ASHES MUST BE REMOVED

Regardless of the action by council at its meeting of the 6th inst., which requested all persons who had deposited ashes and garbage in the alleys along their premises to have the same removed within ten days, it is found that in most instances the ashes still remain. It is true that here and there the ashes were reported to the Street Commissioner as frozen, which made it impossible to remove them and that in these cases an extension of ten days' time was granted the owners.

In order that no one may presume too much upon the clemency of the borough, Officers Mincemeyer and Voris yesterday made a tour of the town for the purpose of jogging the memory of those whose ash heaps have gotten outside their yards, incidentally reminding them of the penalty attached to the neglect.

The action taken by Council provides that where the ashes are not removed from the alleys in ten days from the date of notice they are to be removed by the Street Commissioner at the owner's expense.

The officers declare that the order will be carried out.

Farmers Rushing Spring.

The farmers have made the most of the phenomenally nice weather prevailing up to a few days past by proceeding with their spring work as rapidly as possible. There are comparatively few farmers who have not been ploughing in some of their fields and as a consequence with their work further ahead by several weeks than they were last year or for several years past.

Abram Hendrickson, Valley township, has already ploughed a field of seven acres. Mr. Hendrickson says it is no unusual thing to plough in March and for that matter he has ploughed every month in the year in his time.

What is remarkable in the present season, he says, is the prolonged spell of unseasonable weather, which gave us spring when winter was due. He has never before known nearly the whole of March to pass without snow, nor experienced more than a few days at a time when ploughing was possible.

Farmers still stand in dread of a freeze, which they feel is sure to come with possibly dire effects on the fruit and other crops.

May Work Half Time.

Coal is being accumulated at all of the shipping points on the Reading system to such an extent that if some fresh demands for anthracite do not arise in the near future the unofficial announcement is made that possibly in April, and anyhow not later than May, the company will be compelled to restrict the production of coal and in all probability the mines will be put on half time. It is estimated that at least thirty-three per cent. of the regular anthracite trade has been lost and taken over by the bituminous people as the result of the past strike and that all of the work of the past three or four years to create additional demands for anthracite has been lost and that there will be less demand for the hard coal in the near future than for some time past. With a view to increasing the sale it is thought that maybe the old practice of resorting to spring reductions in price will go into vogue again.

Band Officers Elected.

The annual election of officers of Stoes' Band, Danville Pa., was held Saturday evening at their rooms. The following officers were elected for the ensuing year: President, Harry Hansch; Vice President, Charles Rogers; Secretary, Bradley McLain; Assistant Secretary, Charles Robinson; Treasurer, Charles Stoes; Trustees, Frank Keller, Richard Whapham and Curtis Marks. Conductors J. Taylor Oberdorfer, Assistant Conductor, Charles Stoes. All communications to be addressed to the secretary.

George Kemmer's Recovery.

George Kemmer, father of former Councilman Albert Kemmer who fell on the ice and sustained a fracture of his hip bone last winter, has recovered from the accident, and is able to walk without the least difficulty. A recovery such as this from a broken hip bone is quite unusual in one of Mr. Kemmer's advanced age.

Working Overtime.

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, Biliousness, Constipation, Sick Headache and all Stomach, Liver and Bowels trouble. Easy, Pleasant, safe, sure. Only 50c at Paules & Co's. drug store.

Night Operator Promoted.

Harry S. Hull, for nearly a year past, night operator at the South Danville station, was called to Sunbury yesterday. He has been promoted to the position of extra agent on the Sunbury & Lewistown Division and will enter upon his new duties at once.

GENERAL SECRETARY RIEBE AT Y. M. C. A.

John R. Riebe, the general secretary of Berwick, addressed a good-sized audience of men in Y. M. C. A. hall Sunday afternoon. The address was a deep and scholarly one and held the close attention of those present.

