

EAGLES MERE AN ART CENTER

The eighth annual Assembly of the Eagles Mere Chautauqua will be in session from July 16 to September 3, 1902. During the Assembly the summer schools will be in progress, and the high standard established by these schools will be fully maintained. Special attention will be given to the Art department, under Mr. J. Wesley Little, and to the School of Photography, which is in charge of Mr. J. Horace McFarland. The handsome building erected for the use of these departments is fully equipped, and a constant exhibition of water colors, charcoal sketches and pictorial photographs will be maintained during the season. These departments have been successful, and the periodical receptions, at which the work of students was displayed in connection with the permanent exhibition, were very largely attended.

Instruction is given in water color painting, as well as in charcoal and other black-and-white mediums. The sketch class under Mr. Little's direction, and in connection with the unequalled beauties of the place, always produce very satisfactory results. Eagles Mere Chautauqua has for years been an art center of no mean repute. The photographic school was opened in 1901, under Mr. McFarland, and its work was very satisfactory. The effort is to teach true pictorial photography, and the fine equipment of the school aids in securing notably rapid progress for thoughtful students. Ordinary portraiture is neither practiced, taught nor encouraged; the purpose of the school is to bring about the adequate recording by the camera of outdoor scenes and the beauties of nature. While those totally unacquainted with the camera as a means of artistic expression are taught a safe ground-work upon which to proceed, especial attention is given to advance students, who wish to make use of the camera for illustrative and decorative work.

Dr. H. S. Winger, who has had charge of the Physical Culture department for several years past, will return, and will conduct his swimming school, which has become such a popular feature. In arranging for the evening entertainments in the auditorium, it has been the aim of the management to secure only high class talent. The lecturers and entertainers who appear on the programme are well known and highly recommended. Every evening during the seven weeks of the Assembly there will be something interesting in the auditorium. The programme has been prepared with the thought of combining instruction and amusement, and there will be no dry, uninteresting lectures. Instead, the idea of wholesome entertainment has been kept closely in view.

New Mileage Books.

What will be known as the eastern interchangeable mileage book will go into effect the first of May. The books issued under this head will be good on the following lines, and on them only: Erie, Chesapeake & Ohio, Baltimore & Ohio, D. L. & W., Lehigh Valley and the Pennsylvania, but not on the New York Central, West Shore, Delaware & Hudson, Philadelphia & Reading or the Central of New Jersey, neither will the books be good on the roads included in the territory covered by the "western book."

The book will be issued for 1,000 miles and the purchase price will be \$30. If the conditions are complied with the purchaser is entitled to a rebate of \$10 upon returning the book to the office. The book will not be accepted for checking baggage nor by the conductor of the train, as a ticket must be purchased at the station on the presentation of the book. The book is good for passage at the two-cent rate only for the individual to whom it is issued.

The Enlarged Philadelphia "Sunday Press."

"The Sunday Press" is a pretty large paper already, but it is impossible to get into it all we wish without making it still larger. Beginning with next Sunday, April 26, therefore "The Sunday Press" readers will find two big color and half-tone sections added to what they have been receiving heretofore.

One of the new sections will be especially for women, and will be conducted by Anne Rittenhouse. It will be a magazine of fashion, beauty, strength, social customs and everything that is understood to be of special interest to women readers. Young people read "The Press," but they want a larger representation in it, so the second new color section will be for children of all ages. They will find there puzzles, games, stories, comics and instruction in how to make things. A fascinating serial story, "The new boy at Dale," will begin in the first issue of this young people's color section.

A Thoughtful Man.

M. M. Austin of Winchester, Ind. knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Paules & Co.'s Drug Store.

\$25 Fine.

The fine for fishing in any streams of this State on Sundays is \$25 and fishermen disposed to violate the law are warned not to take any liberties, as this year all violators will be most vigorously prosecuted.

Permanent notices are to be attached to the lamp posts in the main streets of Dundee, Scotland, forbidding spitting on the footways.

BROADENING CHARITY

Local Freemasons are much interested in a movement to establish "Masonic Homes" on an entirely new basis, providing not only for the care of indigent brethren, but also their wives, widows and children. The measure has been endorsed by the two local Masonic lodges and John W. Farnsworth of this city, who as District Deputy Grand Master, is one of a committee appointed to confer with the lodges of this district, states that he finds Freemasons practically unanimous in supporting this departure, which carries with it increased helpfulness and broadening charity.

