Asks More Pay for Teachers. At the State School Directors' Convention Thursday night, Dr. N. C. Schaeffer, Superintendent of Public Instruction made an address on "Teachers' Salaries" that was listened to with great interest inasmuch as there is an agitation of the subject at present, and there is a bill before the Legislature by which it is proposed to fix the minimum rate at \$35 per month.

In the course of his address, Dr. Schaeffer said: "The fixing of a minimum salary may reach rural districts, but it will probably produce little effect in the cities. Nevertheless there is as much need of an increase in the cities and boroughs of Pennsylvania as in the country districts. The greater part of the school appropriation goes to the cities and boroughs. Last year the cities and boroughs received nearly \$2,000,000, whilst the townships only received about \$2,350,000. When the appropriation in each of schools was increased, the larger portion of it was paid to the cities under the method of appropriation fixed by law. When the appropriation was raised from \$2,000,000 to \$5,000,000, the School Board of Reading gave the teachers the benefit by an increase of ten per cent. in their salaries. Was there a corresponding increase in the other cities of Pennsylvania?"

"The Pennsylvania Railroad increased the compensation of its employees by ten per cent. and there has been an increase of wages in all the departments of public activity. The teachers on the other hand have not been benefited by an increase in the majority of the districts of this Commonwealth."

Dr. Schaeffer then quoted figures to show that in districts in Adams, Armstrong, Beaver, Bradford, Cambria, Clarion, Crawford, Huntingdon, Luzerne, Mifflin, Potter, Snyder, Wayne and Westmoreland counties more money was received from the State than was paid to teachers.

"On the basis of the average salaries paid to male teachers Pennsylvania occupies twenty-sixth place and on the basis of the salaries paid to women teachers of our State occupies twenty-second place among the States and territories. Is this a credit to the State which boasts that she occupies the second place in wealth and population?"

"The cost of maintaining paupers in some counties is greater than the amount paid to teachers. In some instances the expense of keeping a criminal in a county jail is greater than the compensation given to those who guard the dearest interests of every home, namely, the education and moral training of the children. Teachers have no incentive to go to school and stick to teaching when it takes them ten years to earn as much as the money they must expend in fitting themselves to teach.

These comparisons are too painful to be pressed at this time. Hence I turn to another phase of the subject which is appreciated by school experts, but is not generally thought of by persons engaged in other vocations. "Whenever teachers are paid lower salaries than they can earn in other vocations, the brightest and best of them drift into vocations into which they can earn more money."

"In view of the discouraging figures which I have given it might be inferred that the schools of Pennsylvania are a total failure. This is far from being the case. In view of the low salaries paid to teachers I very often marvel at the results which we have been able to accomplish. It is the first duty of the schools to banish illiteracy. Pennsylvania has been made the dumping ground for the illiterate populations of Southern Europe. When the total number of people who can read and write is compared with the total number in other States, it seems that we hold a very low place on the score of illiteracy, but this manipulation of statistics is unfair because it casts denominators to the winds. The number of persons who can read and write above the age of ten and a comparison should be made with the total population of the State above that age. In this way it will be known that Pennsylvania has been forging toward the front in spite of the low salaries paid to our teachers. When it comes to school work beyond the rudiments of an education, we are not doing for the children of Pennsylvania what the State has a right to expect in view of the large appropriation to schools."

There is more catarrh in this section of the country than in all other diseases put together and until the last few years was supposed to be incurable. For many years doctors and druggists sold many different remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has now established that it is a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only cure known on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. The offer of one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., 1230 E. CHURCH ST., TOLEDO, OHIO.

Spent Pleasant Evening. Miss Katie Hale of East Front street gave a graphophone party Friday night to a number of her friends.

End of Big Strikes.

Clarence S. Darrow, the brilliant Chicago attorney, chief counsel for the miners before the anthracite strike commission, who is held to be one of the best informed on the conditions of labor and the outcome of labor differences with the employing interest, in a public statement recently expressed the belief that "no great strike will occur again in this country which will not be submitted to arbitration."

