VOL. 48-NO 7. DANVILLE, PA., THURSDAY FEBRUARY 12, 1903. ESTABLISHED IN 1855.

A WATCHMAN IS WANTED

The Borough council held a regular meeting Friday night, there being a bare quorum present consisting of Vastine, Dougherty, Montgomery, Swank, Brandt, Gibson and Lloyd.

Ralph Kiser, attorney for the Danville School Board, called attention of Council to a bad washout on Chambers street, which threatens to impair the foundation of the Welsh Hill school house.

Mr. Gibson raised the question whether it is an "unavoidable evil" that the electric lights of the borough should go out on every windy night.

Last month's bill was referred to when it was found that it contained a rebate of fifty nine cents for "lights out."

On motion of Mr. Montgomery the Borough decided to purchase the patent shelving installed by Seidel & Bansch in the City Hall store.

MNEMOLOTON ENCAMPMENT

Yesterday was an important day in the history of Mnemoloton Encampment No. 40, when 69 new members were initiated into its mysteries and its session was honored with the presence of the officers of the Grand Encampment.

These officers in connection with the officers of Mnemoloton Encampment, No. 40 during the afternoon and evening conferred the various encampment degrees upon sixty candidates.

This is an infusion of new blood into the encampment which will make it one of the strongest in this section and will have a revivifying influence upon the encampment of Milton, Sunbury, Shamokin, Catawissa, and others in towns near by.

The Encampment is the higher order of Old Fellows and bears the same relation to the subordinate lodges that the Chapter does to the symbolic lodges of Freemasonry.

The following members were present at the Council chamber last night. The special meeting had been called for the purpose of taking action on the transfer of the lease of the store room in City Hall held at present by Seidel & Bansch.

There were two applicants for the room, who have been negotiating with Seidel & Bansch for their stock of goods. These are Abram Rosenberg of this city and L. F. Stein of Baltimore.

LEFT ARM AMPUTATED

Alvin A. Hartzell, formerly of this city, who about six years ago removed to Sparrow's Point, Md., met with a terrible accident on Friday, by which he lost his left arm.

Precisely how the accident occurred has not been learned in this city. Alvin was employed in the big iron works at Sparrow's Point. Mr. and Mrs. Benjamin Hartzell, Mowry street, the parents, on Saturday morning received a hurriedly written letter relative to the affair from which it was gathered that their son early Friday morning, while working about the rolls missed his footing and fell with the result that his left arm was caught in the gearing.

The unfortunate man was taken to the hospital at Baltimore, where the injured member was amputated at the elbow. He was accompanied by the hospital by his brother, John Hartzell and nephew, Blaine James, both of whom are living at Sparrow's Point.

A telegram was received in this city Saturday evening by W. E. Lungor, a brother-in-law, which stated that Alvin was doing very well and was suffering no bad effects of the operation.

The injured man was married a little over a year ago to a young lady of this city. He is a cousin of John Hartzell who lost an arm in an accident at the Structural Tubing Works a few years ago.

RELATING TO THE SCHOOLS

The School Board held a regular meeting Monday night, the following members responding to roll call: Barber, Orth, Redding, Harpel, Workheiser, Rockafeller, Fischer, Keeler and Beyerly.

Superintendent Gordy presented his report for the month ending February 6, in which the following points were noted:

The total number of pupils in attendance during the month was 1251, 610 of whom are males and 621, females. The total average daily attendance was 1076; males, 530; females, 546. Number of pupils absent during the month, 749. Number of pupils sick, 334. Number of deaths, 1. Number of pupils who left school, males, 14; females, 7.

Superintendent Gordy stated that the schools have been very much handicapped by the prevalence of grippe and bad colds, which have not only affected the pupils but also the teachers, several of whom have been obliged to leave their schools over to a substitute. The large number of pupils sick shows to what extent illness prevails.

Superintendent Gordy reported that Mr. Gunter of Bucknell University who is acting as a substitute for Professor J. C. Carey, Principal of the High School, is meeting with good success and is very popular with the pupils.

Dr. Barber, the attending physician reported to the board that Professor Carey, who had a bad attack of grippe, is rapidly convalescent and unless unforeseen complications arise will be able to resume his place in the High School next Monday.

Treasurer Schram presented a statement of finances to date which revealed a cash balance on hand of \$7408.79. On motion the use of the High School room was granted to the Senior class one hour each Friday evening for the purpose of preparing for commencement exercises.

The following bills were approved for payment: C. H. Schmidt \$38.40, H. G. Salmon 3.25, Leniger Bros. 12.25, Standard Gas Co. 3.40, H. R. Moore 3.45, U. L. Gorry 2.00, Henry Romer 1.25, Esther Chesnut 25.00.