It is under the inspiration of Edgar A. Tennis, Grand Master, that the Masonic lodges of Pennsylvania are voting so enthusiastically on the new measure, which provides that two homes be instituted—one in Central, and the other in Western Pennsylvania. These will be homes in fact and deed, where husband, wife and children, victims of misfortune, may together enjoy the liberality and helpfulness for which the institution stands prominent. Admission to these homes will be absolutely free, so that Pennsylvania Freemasonry is placed on the same plane of eleemosynary work as other jurisdictions.

The present home at Philadelphia is full and besides is confined to Masons only. There has hitherto been no provision for Masons' wives, or children except in such private way as the inclination and principles of the order dictated when liberality was called for by the exigencies of each particular case. A fund of \$50,000 bequeathed for the purpose of enlarging the active benefits is a foundation for the new movement. It will supplement any tax laid by the grand lodge or rather be a nucleus for such additional source of income for the support of such institutions as the wisdom of the Grand Body may devise.

This will permit aged and indigent Masons to pass their declining years in comfort without being severed from those they love and are no longer able to support. Their children will also receive the care and education needed to fit them for the struggle of life.

It is a distinct departure in this state from the system of private charities and taking in the wives and children it will be of incalculable benefit, illustrating how much good a benevolent institution such as Freemasonry may accomplish.

Drunkards Can Be Committed.

Governor Pennypacker Thursday signed a bill to provide for the commitment of persons habitually addicted to the use of alcoholic drink or intoxicating drugs to a hospital or asylum on petition to the Court of two relatives or friends of the alleged drunkard.

Before such person is admitted into the institution payment must have been made or security given to the authorities for his board, care and treatment and to indemnify them from all cost and expense. No person shall be kept in restraint for more than one year, and all commitments under the act are reviewable by habeas corpus proceedings at any time.

ELECTION CLERK'S PAY RAISED.

The Governor also signed bills allowing Justices of the Peace \$3 per hour for taking care of the ballot box or boxes left in their custody, increasing the pay of clerks to election boards from \$3 to \$3.50 a day; requiring election watchers to be residents of the district or division within which they act.

The following bills also received executive approval: Providing for the publication of orders or rules made by courts in counties having a population of less than 300,000 for sale by the County Commissioners to lawyers at a cost of \$2 per copy.

To prevent the plaintiff in a civil suit from suffering a voluntary nonsuit in case of a sealed verdict, unless such nonsuit shall be specially allowed by the Court for cause shown.

Dog Bites Pedestrian.

Mrs. William DeWitt of South Danville, was bitten by a dog while passing along Water street this city, Saturday afternoon.

The dog, which was of the hound breed, it is alleged, without any provocation, as the woman was passing leaped out and seized her by the arm. The bite inflicted was not a very serious one, although Mrs. DeWitt was very badly shocked and frightened.

The owner of the hound much regrets the occurrence and will take measures to prevent its repetition. There is no suspicion whatever that the dog was mad.

NATURALIZATION LAW IN EFFECT

The Clerk of the Courts has received a copy of the new law recently passed by Congress, regulating the naturalization of aliens. The law was passed in February of this year and on March 3, received the approval of President Roosevelt.

The law was passed by Congress in response to the appeals of the people of the country, the assassination of President McKinley being attributed in a large measure to the presence in the country of so many aliens of anarchistic tendencies.

Under the new law no alien belonging to an organization that advocates assassinating or killing of any officer or officers of the United States or any other organized government can become a citizen of the United States. An alien holding such belief is also barred from entering into this country.

Judges having jurisdiction of naturalization proceedings or duties to perform in regard thereto, shall, on the final application for naturalization, make careful inquiry into such matters and before issuing the final order or certificate of naturalization cause to be entered on record the affidavit of the applicant and of his witnesses so far as applicable, reciting and affirming the truth of every material fact requisite for naturalization.

Any person who purposely procures naturalization in violation of the provision of this law shall be fined not more than \$5,000, or imprisoned not less than one nor more than ten years, or both.

Any person who knowingly aids, advises or encourages any such person to apply for or secure naturalization, or to file the preliminary papers declaring an intent to become a citizen of the United States, or who in any naturalization proceeding knowingly makes an affidavit false as to any material fact required to be proved in such proceeding, shall be fined not more than \$5,000, or imprisoned not less than one nor more than ten years, or both.

Friends Tell of Elysburg Affair.

