITUTE

The street commissioner has now completed the work of cleaning up the streets of the borough. The gutters are now open and the streets never presented a neater and cleaner appearance on the approach of winter. The danger of flooded pavements caused by the choking up of gutters when the snow melts which was much feared has now been removed.

The street commissioner says that he never saw such an accumulation of leaves in his life, as lay upon the streets this fall, due no doubt to the wet season. How to get rid of them formed quite a problem. Immense quantities were carted away. Where at all practicable they were gathered up in heaps and burned on the street.

Street Commissioner Dean has also given Blizzard's Run a good cleaning out from the D. L. & W. Railroad up to the borough line. All accumulations of whatever sort have been thrown out so that the channel, relieved of all obstruction, will drain off the water in time of heavy rain with little difficulty.

The D. L. & W. Railroad Company today will put a force of men at work cleaning out the culvert under the D. L. & W. track, which was reported at the last meeting of Council as badly filled up and likely to cause considerable flooding when the first high water occurs.

Barber Shop Burglarized.

The barber shop of Thomas Evans, Bloom street, was broken into Sunday morning and about seven dollars' worth of tobacco was stolen. The goods were contained in the window and all the burglar had to do was to smash the glass and abstract the tobacco. The shop evidently was not entered by the burglar.

There is no clue to the robber, although it is known that the shop was broken open after 1:30 o'clock Sunday morning. At that hour the police officers passed down Bloom street and found everything all right.

This is the second time within a few years that Mr. Evans' shop has been burglarized.

Foot Hurt in an Odd Way.

Miss Fredericka Kauffman of the Montour House, injured her right foot in an odd way Friday and is suffering considerably from the effects.

While at work in one of the bedrooms she struck the foot against the sharp edge of a chair rocker. Although the pain was intense she soon recovered and went on about her work. Shortly afterward the foot began to swell and Miss Kauffman became unable to walk. Dr. James Ogleby was summoned and an examination showed that a small blood vessel had burst in the foot. The patient was taken to the residence of Mr. James Riehl, Front street, where she was resting easily Friday night.

Knee Out With An Axe.

David Huber of Riverside, was obliged to use crutches yesterday as the result of an accident he met with on Thursday. He was carrying an armful of wood into the house, holding the axe in his right hand. A kitten ran under his feet, which caused him to stumble, falling with his knee upon the sharp edge of the axe. A deep gash was inflicted, which bled profusely. He will be lame for some time.

Work on New Bridge Begun.

Work was begun on the new iron bridge over Mahoning creek at Center street yesterday morning. W. B. Cummings, of Columbus, O., representative of the Nelson & Buchanan Company, arrived in this city Tuesday night to oversee the erection of the new bridge. He is staying at Hotel Oliver.

Mr. Cummings yesterday stated that the bridge may be completed by Friday night, if not delayed by the stone masons, whose services will be needed as the work progresses.

Birthday Party.

Miss Ethel, the daughter of Mr. and Mrs. Jesse Shannon, South Danville, last evening was tendered a surprise party in honor of her twelfth birthday. Among the guests were: Margey Keart, Bertha Clayton, Nora Smith, Ollie Smith, Nellie Smith, Carrie Woodruff, Leah Kase, Mary Gramm, Alice McCloughan, Margaret Kimbel and Mabel Kimbel.

Building New Coal House.

Harry Kinison of Mrs. Peter Dunn, Church and Lower Mulberry streets, will be confined to the house for a couple of days as the result of an accident sustained yesterday. With some other boys he was amusing himself by extracting the balls from gun shells and sustaining a compound fracture of the arm and several minor injuries. Houghton was engaged in shifting a plank overhead when he lost his footing, at least two months before cold weather sets in for good. That there will be no snow he regards as certain from the fact that the mountain grass is not high enough to insure feed to the mountain birds and fowls. Nature, says he, is not cruel enough to starve the innocent birds.

A Dangerous Pastime.

William Houghton of Sunbury, a carpenter employed on the Pennsylvania Railroad, fell from the railroad bridge at Mainville about noon yesterday and sustained a compound fracture of the arm and several minor injuries. Houghton was engaged in shifting a plank overhead when he lost his footing, at least two months before cold weather sets in for good. That there will be no snow he regards as certain from the fact that the mountain grass is not high enough to insure feed to the mountain birds and fowls. Nature, says he, is not cruel enough to starve the innocent birds.