Inspection Dates. Here is something which every member of the Twelfth Regiment should cut out and paste in his hat. Colonel Clement on Saturday issued General Order No. 1, announcing the dates upon which the various companies of the annual spring inspection. The schedule is as follows: March 14-Company E, Sunbury.

March 15-Company B, Williamsport. March 17-Company G, Williamsport. March 18-Company K, Sunbury. March 20-Company I, Williamsport. March 21-Company A, Lewisburg. March 23-Company D, Williamsport. March 24-Company C, Milton. March 25-Company H, Lock Haven. March 27-Company F, Danville.

The officers of the field and staff in Sunbury will inspect with Company E and those in Williamsport with Company B.

The inspection will cover about the same ground covered in the last spring inspection though the methods may vary some. Now that the dates have been announced the companies know just how much time they have for preparation and as the time is very short it is necessary for all to do some hard work during the next few weeks if they expect to retain their previous records.

Made a Wreck of the Buggy. Dr. W. R. Paules' horse ran away shortly after noon Monday making a complete wreck of his carriage. The doctor was in the act of stepping into his buggy, which had been driven up to his residence, when the horse taking fright gave a spring and before the lines could be seized dashed down the street leaving the doctor behind. The horse ran up Mill street and at J. H. Cole's turned up Lower Mahoning street. A short distance beyond one of the front wheels came off. Dragging the buggy after him the horse continued his mad flight as far as Blizzard's run, where he was caught. By that time the carriage was nearly a total wreck.

Jersey Shore Banishes Hogs. At a recent meeting of council it was decided to banish all hogs from Jersey Shore, and the law committee was instructed to proceed along legal lines against all who refuse to obey council's mandate. Several years ago and it is an excellent sanitary measure.

The Easy Pill. DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. Gosh & Co. Paules & Co.

Uniforms for Messenger Boys. It is probable that in the near future all messenger boys employed by the Pennsylvania railroad will be equipped with uniforms. Now they are wearing only caps.

JACOB MOYER IS DEAD

Our former townsman, Jacob W. Moyer, of Berwick, who was stricken with paralysis Thursday last, died Tuesday morning about 7 o'clock.

The deceased was a native of Montour county and spent the greater part of his life in this city. He was a member of the firm of Cruikshank, Moyer & Company, being at the head of the machine department. He was a very skillful mechanic, excelling especially as a draughtsman. Some years ago he removed to Berwick, where at the time of his death he was foreman in the pipe turning department of the American Car & Foundry Company.

The deceased, who was a brother of Liveryman G. C. Moyer, William H., Bigler D. and Miss Alice Moyer of this city, is survived by his wife and five children: Maggie (Mrs. Fred Kramer), Misses Ella, Cora and Virginia and Horace and Walter Moyer. He was 65 years of age.

The deceased was an Odd Fellow, a member of Calumet Lodge, No. 279, this city. He was also a member of Goodrich Post No. 22, G. A. R., of this city. He enlisted twice during the Civil War. As a member of the 132 regiment he participated in the battles of Antietam, Fredericksburg and Chancellorsville.

There were probably few men who had more friends than Jacob Moyer. Modest and retiring in his manner, he was at the same time always prominent in every movement of reform or progress. He was the soul of honor and integrity, true to his friends and kind and courteous to all around him. The funeral will be held on Friday next. After a service at the family residence in Berwick the remains will be brought to this city for burial, arriving on the 12:44 D. & W. train. The funeral will proceed directly from the depot to the Odd Fellows' cemetery where interment will take place.

Important Facts for Voters. Election day - February 17th - is rapidly approaching, at which important municipal officers are to be chosen.

There are always some among our citizens who do not know how to vote and many who do not know how to enforce their right to vote if any one challenges them. A young man between twenty-one and twenty-two years of age is entitled to vote on age without having paid tax of any kind.

A young man who will celebrate the twenty-first anniversary of his birth on Wednesday is entitled to vote on age on Tuesday. That question has been so decided by the courts. If he was born February 17, 1882, February 19, 1903, will be the first day of his 22nd year.

When he has passed his 22nd birthday he can no vote unless he has paid a state or county tax. Paying a school or borough tax does not entitle anyone to a vote. The tax must have been assessed at least two months before the election, and paid at least one month before, and not more than two years before. If you are in doubt about this question look at date of your tax receipt. If it is not less than a month or more than two years old and states on its face that it was for a state tax, or for a county tax, you are a qualified voter, so far as the tax question is concerned.

If you are an owner of real estate the title to which is held by you and not by your wife or some one else you can vote "whether you have paid a tax or not."