Friends of the W. C. T. U. of Elysburg take exception to the statements of the graduating class that they insulted them, and in the following communication give a true history of the whole matter:

On the basis of the fact that some of the parents conscientiously objected to their children going to the saloon for the Senior class supper, the W. C. T. U. in order to have all the class together made the following proposition to the Senior class, which was the only "letter" sent to E. K. Richards, principal, or the Senior class by any of the ladies: The ladies of the W. C. T. U. will give a banquet at the Hoff House (a temperance house) a close of the graduating exercises April 11th for the classes of 1902 and 1904, the alumni, the teachers of the high school, and the school board at 35 cents a plate; the proceeds to be given to the Elysburg high school for the organ fund, by order of committee.

The above proposition disproves the statements of the class that "in the attempt to prevent the banquet being held at the hotel the class says the society insulted them by quoting Scripture to the principal which accused him of things of which he was not guilty." At the commencement proper because the class historian referring to the W. C. T. U. made some unbecoming allusions to the temperance interests one of the best citizens of the community arose at the close of the exercises and resented the unkind thrusts at the temperance workers in words showing the courage of honest convictions.

Nervous Dyspepsia Its Cause and Cure.

Overwork any organ and it gives out the stomach is no exception. Ask it to digest anything, everything at any time in half the time required, and like an over driven horse it balks. Nature intended the stomach should have regular hours. A time to work, a time to rest—and when you break up this habit, you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills its cure.

Mrs. M. Fields of No. 128 Pine St., Danville, Pa., says: "I had been bothered a good deal for some time with a nervous indigestion and was feeling generally run down. I did not rest well and had frequent nervous headaches. I got some of Dr. A. W. Chase's Nerve Pills at Gosh's Drug Store and used them and know that they are an excellent medicine. I rest well again—feel strong and well and the headaches and indigestion are gone. The medicine is an excellent one and I am pleased to recommend it." 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

Fully Verifies the Reports.

Register and Recorder W. L. Sider has received very encouraging news from his brother, Charles A. Sider, Esq., of Sanbury, who is in Mexico investigating the report of a great gold discovery in the Santo Domingo mine, a recent acquisition of the Ampro Mining Company, in which many people hereabout hold stock.

A full account of the rich yield was printed in these columns some weeks ago. The telegram, which bears the date of April 18th, was sent from Etzatlan, Mexico. It is as follows: "Just returned from Santo Domingo Mine. I fully verify reports, Charles A. Sider."

Due Notice is Served.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. Gosh & Co., Paules & Co.

THE SPROUL ROAD BILL

The Sproul Good Roads bill, which has been signed by the Governor, is regarded as the most important measure passed by the Legislature. For twenty years the rural sections of the State have been clamoring at each session of the Legislature for assistance to improve the highways of the Commonwealth without material success, until this year, when the Sproul bill came as a measure of relief, passing unanimously.

Through the courtesy of our representative, R. S. Ammerman, we are enabled to lay before our readers, a copy of the bill as it passed the Legislature, a form in which it has not yet been made public. The bill provides for the establishment of a State Highway Department by the appointment of a State Highway Commissioner and a staff of assistants. The State Highway Commissioner, who shall be a competent civil engineer and experienced in the construction and maintenance of improved roads, shall be appointed by the Governor with the advice and consent of the Senate for a period of four years at a salary of three thousand five hundred dollars per annum in addition to his traveling expenses, which are not to exceed five hundred dollars. The Highway Commissioner is allowed one assistant, who must be a capable and competent civil engineer and experienced in road building, who shall receive an annual salary of two thousand dollars and his traveling expenses, which must not exceed five hundred dollars. In addition to assistant, the Highway Commissioner may appoint a chief clerk at an annual salary of fifteen hundred dollars per annum and an additional clerk, who shall be a competent stenographer, at an expense not to exceed one thousand dollars per annum.