Mr. Darrow does not think the arbitration of the anthracite strike has been a perfect success, but "it has done pretty well as a whole." It has pointed out the way. It is reasonable to assume, that arbitration will be employed in the adjustment of future conflicts of an extended character. The amicable arrangement just entered into between the bituminous operators and miners is a good augur. These parties had experienced of good results in mutual recognition and adjustment of differences for a minor operator, and while neither a minor operator, or got just what they started out for, yet conciliation and agreement was much better than warfare, and brings the employer and employee into closer and more friendly relations, and tends to the growth of confidence. As the Pittsburgh Post remarks, every trial of arbitration in good faith, and with an honest and sincere purpose, cannot but hasten the day of peaceful settlement. Both employers and workers are in a more reasonable and pliable state of mind. It is an encouraging indication that a labor leader, entrusted with the legal interests, declares his belief that no great strike will occur again in this country without arbitration being attempted to settle it. With both parties in a friendly state of mind the attempt will be successful.

A Weak Stomach

causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." Gosh & Co. Paules & Co.

Funeral of Miss Keim.

Miss Minnie May Keim, who departed this life on Friday last, was consigned to her last resting place in Old Fellows cemetery Monday afternoon. The services were conducted at the family residence, Vine street, Rev. Harry Curtin Harman officiating. The pall bearers were Walter Lovett, John Rounsley, Sidney Canard, and Walter Langer. The flowers were very beautiful, comprising offerings from the Sunday School, Epworth League and from individual friends.

HERE'S A GOOD THING.

Something You can Really Believe as its Danville Evidence. Grant Aten of No. 413 Church Street, Danville Pa., says: "I have suffered a great deal from rheumatic neuralgia affecting my whole nervous system and seeing Dr. A. W. Chase's Nerve Pills recommended I got a box at Gosh's Drug Store and tried them. They proved a splendid remedy giving me prompt relief in every way. I rested better and do not suffer from those continuous headaches and feel stronger and better and have more vitality than before. I cannot speak too highly of them."

Bryan Coming to Lewinburg.

William Jennings Bryan, America's famous orator, has been secured to lecture in the opera house at Lewinburg on the evening of Tuesday, February 21th, under the auspices of the Y. M. C. A. of Bucknell University. An effort was made about a year ago to have Mr. Bryan lecture in the town, and while filling an engagement in this part of the State he expressed a willingness to appear, but could only give an afternoon, which was not considered advisable at the time. The officers of the Y. M. C. A. have been in correspondence with him, and he expressed his willingness to come at the time designated.

Nearly Perforated Life.

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for Burns, Bruises, Skin Eruptions and Piles. 25c at Paules & Co's Drug Store.

No Smallpox in Milton.

The smallpox scare which so excited a number of Milton people five weeks ago is now a thing of the past. The quarantine on the Rove family was raised Saturday. It was on for thirty-six days. The Board of Health of Milton is to be congratulated on their successful battle with the loathsome disease.

Entertained by Miss Cuthbert.

Miss Hattie Stees and Miss Lottie Gable of Sunbury, Ralph Young of Catawissa, George Fox and Leon Moyer of this city, were entertained at the home of Miss Nellie Cuthbert, Riverside, on Saturday evening.

Mysterious Circumstance.

One was pale and sick and the other fresh and rosy. Witness the difference. She who is blushing with health uses Dr. Kings New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c, at Paules & Co. Druggists.

AS TO YOUR EYES

They may need a little assistance when reading or sewing in the evening. The proper assistance is correct glasses but they must be right otherwise they may do more harm than good. I have had ten years of practical experience with over two thousand of our Danville people, that a good reason? When I say I can give your glasses as good as science, skill and experience can make I tell you the truth, let me prove my claims. EYES TESTED FREE.

Breaker Boy Wins Fortune.

After a hard labor battle and years of patience and endeavor, W. H. Hines of Wilkesbarre, who once was a breaker boy, becomes a coal owner with land valued at \$200,000 which he wrested from the grasp of a big corporation. If the Supreme court sustains the lower court, Mr. Hines will be comfortably wealthy for life.