The young man who votes on age can vote anywhere that he may happen to be in the state of Pennsylvania. He does not have to go home to vote. If he is twenty-one or more years of age he can, if qualified, vote only in his own precinct. If he is a single man and sleeps in one precinct and takes his meals in another, and has his washing done in a third he can decide for himself which of the three precincts he will claim residence, but can only vote one.

When a man claiming the right to vote appears at a polling place it may be that his name is not upon the list of voters in the possession of the officers of election, and on that account his right to vote may be challenged. Such non-registered voter need not be alarmed, he may still be able to establish his right to vote.

Peculiar Incident of Wreck. Railroaders are talking of a peculiar incident that was not noticed in the published accounts of the wreck at Lofty last Friday evening. When engine 346 and the Flyer crashed together a small carbox was the only car attached to the former. Extraordinary as it may seem the latter was not damaged in any way nor did it leave the track after the crash which almost destroyed the two locomotives. Instead the coupling between the engine and carbox was broken and the latter was shuttled back along the rails for about 50 yards before it came to a standstill.

Railway Men Growing. The Brotherhood of Railway Trainmen shows the following figures for the last year: Number of lodges organized, 32; net gain in membership, 854; total membership, 54,000 amount paid in death and disability claims, \$88,000; amount in treasury, \$80,000. The brotherhood beyond a doubt is steadily gaining ground. It has a great many members on the local roads and seemingly is doing much to promote the welfare of the rank and file.

HELD UNDER \$400 BAIL. Jesse Casiner and William and Elmer Roan, who were arrested Sunday charged with breaking into the creamery of Cooper and Savidge, at Washingtonville, were arraigned before Justice-of-the-Peace Oglesby in this city Monday afternoon. Each of the defendants was held for trial at court.

The burglary had aroused a great deal of interest and the Justice's office was crowded, while a number of others curious to hear the testimony were unable to gain admittance.

The hearing was fixed for 3 o'clock but it was some time later, before the accused men, who were confined in jail, were brought down to the Justice's office. The information, which was sworn to by William Savidge, was read to the trio and they were asked to plead guilty or not guilty.

Jesse Casiner repeated the story he told on Sunday, that he had no knowledge of how he had gotten into the creamery. "I was there," he said, "but I do not know how I got there." Each of the Roan boys said: "I was not in the creamery."

William Savidge, who resides over the creamery, was the first witness. He was aroused by the breaking of glass. He got up but did not venture down stairs immediately. He called vigorously for help. Later he joined in a search of the premises and was present when Jesse Casiner was found in the boiler room. He smelled the odor of whiskey about Casiner, but he did not seem to be drunk. Casiner said William and Elmer Roan were with him. Nothing was missed. An attempt to break into the creamery was made just two weeks before which led the witness to think that the intruders might have been after money, as both of these dates were days when payment is usually made at the hospital.

Winfield Gresh, who played a very prominent part in the raid on the burglars was the next witness. He is 21 years of age. He was aroused in time to see two men in the act of entering the window. He could make no identification, as no part of the men were visible to him but their heads which rose above the pile of boxes which they had displaced. He shot twice into the window after them. He was present when the basement was searched and Jesse Casiner was found in the boiler room. He identified Casiner as the man found in the creamery. He said that the window through which entrance was effected was effectually concealed by a pile of crates against the building. He himself did not know that there was a window there. He had seen Jesse Casiner and the two Roan boys about 10:30 o'clock Saturday night. "They seemed all right then."

John Cooper one of the partners, lives nearly opposite the creamery. He heard Mr. Savidge call loudly for help. He in turn called several other neighbors and then dressed. Meanwhile Winfield Gresh armed with his shot gun, was out in the street all alone. With fifteen or twenty the witness searched the creamery, but gave up without finding any one. Casiner was not discovered until a little later when the two partners and a few others made a second visit to the creamery to see if any butter had been stolen. They were much surprised to find Casiner there and Savidge asked him what he was doing. "Warming up," was the reply. He was not intoxicated "to hurt him."

Christian Heckendorn was one of the citizens who was aroused by the call for help. He heard the report of Gresh's gun. Later he saw two men run away from the creamery. He did not think that Casiner was under the influence of liquor to such an extent as to be unaccountable.

Peter Haupt saw Jesse Casiner and Elmer and William Roan at Yarg's corner, Washingtonville, about midnight. They were not drunk.

Jacob Springer, who works for Alex. Billmeyer, while returning home from Washingtonville about midnight met Jesse Casiner and Elmer and William Roan on the road they were "cursing and swearing" and had taken their coats off.

The Justice considered the testimony sufficient to justify holding the defendants for court and he fixed bail at \$400 each.