Section 3, which authorizes the State Highway department to co-operate with the several counties, townships and boroughs fully explains the service of the act: Whenever the County Commissioners of any county shall represent by petition to said State Highway department that any principal highway in said county outside of the corporate limits of any city or borough is not in a satisfactory condition for comfortable or economical travel and ought to be reconstructed under the provisions of this act and shall furnish to the said Department an accurate plan of the layout, lines, profile and established grade of such highway, it shall be the duty of the State Highway Commissioner to examine such highway or instruct one of his assistants to do so and if in the judgment of the State Highway Commissioner said representation is well founded he shall determine what changes should be made in said existing highway, what portion of it should be improved and in what manner, and shall prepare accurate plans and make careful detailed estimates of the expense of the work, which in his opinion should be done and report the same to the county commissioners of the county and the supervisors or commissioners of the township or townships in which the said highway may lie. If the said county commissioners and township supervisors or commissioners then decide that it is advisable to go on with the work as hereinafter provided and makes the required agreements as hereinafter specified the State Highway Department may if the funds at its disposal permit so doing contract jointly with the county and township or townships in which said highway lies to carry out the recommendations of the State Highway Commissioner, the cost of the same including all necessary surveys, grading, material, construction, re-location, changes of grade and expenses in connection with improvement of said highway to be borne in sixty-six and two-thirds per centum by the State, sixteen and two-thirds per centum by the township or townships in which portions of said highway improved as herein provided may lie.

The act provides that the State aid—\$5,500,000 to be expended in six years—shall be apportioned among the several counties of the Commonwealth according to the mileage of township or county roads in each county but the said amount shall remain in the State Treasury until applied for under the provisions of the act. If the appropriation shall not be applied for a period of two years after it has become available the amount set aside and apportioned for that county shall be returned to the State Treasury and added to the appropriation for the current year and distributed anew under the provisions of the act.

It is also provided that nothing in the act shall prevent any county and townships from agreeing to appropriate a larger amount for such road improvements than the amounts specified and further provided that counties and townships may agree among themselves to contribute the combined proportion of the thirty-three and one-third per centum of the total expense of construction herein provided to be borne by them in different proportions from that herein above specified but in no case shall any township or county pay less than five per centum of the entire expense of such improvements.

Under the act the township supervisors may petition the county commissioners to make application to the State Highway Department for operation of the State in reconstruction of permanent improvement of any principal highway. In case the county commissioners shall neglect or refuse to act upon the petition as provided or shall refuse to petition the State Highway Department for aid the supervisors may petition the court for the appointment of a jury of view to examine into the necessity of the proposed highway improvement. Upon a favorable report the court may order and require the county commissioners to petition the State Highway Department for operation of the State in reconstruction of permanent improvement of the proposed highway improvement.

The average young American swill is preparing to sink a lot of money in the Panama hat route.

LOST ART DISCOVERED

James Brennan, of Centralia, has made a discovery that may make him famous and may lead to the revelation of an ancient but hitherto impracticable secret. Mr. Brennan has discovered how to weld copper and has thus taken the first step toward discovering how to temper it that it may be given an edge. His discovery has aroused wide spread interest, especially among men who have declared that this feat was impossible of accomplishment.

Mr. Brennan is a blacksmith by trade and for several years past has been employed as chief inspector at the car barn of the Shamokin-Mount Carmel Electric railway. He is of an inventive turn of mind and has devised a number of attachments in use on the road. Lately he has been experimenting with copper, trying to make a perfect weld, and success finally crowned his efforts. In his experiments he used copper bond-wire $\frac{3}{8}$ of an inch in diameter. When he finally discovered the secret he made a chain of five links, each link welded and each weld perfect. He then questioned many blacksmiths about the possibility of welding copper and in each case was told that the feat could not be done. When he produced the chain he had made they still doubted and were only convinced by cutting into the metal that it was copper. Saturday he made another chain of five links, producing five perfect welds out of seven attempts. Saturday evening he displayed the chains to a number of friends and on some of the links the weld was so perfect that the overlapping of the metal could not be seen but on others it was plainly discernible.

To reassure himself that his process of welding was genuine Mr. Brennan put one of the chains to a test Saturday. He hooked it to one of the compressed air hoists in the car barn and to the other end he attached an armature weighing 750 pounds. This heavy weight was lifted in the presence of four witnesses and not a link yielded. The delighted discoverer says that he now feels confident that the chain is capable of sustaining 2500 lbs.

DOUBT CANNOT EXIST.

Investigation will only strengthen the proof we give in Danville.

There must be something stronger than imagination behind expressions of such representative citizens of Bloomsburg as Mr. Geo. Miffin, a gentleman well-known not only Bloomsburg but in the surrounding country. Anyone is at liberty to question him about the subject he discusses, when minor particulars may be obtained. Mr. Geo. Miffin, Dentist, of Main street, Bloomsburg, says: "I procured Doan's Pills from Meyer Bros. Drug Store for my brother-in-law, Peter Leisenring, living at Bear Gap. He suffered intensely from the kidneys and from pain in his back and loins. The usual accompaniments of inactive kidneys were present and added to his misery. Doan's Kidney Pills which I sent him gave positive relief. He has pretty thoroughly made known the merits of this remedy in this section." For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no substitute.