Mr. Riebe spoke on "The Tripartite Man." He drew three ellipses on the board and named the lower the body, the higher the spirit and indicated the soul as the uniting medium. He said the body contains the five senses, which are the avenues of knowledge and constitute our only means of communication with the world; the soul contains the intellect and emotions. He classified the intellectual faculties under four heads: sensation, perception, imagination and reason and named the will as the center of man's being. This was spoken of as the basis of conscience, followed by the moral sentiments of approval or remorse.

The spirit is the observatory of man's being and contains the telescope by means of which God alone can be apprehended or worshipped. The body for sense-consciousness, the soul for personality, the spirit for responsibility. Responsibility he defined as the ability to respond.

The unsave man can not respond to God. Spiritually, he is dead; therefore the Scriptures:

"Awake from the dead thou that sleepest and God shall give thee light."

He is potentially, spiritually dead, but not actually so. His spirit is likened to the candle of the Lord in Proverbs 20:27, which is unlit, but is capable of being lighted by the Holy Spirit.

He then defined the words: "Natural," "Spiritual," "Carnal."

The natural man cannot see truth. The spiritual man sees truth. The carnal man can see truth, but will not to. The carnal man is a Christian, but living a life under the rebuke of God. A hand mirror can be used to illustrate. When turned up it mirrors upper things; when turned down it, mirrors lower things. The mirror up, spiritual; the mirror down, carnal.

Under the head of "Temptation" he pictured seven iron steps downward: Trading with sin; yielding to sin; habitually yielding to sin; abandonment to sin; abandoned of God to sin and passion; allying oneself with the devil in tempting others to lust and passion; Hell, and you need not go out of this world to find it. The man who hates the things that God loves is in hell. Hell is character as well as location.

There are seven golden steps upwards: Resistance as an attitude; overcoming sin; habitually victorious over sin; learning the secret of a victorious life; taken up by God into the secret of his presence and confidence; a succorer of others; Heaven, and you need not go out of this world to find it. That man who loves the things that God loves is in Heaven.

The above is only an outline. The address in its entirety was an exhaustive survey of life and the realm of spirit.

The choir of Pine Street Lutheran church furnished special music for the occasion, which was most thoroughly enjoyed.

Celebrated Wedding Anniversary.

Mr. and Mrs. Eli Rosenthal entertained a number of friends at their home on Water street Monday in honor of their 23rd wedding anniversary. A ladies' luncheon was given in the afternoon. An elegant supper was served to both ladies and gentlemen in the evening. The house was most beautifully decorated, the figure "23" forming a great part in the arrangement. The day was a most enjoyable one.

Those present were: Mr. and Mrs. Julius Heim, Mr. and Mrs. Joseph Heim, Mr. and Mrs. Samuel Bloch, Mr. and Mrs. Isaac Gross, Mr. and Mrs. Herbert Wyle, Mr. and Mrs. Elias Maier, Mr. and Mrs. R. S. Miller, Mrs. Harry Ellenbogen, Mrs. Lewis Bloch, Mrs. L. Alexander and Mrs. O. Alexander of Bloomsburg, Mrs. Emanuel Wolf of Philadelphia, Misses Berntha and Blanche Goldsmith, Misses Ella and Bertha Meyers, Miss Gertrude Heim, Miss Dora Meyer, Miss Amanda Mann, Rev. Adolph Mayer, Armand Wyle, Philip Benzbach and Herbert Dreifuss.

ALL RUN DOWN.

An every day story—No Ambition—Constant Headaches—No Rest—Listless—Languid—All Played Out—Danville Citizen gives the Cure.

Mrs. C. H. Stoes of No. 217 E. Mahoning st., Danville, Pa., says:—"I have been troubled a great deal with a persistent nervous stomach trouble and I felt generally run down and at night I did not sleep well. I got some of Dr. A. W. Chase's Nerve Pills at Gosh's Drug Store and have used two boxes of them and found great benefit. They toned up my digestive organs and I rested much better."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

Runaway Boy Returned.

Willie Myers, the eleven-year-old boy, who ran away from the Holy Family Convent at this place last week, was brought back to the institution on Saturday.