A Carpenter's Bad Fall.

William Houghton of Sunbury, a carpenter employed on the Pennsylvania Railroad, fell from the railroad bridge at Mainville about noon yesterday and sustained a compound fracture of the arm and several minor injuries. Houghton was engaged in shifting a plank overhead when he lost his footing, at least two months before cold weather sets in for good. That there will be no snow he regards as certain from the fact that the mountain grass is not high enough to insure feed to the mountain birds and fowls. Nature, says he, is not cruel enough to starve the innocent birds.

Rabbits May Be Sold.

The open season for rabbits began on November 1st, and continues until December 15th. Secretary Kabins, of the Game Commission, in a recent interview, stated that rabbits could be bought and sold, likewise squirrels, as neither are included in the list of game that cannot be sold or offered for sale.

Time Extended.

A general order has been issued from the Adjutant General's office extending the N. G. P. rifle practice session until November 29. This extension was not needed in the Third brigade and it is doubtful if either of the others will profit by it. There are still a few men not qualified as marks-men but with the opportunity the bad men will be put to the test.

John Olson, a Swede, who is em-
ployed in the Erie shops at Susque-
hanna, Pa., on Monday attempted to
commit suicide by swallowing a quantity
of carbolic acid. He escaped with a
badly burned mouth. He said he
"wanted to go to heaven." He has
twice been an inmate of the Danville
asylum.

THE COUNTRY INSTITUTE

MISSIONARY FROM MEXICO

PERSONAL PARAGRAPHS

DAILY REPORT OF THE RIVER

THE COUNTY INSTITUTE

The meeting of the Woman's Home and Foreign Missionary society of St. Paul's M. E. church held yesterday afternoon possessed an unusual interest owing to the presence of Mrs. Purdy of Sunbury, District secretary, and Miss Purdy, a missionary of Puebla, Mexico, both of whom gave talks.

The attendance was something larger than usual, there being present not a few ladies from other churches who are interested in missionary work.

Mrs. Purdy gave a very interesting talk setting forth many facts relative to missionary work in the district that were full of encouragement to the members.

Miss Purdy's talk possessed a peculiarity interesting as it did from one who had so actively participated in the work she described and who had recently returned from the missionary field. She began by paying a fine compliment to her co-worker, Miss Limberger of this city, whose perseverance and progressive teaching she said, has contributed to a marked degree to bring the mission school of Puebla up to its present high standard of excellence.

The girls school at Puebla is of especial interest to the young People's Missionary societies of Central Pennsylvania Conference, as it is to its support that their contributions are applied. The mission school embraces a ten years' course, beginning with the kindergarten and ending with the normal department. Some three hundred pupils are in attendance and the school is partly self-supporting.

Miss Purdy states that infidelity prevails in Mexico to an extent little dreamed of in this country. The young of many families even of the most aristocratic and wealthy class, receive no religious instruction whatever. Infidelity is openly taught in the schools.

Christianity is described as a system which belongs to a bygone day—a system which perhaps had its uses under once existing conditions, but which has now given way to a better system of philosophy, which is understood to mean agnosticism or some other form of infidelity. The superior methods employed in the mission school and the special pains taken to develop character seldom fail to impress the parent if at all discerning and thus many young girls from the better families are placed in the mission school, where they are brought under Christian training and where in many instances they adopt the Christian faith.

A characteristic trait of the Mexican people, is their extreme politeness. This is not only manifest in the parlors, but Miss Purdy states that during all the time that Miss Limberger and herself have been identified with the school at Puebla, neither of them has been the object of the least discourtesy nor received an unpleasant word from any of the patrons. The people, regardless of their unbelief, are intelligent and polished, many of them having completed their education in European schools.

The Mary M. Packer Hospital was called up "phone Monday afternoon and information to the above effect was given. The injuries sustained were much worse than was at first supposed. The bones of the right foot, the toes of which were severed by the care, were found so badly crushed as to render amputation necessary at the ankle.