Dr. Parry Glee Club.

A large number of prominent gentlemen of the town of Plymouth assembled in the Campbell building on Thursday evening and perfected the organization which will be known as the Dr. Parry Glee Club. The club is named in commemoration of the late Dr. Parry, the celebrated Welsh musician. This glee club is composed of Plymouth's very best talent and no better can be found in the valley. They are gentlemen who thoroughly understand music and they are destined to become one of the leading musical organizations in the coal fields. They will meet on Tuesday evening of each week and every Sunday for rehearsal and in a short time they will be ready to accept all engagements.—Wilkesbarre Times.

A Sweet Breath.

Is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for Curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet." Gosh & Co., Paules & Co.

More Money for Schools.

A law passed by the present Legislature provides that the money due townships from Inquis Licenses shall, where taxpayers' associations exist, be turned over to the use of the school district. The bill does not become operative until 1904. It will benefit the school district of townships to the extent of several thousand dollars. At present the taxpayers association of many townships uses the license money for the repair of the roads. There has been a question as to the expediency of this on the part of the present and past township school boards.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures promptly by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Gosh & Co., Paules & Co.

LICENSE FOR CANVASSERS

The grocers of Danville will in the near future present a petition to Council asking for such legislation as will make it necessary for any person or persons selling at retail upon the streets any goods not of their own manufacture, to secure a license. It is claimed by the merchants that so liciting is a great annoyance to many housekeepers and that after the people have become accustomed to making their purchases at the stores, the new plan will be of benefit all around.

The following grocers have already signed the petition which is as follows: To the Honorable, the Chief Burgess and the Town Council of the Borough of Danville, County of Montour and State of Pennsylvania:

The undersigned merchants and citizens of the said borough respectfully petition your honorable body to enact, at an early date, such legislation as will require any and all persons desiring to sell at retail, by sample or otherwise, or who shall solicit orders for, sell or deliver at retail upon the streets, or by traveling from house to house within the limits of the borough of Danville, any books, printing, foreign or domestic goods, wares, merchandise or fruits, not of their own production or manufacture, and imposing a penalty for a violation of such ordinance.

The following is a copy of the ordinance which will be recommended to Council for enactment:—

AN ORDINANCE.

To provide for the licensing of canvassers and all other persons who sell at retail by sample or otherwise, or who shall solicit orders for, sell or deliver at retail either on the streets or by traveling from house to house within the limits of the borough of Danville, any books, paintings, foreign or domestic goods, wares, merchandise or fruits, not of their own production or manufacture, and imposing a penalty for a violation of this ordinance.

Section 1, Be it enacted and ordained by the borough of Danville and town council assembled and it is hereby enacted and ordained by the authority of the same that after the passage of this ordinance it shall be unlawful for any person or persons to sell at retail, by sample or otherwise, or to solicit orders for, sell or deliver at retail either on the street or by traveling from house to house within the limits of the borough of Danville, any books, paintings, foreign or domestic goods, wares, merchandise or fruits not of their own production or manufacture, without having first obtained from the Chief Burgess of the borough of Danville, a license for such purpose.

Section 2, The license fee required to be paid under the provisions of this ordinance shall be as follows:— for one day Two Dollars, for one week Ten Dollars, for one month Twenty Dollars, for three months Fifty Dollars, for six months One Hundred Dollars, for one year One Hundred and Fifty Dollars.

Section 3, Any person or persons violating this ordinance by selling, canvassing, soliciting or delivering as aforesaid, without having first obtained and paid for a license as required in Sections 1 and 2 of this ordinance, shall, upon conviction thereof before any magistrate or justice of the peace residing in the said borough, forfeit and pay a fine not exceeding fifty dollars and not less than twenty-five dollars for the use of the twenty-five dollars for each and every offence, together with the costs of prosecution; the costs of the magistrate, justice of the peace and constable to be the same as the costs fixed by law for them in similar cases. And any person or persons so convicted and fined in default of payment thereof, together with the costs aforesaid shall forthwith be confined in the common jail for the county of Montour for a period of not less than fifteen nor more than ninety days or until such time as the costs and fines imposed, together with the prison charges accrued, be fully paid and satisfied.

