RAILROAD TIME TABLES. D. L. & W. R.

J. J. BROWN.

THE EYE A SPECIALTY. Eyes tested, treated, fitted with special artificial eyes supplied.

FUNERAL OF JOHN SECHLER

John Sechler who departed this life on Thursday last was consigned to the grave in the Episcopal cemetery yesterday afternoon.

Six of the grand-sons acted as bearers and as they bore the body into the church the choir sang softly "Our Loved One's Gone Before."

The large lecture room could not contain those who came to bear the last tribute of respect to the living to the dead, and many were seated in another room opening into it.

The choir sang "When the sun goes down" and "The Christian's Good Night". The flowers were very beautiful and consisted of the following pieces: A pillow from his children.

The bearers were grandsons and were Charles Kramer, Charles Hunt, Walter Swank, William Shutt, Frank Bargner and Claude Eggleston.

Scatter flowers of his pillow. Fragrant flowers, white and Lay the buds upon his bosom.

Surprise Party. A pleasant surprise party was tendered Mrs. Jacob Gerst at her home on Lower Mulberry street on Saturday evening.

Unconscious From Cramp. During a sudden and terrible attack of cramp our little girl was unconscious from strangulation.

Mustard Caused Death. The coroner's inquest on the death of Ralph R. Logan, of Reading, cousin of William Logan and family, of Bloomsburg, rendered a verdict that death was caused by dilatation of the heart artery, causing paralysis of the right; dilatation being caused by violent straining, due to irritation of the stomach from the excessive use of mustard. It will be remembered that the young man had died suddenly after eating a ham sandwich and at the inquest it was testified that he had covered both sides of the ham in his sandwich with mustard.

New Century Comfort. Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pain from Burns, Scalds, Cuts, Bruises; cures Urticaria, Salt Rheum, Blisters and Pains; removes corns and Warts; Boils cure on earth. Only 25c at Pauls & Co. drug store.

MONTOUR RECOGNIZED

Our Representative R. S. Ammerman is making his presence felt at Harrisburg. Never before has Montour county been recognized as at present.

Not only has our member been given a place on most of the important committees but three Montour county Democrats have been endorsed in caucus for positions in the House.

Following are the committees on which Representative R. S. Ammerman has been appointed: Judiciary General, which is the administrative committee of the House.

Public Buildings and Grounds, a committee which passes upon all resolutions or laws relating to the progress of buildings in the course of construction and the regulation of the Public Grounds.

Compare Bills. In this committee the duty of the members is to pass upon all laws coming before the House with favorable recommendations from various committees.

Mr. Ammerman is also on the Congressional Apportionment Committee. Through a mistake of the Associated Press reporter the amount asked by Mr. Ammerman's appropriation bill relating to the hospital here was wrongly stated in the newspapers.

Eighty thousand dollars for erecting and furnishing a building for use and accommodation of sick and helpless female patients.

Ninety-five thousand dollars for erecting additions and extensions to the main building to provide wash rooms, bath rooms, toilet rooms, etc.

Fifteen thousand dollars for a plant and the piping necessary for proper disposal of sewage, which is now contaminating the Susquehanna river at a point 3000 feet above the intake of the water supply of Danville.

Eleven thousand dollars for a filtration plant and the proper increase of boilers, stacks and apparatus made necessary for same.

Six thousand three hundred dollars for additional real estate for dairy purposes.

THIS IS A FACT. There is no Question About It. Its Plain Statement of Facts. Made by a Danville Resident.

Mrs. M. Fields of No. 128 Pine Street, Danville, Pa., says: I have been bothered a good deal for some time with a nervous indigestion and was feeling poorly generally. I did not rest well and had frequent nervous headaches.

I got some of Dr. A. W. Chase's Nerve Pills at Gosh's Drug Store and used them and felt that I received a very decided benefit. I rested better and felt toned up and better generally.

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

A Point to be Decided. The troublesome question in regard to the compulsory education law, which sprang into annoying existence in Monroe county recently, has come into Cumberland county to bedevil the inhabitants of that peaceful section of the State.

Here, then, is a matter in which the citizen, who is so hemmed about with many laws that he can only with the utmost difficulty walk through with out stumbling over one or more of them, cannot decide for himself what he can or cannot do. One legal luminar tells him he may lawfully do such a thing, while another declares that it is the very thing he must not do.

Here, then, is a matter in which the citizen, who is so hemmed about with many laws that he can only with the utmost difficulty walk through with out stumbling over one or more of them, cannot decide for himself what he can or cannot do.

Made Applications for Charters. The Amalgamated Association of Iron, Steel and Tin Workers is making rapid strides among the iron and steel workers of the eastern part of the State.

Election Notice. Notice is hereby given that an election will be held by the stockholders of the "Colonial Spinning Mills, (Incorporated)," at their office in the Borough of Danville, Pa., on Saturday, February 28, 1903.

DEMOCRATIC PRIMARIES

In the First Ward the primary election was held in the Grand Jury room on Saturday evening George W. Miles was elected chairman and John G. Waite and John G. Vastine secretaries.

Following are the nominations made: Councilman, Dr. P. C. Nowhaker; School Director, Dr. I. G. Barber; Judge of Election, George Ross; Inspector, Thomas Trainor, Jr.; Poor Director, Theodore Hoffman, Sr.

