SENIOR CLASS

The public school term, this year.

will come to a close on June 1st. The High School Commencement will in all probability take place in the Opera House on Tuesday evening, June 2.

The Senior class this year numbers sixteen, and is larger than for a number of years past with the exception of three years ago when it also numbered sixteen. The members are as follows: Arthur Campbell, Benjamin Disercad, Harry Hooley, Randall Jacobs, Howard Lunger, George Maiers, Bert McClure, Samuel Miller, Edward Schatz, William Watkin, Josephine Cousart, Hazel Harman, Blanche Jones, Mame McNinch, Olive Ranck and Margaret Williams.

The class has elected the following parts for Commencement: Miss Mc-Ninch. Class History; Miss Harman, Class Prophecy; Mr. Diseroad, Presentation; Mr. Hooley, Censor; Mr. Miller. Mantle Oration.

The High school will endeavor this year to carry through commencement without any outside assistance, which of course implies that it will furnish its own music for the event. The High School has a quartette which has been doing exceedingly well; it has also its own pianist and several very promising soloists. Music, therefore, will be a feature of commence ment, by no means deficient in either interest or merit.

Pastor Surprised.

The Men's Bible Class of Shiloh Re formed church, taught by the pastor, Rev. George E. Limbert, on Saturday evening visited the parsonage in a body and presented their teacher with twenty-five volumes of the Expositor's Bible.

The following members of Mr. Limbert's Bible class were present: Dr. J. Sweisfort, Charles Mottern, William Miller, Joseph Gibson, F. P. Startzel, William F. Startzel, William Hartzell, Harry Balliett, J. H. Cole, John Mottern, George Sandel. William Kocher. Oliver Pitner and Clarence Cromley.

Sees no Cause to Rejoice.

According to an analysis of the strike commission's report made by Attorney William Wilhelm, of Pottsville, the well known advocate of laborer's interests, the mine workers have little cause for rejoicing. Mr. Wil helm says that fully 60 per cent. will receive no monetary advantage after April 1, unless the miners work more than 9 hours a day or coal selis in excess of \$4.50 a ton. Wilhelm says there are only two classes who get an increase of 10 per cent. contract miners and pumping engineers. Other engineers get 5 per cent. increase.

PURCHASED WARM AND BALMY

An old resident of Montour county, Friday gave a representative of the Montour American some points on X-ray electrical machine, which has weather indications which are proluced for the benefit of our readers. "March has been a fine month," he said. "I have never seen the like of it;

but April will be just as nice." This is a view quite contrary to who seem to think that because we have had Anril weather in March we have March weather still coming and should not delude ourselves into the belief that balmy weather is with us to stay. The gentleman was asked upon what he based his prediction that April would be fair.

"Upon the weather today," he replied, "which is the last Friday of the mouth. The last Friday always rules the following month and just as the weather conditions are today the prevailing weather will be during April. I have never known this to fail. The last Friday of February was pleasant and I said we would have a mild March and we have had

the good sleighing that we had before the holidays. When have we experinced the like before?" A great deal has been written about he weather of late, but the above embodies some ideas that have not occurred to most people. There may be ome wisdom in them or there may not. At all events it is gratifying to reflect that the weather yesterday, which according to the above may rule April, was warm and balmy and

Another murder has been added t the already heavy list in Northumberland county, when at eleven o'clock Sunday morning, Jacob Rusho, aged 25 years, of Mt. Carmel, died at the Miners' Hospital at Ashland, from being shot in the neck by Lewis Pfromm, Jr., aged 25 years, also of

On Saturday evening Jacob Rusho, Lewis Pfromm, Jr., William Swift, Lewis Pfromm, Sr., Michael Burns and 'Skeese' Gebres, all Germans, met in the saloon, and after considerable drinking, an argument started as to who had the "skinniest" dog in the town.