Section 4, The word "retail" as used in this ordinance, shall be construed to mean in small quantities, such as are usually immediately called for by customers.

Section 5, All ordinances or parts of ordinances inconsistent herewith be and the same are hereby repealed.

Liquor License Revoked.

The first blow to coal region saloon keepers, who sell drinks on Sundays, was delivered by Judge Auton Monday, and was of the solar plexus variety. His Honor handing down an opinion in the Martini case from Shamokin revoking the license of Martini. The defendant is the proprietor of the Markle Hotel at the corner of Commerce and Franklin streets, where Fedele Codispoti was fatally shot in Easter Sunday afternoon by Charles Mirarol. The owner of the building petitioned the court to only suspend the license until another person could be secured to run the place, but the request of the petitioner was refused. Judge Auton took occasion to again warn the Sunday drink sellers in the region in a few but very forcible words.—Sunbury Daily.

A little dust now and then is not so bad after all.

PROVISIONS OF THE ANTI-SPITTING BILL

The anti-spitting bill is still in the hands of the Governor. Every man, woman and child in Pennsylvania is interested in this bill, for it affects them all.

Representative Stubb, of Philadelphia, introduced the bill nearly three months ago. In its struggling along as one of the pet projects of the Pennsylvania Railroad Company it was so patched as to apply to all passenger railways, and to require "canspudors or other receptacles" to be suitably located. It was provided that in cars there should be one such receptacle "for every two passengers." The cuspidor amendments were knocked out, however, and finally in a shape unrecognizable to Mr. Stubb himself the bill went to the Governor as follows:

"That if any person or persons shall expectorate or spit upon the sidewalk of a city, town or borough, or on the doors and passageways of public buildings, or the doors of public conveyances propelled by steam, electricity or otherwise, or on the floors of theatres, railroad stations and other indoor places resorted to by the public, he, or she or they shall be guilty of a public nuisance, and upon conviction thereof before any magistrate, justice of the peace, alderman, mayor or burgess, shall be sentenced to forfeit and pay a fine not exceeding one dollar, and in default of payment thereof, shall be committed to and imprisoned in the county jail of the proper county for a period not exceeding five days."

Robbed The Grave.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by Paules & Co., Druggists. Trial bottles free.

Circus Carries 86 Cars.

The Barnum & Bailey circus, which will appear in May in this section, carries 86 cars, 30 more than were ever attached to any show in America. The circus travels in three sections. When the show last appeared in this vicinity, it had 56 cars. The increase is due to the large number of wild animals that have been added since the return of the circus from Europe.

A GREAT SENSATION.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by Paules & Co., Druggists. Trial bottles free.

Surprise Party.

A surprise party was tendered Mr. and Mrs. Richard Fogel at their home, Riverside, on Saturday evening. Those present were: Mr. and Mrs. Charles Winters, Mr. and Mrs. Dallas Snyder, Mr. and Mrs. J. O. Reppert, and son George, Mr. and Mrs. John Riffel, Mr. and Mrs. William Baylor, Mr. and Mrs. Edward Gross, Mrs. Rose Snyder, Misses Irene and Edna Freeze, Miss Verna Winters, Miss Maggie Barr and John Elliott, James Arter, Harley Moyer and Jesse Snyder. Refreshments were served.

For liver troubles and constipation there's nothing better in creation than Little Early Risers, the famous little pills. They always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. Gosh & Co., Paules & Co.

Contemporaneously with Spring and hot weather strawberries in the city of Washington came an epidemic of suicides. Some soulful genius has conducted an investigation and claims that the early strawberries are responsible for the suicides. His idea has not yet been stated with the full course of reasoning leading thereto, but the inference is that people purchase the berries for fifty cents per box and after discovering what insipid, tasteless things they are, the deluded purchasers go out into some lonely place and make away with themselves.

Poorly?

"For two years I suffered terribly from dyspepsia, with great depression, and was always feeling poorly. I then tried Ayer's Sarsaparilla, and in one week I was a new man."—John McDonald, Philadelphia, Pa.

Don't forget that it's "Ayer's" Sarsaparilla that will make you strong and hopeful. Don't waste your time and money by trying some other kind. Use the old, tested, tried, and true Ayer's Sarsaparilla. \$1.00 a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this grand old family medicine. Follow his advice and we will be satisfied.