John H. Gernet and A. C. Roat were appointed by the president as delegates to the Borough and the District Convention. They were instructed to support William G. Parsel for Burgess, E. W. Peters for Tax Receiver and John L. Russell for Auditor.

The question arose whether or not Mr. Parsel, the present Burgess, is eligible to the office under the law, which prohibits a chief Burgess from serving two terms. The question was referred to R. S. Ammerman, Esq., who stated that in his opinion the intent of the law is to prohibit the chief Burgess elected to the office from succeeding himself by re-election.

Early this morning General Superintendent Huntington and General Manager Boiler gave out this statement relative to the wreck: "There was no excuse for the wreck. Davis ran past his signals, which were set against him. This is shown conclusively, because the signals are still set and will remain so until the track has been cleared. This shows they were working properly and that Davis was a new man and was running early. He usually took that engine when the regular engineer was out duty."

Plainfield, N. J., Jan. 28.—It is estimated here at 11 o'clock this morning that the list of dead in the wreck of the Central Railroad of New Jersey will reach thirty.

An accurate estimate may never be made, as the ruins of the Eastern train were pulled out from under the wrecked engine of the Philadelphia flyer party of bodies were found and it is believed many were buried.

Engineer Davis, of the Philadelphia flyer, who was supposed to have died after being pulled from under his engine, is still alive in the Plainfield hospital. He is in a dying condition.

So far the railroad authorities and police have succeeded in getting a list of the dead, but there are six bodies in the Plainfield morgue still unidentified and several bodies scattered through the little hamlets in this vicinity.

Several unidentified bodies are in the Westfield railroad station. The bodies of some of the unidentified are battered and burned beyond recognition.

Most of the dead belonged to this city and scores of families are mourning the sudden snuffing out of the lives of relatives or friends, or are nursing the wounded.

Instead of the death list growing smaller with the day, it seemed to grow larger. When the news of the catastrophe reached Plainfield the excitement became intense. Many asked for the names of the dead and injured, and the trains bringing bodies and wound up were the centres of crowds.

Today numbers of people are inquiring anxiously for relatives who have not been seen since the wreck. The whole town is plunged in gloom and when the funerals of the victims are held a day of mourning will be declared.

DOUBT CANNOT EXIST. Investigation is only strengthened the Proof we give in Danville.

There must be something stronger than imagination behind expressions of such representative citizens of Bloomsburg as Mr. Geo. Milfin, a gentleman well-known not only in Bloomsburg but in the surrounding country. Anyone is at liberty to question him about the subject he discusses, when matters particular can be obtained. He says:

Mr. Geo. Milfin, Dentist, of Main street, Bloomsburg, says: "I procured Doan's Kidney Pills from Meyer Bros. Drug Store for my brother-in-law, Peter Leisinger, living at Bear Gap. He suffered intensely from the kidneys and from pain in his back and loins. The usual accompaniments of inactive kidneys were present, and added to his misery. Doan's Kidney Pills which I sent him gave positive relief. He has profited thoroughly made known the merits of this remedy in this section."

For sale by all dealers. Price 50 cents. Ester Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name—Doan's—and take no substitute.

Telephone Eavesdroppers. Danville people who are in the habit of listening to private conversations carried on over the telephone lines and repeat the same to others are probably not aware that there is a law against so doing. The following section of this law may be interesting to them:

"That in case any person, superintendent, operator or subscriber who may in any other capacity be connected with any telegraph or telephone line in this State shall use or cause to be used, or make known or cause to be made known the contents of any dispatched sent from or received at any office in this State or in any unlawfully expose another's business or secrets, such person shall be deemed guilty of a misdemeanor, and upon being duly convicted thereof shall for every such offense be subject to a fine of not less than \$100 or imprisonment not exceeding six months, or both, or either, in the discretion of the court."

Trust these who have. I suffered from catarrh of the worst kind and never hoped for cure, but Ely's Cream Balm seems to do even that. I was cured. I suffered from catarrh: it got so bad I could not work: I used Ely's Cream Balm and an entirely well.—A. C. Clark, 34 Shawmut Ave., Boston, Mass.

The Balm does not irritate or cause sneezing. Sold by druggist at 50c or mailed by Ely Brothers, 50 Warren St., New York.

PHIOPY KILLED FIFTY INJURED

New York, Jan. 28.—An appalling railroad wreck occurred last night on the Central Railroad of New Jersey, near Westfield, N. J.

Conservative estimates this morning place the number of dead at twenty, although railroad officials stated that they had accounted for but fifteen dead, fourteen of whom were taken from the wreck and one who died afterward.

When a damp dawn broke over the scene of the horror near Westfield this morning, searchers were still digging among the smoldering ruins, not knowing what fresh gruesome finds they might make.

The flames which started after the wreck, added to the night's traffic, but now they have been extinguished and the tracks cleared, so that traffic was resumed, but there was no assurance that all the dead had been found and some of the bodies were still unidentified.

Engineer W. E. Davis, of the Royal Blue flyer, which crashed into the Eastern local and tore it apart like so much paper, seems to have been responsible for the terrible slaughter, according to the railroad officials.

Early this morning General Superintendent Huntington and General Manager Boiler gave out this statement relative to the wreck: "There was no excuse for the wreck. Davis ran past his signals, which were set against him. This is shown conclusively, because the signals are still set and will remain so until the track has been cleared. This shows they were working properly and that Davis was a new man and was running early. He usually took that engine when the regular engineer was out duty."