The little fellow was located by letters written to the convent, but by the boy himself and by the farmer with whom he was stopping. He was found a short distance below Sunbury on the opposite side of the river by Rev. A. M. Feaser, Chaplain of the Holy Family Convent. Rev. Feaser returned on the 2:31 Pennsylvania train Saturday afternoon bringing the boy along with him.

ACTION TAKEN BY COUNCIL

It begins to look as though Danville would be one of the first boroughs to proceed to recover the commission on license fees which under a recent ruling of the Superior Court the County Treasurers have no right to deduct.

Mr. Reifsnider brought the matter up in council on Friday night, calling attention to the decision of the late Judge Albright of Lehigh county, which was affirmed by the Superior Court a week or so ago, whereby many thousands of dollars will be added to the treasuries of many counties in the state.

The City of Allentown, it appears, was one of the first to contend that county treasurers are not entitled to commission for paying into the treasuries of their cities, boroughs and townships their share of liquor license fees. Suit was brought against former Treasurer S. J. Hartman for \$10 and former Treasurer James M. Scholer for \$88, which they had deducted as commission. The local court decided in favor of the city and the Superior Court sustained this opinion.

After a full discussion of the subject, Friday night, on motion of Mr. Reifsnider the matter was referred to the Finance committee, to prevent, if possible, further deduction in the form of fees on license money and to see if it may not be possible to recover some of the money that has been deducted in this way.

Danville, whose share of the license money is something over \$2,000, loses over \$150 in commission, which according to the recent ruling can not be claimed by law.

Parry Memorial Movement.

Judging from the large and representative attendance at Saturday's meeting, March 7, at Cardiff and the hearty sympathy with the objects in view expressed in the large number of letters received, the Dr. Joseph Parry memorial movement has every promise of exciting generous and widespread support. Mr. Marchant, Williams, the stipendiary of Merthyr who presided, made the gratifying announcement that a total of \$1,550 has already been promised. This included an anonymous donation of \$350 while many others were received from choirs, male and mixed, to organize concerts; and Mr. Quigley, the lessee of the Cardiff Grand Theatre, where the late musician's last opera was produced, were offering the loan of that building for the holding of a Sunday sacred concert in aid of the fund.—Wilkes-Barre Times.

FAIR EXCHANGE.

A New Back for an old one—how it is done in Danville.

The back aches at times with a dull indistinguishable feeling, making you weary and restless; shooting pains shoot across the region of the kidneys, and again the loins are so lame to stoop in any way. No use to rub or apply a plaster to the back in this condition. You can't reach the cause. Exchange the back for a new and stronger one. Follow the example of this Danville citizen.

Mrs. H. A. Millard of No. 122 East Front st., says: "I was doctored for Bright's Disease but could not get permanent relief. Owing to rheumatism I was not able to walk without a cane and in addition to this I was very much bothered with pains across my loins and an embarrassing weakness of the kidneys. I took almost everything I could without obtaining success. Doan's Kidney Pills did me good better than any other remedy I ever used. They positively relieved the aching in my back and the annoyance from the kidney secretions. They gave me relief not afforded by any other medicine."

For sale by all dealers. Price 50c per bottle. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

Howe's Moving Pictures.

A packed house at the Kasson last night again testified to the fact that there is no more popular entertainer who visits our city than Lyman H. Howe. Mr. Howe has been a frequent visitor here, but his moving picture entertainment always contains a refreshing newness that speaks of constant research after subjects, and a thorough comprehension of what will please the people. This is the explanation of his invariable success in Gloversville. Last night's presentation was greatly enjoyed by the great audience. The people were not disappointed in their expectations either as new and interesting subjects or the excellence of their presentation. The Nile series was especially interesting, while the variety of lighter subjects, including the humorous, was greatly enjoyed. Mr. Howe's system is unquestionably without a rival, and as a whole his entertainments are worthy of the splendid patronage he always receives.—Gloversville, N. Y. Daily Leader, March 7th.

Howe's Moving Pictures will soon appear in this city under the auspices of Trinity M. E. church.

Entertained at Dinner.

