Danville, Pa., Nov. 20, 1902 MITCHELL ENDS HIS TESTIMONY

SCRANTON, Nov. 19.-John Mitchell, President of the United Mine Workers', went on the stand again this morning to give testimony before the Anthracite Strike Commission. Mitchell has been under the cross fire of questions for the last five days that the commission has been sitting. His views on all points concerning the anthracite situation as well as those on labor and economic questions have been brought out and his testimony the question, he said. Mr. Roberts has rarely been vague. Opposing had statistics from 1820 until the prescounsel admit that Mitchell has been ent time a remarkable witness. With the conclusion of Mitchell's testimony the presidents of the of the three anthracite districts will probably be called.

PULLING UP THE LAWYERS

Commissioner Grav, before the cross examination of President Mitchell by Walter Rose counsel for the Delaware. Commissioner Gray said that Mr. Mitchell's testimony had been full and complete, and as sufficient to he entirely helpful to the commission.

Rose asked what action the union mine workers took toward members who were charged with the commis sion of violence. Mitchell answered that no violence charged had been proven in courts of law, and the organization took no action

Mr. Mitchell read from the trade agreement in Illinois, which declared that the contract should in no way be set aside by any provision of the constitution of the local State or national organizations.