While he picked state in the breaker, he studied law, and later became a State Senator.

He learned several years ago that a valuable piece of land in Newport township, Luzerne county, which contained forty acres of coal veins, ranging to 30 feet in thickness, had been obtained by the Lehigh and Wilkesbarre Coal Company, on patent from the State, believing that the land had no owner.

Mr. Hines looked up the case and found a title to the land in the name of John Arnold, who had obtained it in 1809. He then found the Arnold heirs, got a part interest in the property from them and took possession. The company took action at once to eject him, and the two weeks' trial just ended, settled the right of Hines to the land.

It is estimated the tract of land contains about six hundred thousand acres which can be mined, and the royalty on this amount will give Hines about \$300,000. Had it not been for his early experience about the mines, he would not have been able to determine the value of the land, he would not have seen the opportunity and he would not have won.

Avoid all drying inhalants and use that which cleans and heals the membrane. Ely's Cream Balm is such a remedy and cures Catarrh easily and pleasantly. Cold in the head vanishes quickly. Price 50 cents at druggist or by mail.

Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved.—J. W. Davidson, Atty at Law, Monmouth, Ill.

A Loss to the Judiciary. The death of Judge Simonton, of the Dauphin county courts, removes one of the ablest jurists of the State, and leaves a vacancy that cannot well be filled. As a Judge he was eminently fair and impartial, his decisions were always accepted as a just interpretation of the law and were usually sustained by the higher courts. His long and honorable service had made his name familiar throughout the Commonwealth. The death of such a man is a severe loss to the judiciary.

FREE INFORMATION. Investigation will Fully Corroborate this in Danville. We have all our peculiar ways of doing a good or bad turn to our neighbors, so that there is nothing odd about the manner employed by the gentleman who furnishes the information given below. His name may be ascertained if necessary and minutest particulars can be gleaned by calling on Mr. G. S. Hunt, the druggist. Read this: "I want to pay Doan's Kidney Pills a compliment. Mr. Peter F. Eyerly, formerly of this city, now in the regular army, Co. K, 10th U. S. Inf., while at home noticed Doan's Kidney Pills advertised in the "Gem." The claims made for the remedy seemed to fit his case, a lame back. He bought several boxes and the treatment stopped that particular attack. To show Mr. Eyerly faith in the preparation, let me tell you that when in Kansas, Cal., he sent all the way to Danville for two boxes."

For sale by all dealers. Price 50 cent. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no substitute.

Tendency of the Times. The tendency of medical science is towards preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven by many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on your safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by Paules & Co. Druggists.

Injuries Were Fatal. From the effects of accidental injuries sustained three weeks ago Mrs. John R. Weiser, of Shamokin, died at the Mary M. Packer Hospital, Danbury, at half past one o'clock Sunday morning.

While visiting friends in Sunbury three weeks ago, Mrs. Weiser slipped and fell on an icy sidewalk, on North Fourth street, between Market and Arch, sustaining an ugly cut on her forehead and other injuries which, on account of her advanced age, were so serious that she was immediately removed to the hospital. Eight stitches were put in the cut and every thing known to medical skill was done for her, but all was of no avail, death occurring at the time above stated.

DIETL'S CONDITION POWDER.

I fed "Diethyl's Condition Powder" to my chickens according to directions and found it the best I ever used. When I began to feed my chickens were sick with the roup, I have seventy-five chickens now, and you never saw a finer lot. They have fine red combs and lay lots of eggs all through this cold weather. It is the best thing I have for my hogs; it kept them healthy and gave them a good appetite, helping them to fatten. I say upon honor that it is the best powder in the market.

Yours truly, ISAAC SHIFF.

STILLWATER, PA. "Diethyl's Horse, Cattle and Poultry Powder" is far superior to anything of the kind I have ever used, and can recommend it to all. An confident that using a reliable powder and keeping stock in good health is a most profitable and economical investment to the owner, and I want no better powder than yours.