Arthur C. Amesbury entertained a number of friends at his home on Church street, Saturday evening, the event being his 30th birthday. Those present were: George M. West, Edward Purpur, Charles Clond, Charles Seyder, Harry Philo, Charles Peifer, Samuel Marks, W. E. Ruder, Edward Ellenbogen, Dr. J. O. Leung and J. W. Robinson.

During the evening an elaborate dinner was served. The menu contained everything good and the guests were treated in a most hospitable manner. Nothing to add to their enjoyment was left undone and the event was indeed a most pleasant one.

Rural Free Delivery.

One route allowed from Sunbury to Rushtown. Although no official notice has been received as yet, it has been learned that the rural free delivery route petitioned for from Sunbury to Rushtown and return, has been granted by the post office department, to be established July 1st of the present year.

Easter Assembly.

At Monday night's meeting of Danville Lodge of Elks it was decided to hold an Easter Assembly in Armory Hall on Tuesday evening, April 14. The affair will be very elaborate.

COAL DIGGERS FOUND CORPSE

The dead body of a man was found floating in the river near the point of Packer's Island, Sunbury, shortly before noon Saturday, by John Snyder and Edward Herold, of Shamokin Dam, who were digging coal.

The corpse was removed to the undertaking establishment of E. S. Weiner & Co., Sunbury. Apparently the man was middle-aged, about 5 feet 6 inches in height and weighed in the neighborhood of 160 pounds. He had short, red chin whiskers. From appearances the body had been in the water about four months.

There was nothing whereby identification could be established. The body was clad in heavy blue overalls, flannel drawers, vest, two blue checked over-shirts flannel undershirt, woolen socks and a pair of heavy working shoes. In one of the overall pockets was found an even hundred dollar bill, ten, and twenty dollar bills, and an additional four dollars and thirty cents was found in a vest pocket, which also contained two small keys. No papers of any description could be found and there were no tattoo marks on the body, which might aid in learning the man's identity.

From the dress and looks of the body the supposition is that the man was an American and more than likely came to his death while digging coal at some point up the river.

Coroner Dreher, of Shamokin, will empanel a jury to investigate the mystery as far as possible.

The Fourth at Milton.

The 4th of July celebration in Milton is now an assured fact. The town council will do something nice in the way of a donation when the committee generally will respond when approached by the financial committee. This is as it should be. The boys who make up the department are good fellows and brave and willing fire fighters. It is safe to say there is no better, nor more valiant company in the State when numbers and equipment are taken into account, and they seldom ask recognition, so that it ought to be a pleasure for our people to aid them in making Uncle Sam's birthday anniversary a howling success. Failure to do so would reflect more on the town than on the company—and we know for a fact that Miltonians are not constructed on that plan. Encourage the movement not only by a liberal contribution but by words of cheer as well.—Miltonian.

Annual Spring Inspection.

The annual Spring inspection of Company F, 12th, Regiment, N. G. P., took place in the armory Monday eve. The inspection was conducted by Major W. F. Clarke, Brigade Inspector, of Williamsport, Col. C. M. Clement of Sunbury, Lieutenant W. F. Barber of Lewisburg, and Major O. P. Gearhart of this city, who was present.

The company showed up in excellent shape. Only three men were absent. All went through the evolutions of the drill with a readiness and precision which was most gratifying.

They presented a very neat and clean appearance, arms, clothing and all paraphernalia being seemingly such as would bear close inspection.

March Breaks its Record.

March has broken its record for heat and the conditions that have prevailed for the first twenty days of the month which have passed continue, remarkably figures regarding early springs will be kept by the Weather Bureau. Including Friday's record just 236 degrees of excess heat have been registered, or twelve and eight-tenths for each day. Each day of the twenty passed has had an excess of warmth according to the average that has been established by fourteen years of observation.

Birthday Surprises.

John Mitchell was tendered a surprise party on Saturday evening at the home of A. C. Angle, Cherry street. The affair was in honor of Mr. Mitchell's 21st birthday. Those present were: Charles Angle, Henry Howdell, Samuel Mitchell, Jesse Milroy, James Gibson, William Ewart, Frank Rowe, Lloyd Wartz, Mr. and Mrs. Fred Carolsky, Mr. and Mrs. Augustus Hemmerly, Mr. and Mrs. George Leighow, Mr. and Mrs. Charles Rishel, Mrs. Zach Wartz, Mrs. Frank Wartz, Mrs. James Johnson, Mrs. John Toohig, Mrs. Millar Mitchell, Mrs. Lizzie Douglas, Mrs. John Mitchell, Mrs. S. Mann Misses Annie Angle, Louise Haney, Mary Toohig, Myrtle Angle, Roy Angle, Ollie Angle, Agnes Mitchell, Sarah Mitchell, Miller Mitchell, Willie Mitchell, Heber Wartz. Refreshments were served during the evening. Excellent music was rendered.

The Stomach is the Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Gosh & Co., Paules & Co.

John Koehler Improving.

John Koehler, who was accidentally shot by a companion last week, and is now undergoing treatment at the Mary M. Packer Hospital, continues to improve very rapidly. Most of the danger has passed and there seems to be but little doubt that he will recover. He has already regained the use of his arm from the elbow down and suffers but little pain.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy, taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by Paules & Co.

MURDER MYSTERY NEAR SHAMOKIN

The Northumberland county authorities will be called upon to unravel a supposed murder mystery due to the finding of the body of a foreigner along the Reading railroad, near Excelsior, Wednesday morning, with his skull badly crushed.

Warren Scott, an engineer on the Reading railroad, while riding in the engine, noticed from the cab window the body of a man lying on the ground near the railroad embankment, and stopping his engine he made an examination and learned that the man had been dead for several hours. Summoning assistants the body was removed to a Shamokin undertaker's establishment and was later recognized as the body of Anthony Rozwadowski, a resident of the little mining patch of Continental, about a mile and a half from Excelsior.

Coroner Dreher was summoned and an examination showed that Rozwadowski's skull had been badly fractured, the skull having two separate breaks one behind each ear. No other marks or bruises were found about the head or body, but the clothing which the dead man wore was covered with hair which proved to be that of a cow as near as could be determined.

The finding of the body caused intense excitement in the vicinity where it was found and the consensus of opinion is that the man's death was due to foul play and that a cold blooded murder is being concealed. Rozwadowski was a single man aged about 43 years and was employed as a miner. The dead man boarded with a family by the name of Gleski and as a family living close by kept a cow whose coat is the same color as the hair found on Rozwadowski's clothing, it is the general belief that the dead man was murdered and his body carried on the back of the cow to the place where it was later found. It is also stated that this particular cow was missing during Tuesday night. Those who doubt the murder theory are of the opinion that Rozwadowski met his death by falling from a train on the Reading road.

It has also been learned that on January 19, while out driving with two companions, Rozwadowski was struck on the head with a whiskey bottle and rendered unconscious. He had his two companions arrested for assaulting him, and one was subjected to a fine and costs and the other released. The one who was forced to pay the fine and costs can claim that he had several enemies who had often threatened to take his life.

Coroner Dreher and Northumberland County Detective Geise are conducting a thorough investigation.

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. Pneumonia had played and havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know it's the only sure cure for Coughs, Colds and all Lung Diseases. Guaranteed by Paules & Co. Druggists. Price 50c and \$1.00. Trial bottles free.

The Blumle Bill.

The failure of the Blumle bill which proposed to pay awards by the State to mothers of large families to receive the necessary number of votes will hardly surprise any one. It wasn't taken seriously by anybody except those who were opposed to it, and they imagined that it would make a vast raid on the treasury. As a matter of fact, it wouldn't have caused much of a drain and whatever it would have cost would have been money well invested. As Mr. Blumle said Saturday, the mother of a large family is more entitled to honor than a General or Admiral who has won victories.

Bids for Roofs.

The Commissioners of Northumberland and Montour Counties, invite bids for a new roof for the River Bridge at Danville. The material to be used to be either Cedar, White Chestnut or Hemlock Shingles, or if found practicable metallic roofing. Bids will be received for material, labor or both. Further information will be given by the Commissioners, who reserve the right to reject any or all bids. All bids must be in on or before Tuesday, March 31st, 1903.

Packages Not Filled.

Some of the people who received packages of seed from the government are complaining because some of the small envelopes inside the large parcels are absolutely empty. It is believed that the carelessness of the packers is responsible for this condition of affairs.

The Best Ill'neath the Stars and Stripes.

It cleanses the system and never gripes. Little Early Risers of wordly reputation—Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently. Gosh & Co., Paules & Co.

Formal Opening.

The Boston Store will have its formal opening in the new rooms, Bally building, on Friday evening next. Wyle's orchestra will give a concert commencing at 7:30 o'clock. Boyd Grange, the trap drummer of Muncy, will assist the orchestra. Solicitors will be given away. The following program will be rendered:

March, Abgram, Selection The Singing Girl, Medley Southern Songs, March Has your Mother any more like You, more like You, Waltz King Doin, Overture Raymont, Two Steps Bowery Back, Darkies' Spring Song, Medley Popular Songs, Overture Banquet, Waltz Sun Toy, March Nancey Brown.

It Saved His Leg.

P. A. Danforth of LaGrange, suffered for six months with a frightful running sore on his leg, but writes that Beckler's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Paules & Co. Druggists.

HAULING AWAY THE MUD

Street Commissioner H. B. Deen yesterday put a force of men at work scraping Market street. The mud proved to be a pretty big proposition and with some half a dozen men employed it accumulated faster than two teams could haul it away, every twenty-five feet or so furnishing a large load.

The scraping was begun on West Market street and by last evening it had proceeded up East Market street as far as the jail. The scraping makes a decided improvement on the street, leaving the surface clean and dry. The work meets the approval of every one and about town yesterday the hope was quite generally expressed that every street might be treated in the same manner. There is not a thoroughfare in town where the mud is not as much of a nuisance as on Market street; at many places it is worse. The loose earth adds nothing to the value of a street. It is either mud or dust according to the weather and one of these is as big an annoyance as the other.

The mud from Market street yesterday was hauled down along the river road and placed upon the embankment which was to be used for the purpose of making the road passable.

Our citizens are waiting anxiously to learn whether or not Council intends to make any general improvements upon the streets during the coming summer. That they need it it would be altogether superfluous to state. General repairs have been postponed from year to year until now the question arises whether the limit has not been reached. Many of the principal streets are cut up in deep ruts while there is scarcely a part of town where the streets are not the cause of much complaint.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic and effective medicine and the greatest of all around medicine for run-down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria, guaranteed. Only 50c and satisfaction guaranteed by Paules & Co. Druggists.

Buy a Burial Lot.

It is undoubtedly the duty of every housekeeper to provide in time for that which is inevitable, by buying and paying for a burial lot, before the sorrow and distress of death hurry the selection of a plot and the preparation of a place of interment. This will not hasten the day of need, but it will relieve the worry of the occasion and the anxiety about details. How very often this is put off and put off, until actual death forces attention to that which ought to have been foreseen, and then nothing is really. It often happens that the selected location unsatisfactory, and then a new location and another burial and extra expense and multiplied distress. Provide for the rest of the body while it is still in active life.

Bids for Roofs.

The Commissioners of Northumberland and Montour Counties, invite bids for a new roof for the River Bridge at Danville. The material to be used to be either Cedar, White Chestnut or Hemlock Shingles, or if found practicable metallic roofing. Bids will be received for material, labor or both. Further information will be given by the Commissioners, who reserve the right to reject any or all bids. All bids must be in on or before Tuesday, March 31st, 1903.

Packages Not Filled.

Some of the people who received packages of seed from the government are complaining because some of the small envelopes inside the large parcels are absolutely empty. It is believed that the carelessness of the packers is responsible for this condition of affairs.

The Best Ill'neath the Stars and Stripes.

It cleanses the system and never gripes. Little Early Risers of wordly reputation—Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently. Gosh & Co., Paules & Co.
