## AN ABLE DISCOURSE

Rev. William C. McCormack, D. D., of Big Flats, N. Y., occupied the pulpit in the Grove Presbyterian Church Sunday.

At the morning service he took as his text: Joel, 2:28—"Your old men shall dream dreams and your young men shall see visions."

The text was very aptly and beautifully applied. God reveals himself in dreams and visions. Religion does not narrow the horizon of a man's life. Some men are narrow and their spiritual outlook is narrow. To the stone mason the stone he handles is only a mass to fill a place in the wall; to the geologist in addition it is a treasure house of truth in which is stored an- written pages of the world's history.

The visions of youth become the dream of age. All the great movements of history owed their origin to the visions and the enthusiasm of youth. The young believe all things are possible and for the young to believe is to do.

A slave sale in New Orleans was witnessed by the great Lincoln in his youth. His hatred of slavery and his burning desire to see it abolished are matters of history. The slave sale was a vision which in the later years of his life became a dream which found its fulfillment when he affixed his signature to the Emancipation Proclamation.

Progress is not a real thing. Periods of enlightenment and civilization give way to eras of darkness when the world seems drifting backward. The history of man repeats itself in ever recurring cycles. Today we are confronted with drunkenness, corruption in high places and vice in many forms. The young are scornful and the aged become cynical.

But God is ever with us and in the dreams and visions in which he speaks to us of the future and of things of the soul we find hope and strength to aid us in overcoming the inclinations of the flesh and in living a life that will fit us for immortality.

The vision of the mind is the vision of progress; the vision of the heart is a vision of love; the vision of the soul is a vision of faith—faith in Christ, faith in God.

Oberish these visions and keep them alive; they are God speaking to you. Old age may be beautiful when it keeps in memory the visions of youth and dreaming of love and hoping for another life where those departed shall meet again it goes on to the very end of earth. When the darkness falls about you may still be dreaming dreams.

Miss Elfriede Weiss sang a solo, "The Plains of Peace."

**Fresh Paint in the Air.**

There is an odor of fresh paint in the air. In every part of town there are evidences of taste and pride in the cleaning up and improvements about the premises which give things a new and fresh appearance quite in harmony with the verdure and new life taken on by the landscape.

Old fences are being repaired or are giving place to new ones. Houses are being repaired and here and there new porches erected.

There is still room, however, for further improvement. A short stroll is apt to reveal more than one place in need of repair. New paint generally is the one thing lacking but improvements generally suggest themselves along various lines.

Wherever the circumstances of the owner will at all admit of it the premises should be improved and beautified to rival the best and most tasteful in the town to the end that Danville may be attractive and homelike and not suffer by comparison with any of our neighboring municipalities.

**Committee Soliciting Aid.**

Hatbi Adolph Mayer, Julius Heim and Simon Dreifuss compose a committee which is soliciting money to relieve the destitution existing as a result of the riot and massacre of the Jews at Kischeneff, Russia, recently.

Their efforts to raise money will represent an independent collection, which will be devoted to the relief of Christians and Jews alike. The committee is everywhere courteously received and yesterday realized some seventy dollars. All those who wish to contribute can leave their subscriptions with Rev. Adolph Mayer at Hotel Oliver or at the residence of Julius Heim, corner of Pine and East Fruit streets. Committees are also soliciting in Bloomsburg, Milton, Berwick and other neighboring towns in response to an appeal issued by the Kischeneff Relief Committee.

**Holiday for Rural Carriers.**

Postmaster General Payne has decided that the rural free delivery letter carriers of the country can take a holiday on Memorial Day. Hitherto the carriers—there are more than 15,000 of them—have had but one holiday, the Fourth of July. The farmers in Montour county where rural free delivery prevails may as well make a note of the new order. They will have to go without mail on the 30th or visit the nearest post office, as of old.

## COMMITTED TO JAIL FOR TRIAL

Peter Snyder, Bank street, was committed to jail yesterday afternoon to await trial under the general charge of cruelty and neglect of his three small children.

Snyder was arrested Monday evening and taken before Justice of the Peace J. P. Baro, who in order to obtain some additional witnesses postponed the hearing until yesterday afternoon.

There were five witnesses present yesterday including Mrs. Emma Jord, an unmarried daughter who lodged the information. The evidence adduced was nothing short of harrowing and showed a pitiable state of affairs in the Snyder home.

According to the information, which was supported by the neighbors who were witnesses, there are three small motherless children in the family. A little girl of 9 years does the housework. There is still a younger child of 6 and a boy 13 years old.

The father is charged with beating the boy unmercifully, with driving the children out of the house and threatening to kill them if they dared to enter.

The justice decided to let a jury decide upon the case and asked him if he could procure bail. He wanted no bail, he said, and declared that he would go to jail. Therefore, to jail he went.

## Forest Fires.

The forest fires have never been more extended or prolonged in this state than this Spring, owing to the greatest drought on record, at this season of the year. It is estimated that \$50,000,000 worth of property has gone up in forest fires the past four weeks.

The New York Mail and Express of last evening says: "Nothing imaginable can be more stupidly uneconomic than the way we have in this country treated and are still treating our wood wealth. If the ordinary and average wood lot is not burned over and three quarters of its product wasted in fire, it is the custom to cut it all off clean every twenty-five or thirty years and then let it sprout up again. Nothing is permitted to mature, of course—the little trees are taken with the bigger ones, and nature is left to begin all over again. The process is very much the same as it would be if the farmer, to get his hay, should rip up the sod, leaving nature to produce a new sod slowly and painfully. The ordinary woodcutter does not know how to take the timber that is ripe, or somewhere nearly so, and leave the young crop to come on. He destroys more completely than the fire does."

The department of agriculture has been giving the people, at no cost to them, a series of object lessons in forestry which will bear fruit some time, and we are pleased to see that it is, through the bureau of forestry, now taking up this forest fire problem. It has begun by stationing foresters in the districts where fires prevail to find out just what causes them, and what prevents them from being extinguished. When the proper data have been accumulated the bureau will formulate a plan of prevention, and presumably do what it can to bring a realizing sense of the wastefulness and wickedness of forest burning home to the people.

## A HARD STRUGGLE.

Many a Danville Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Danville people endorse this claim: Mr. Levi Alleger, baker, of 102 North Spruce St., says: "I had much lameness in my back right over my hips and an ever-lasting aching over the kidneys. It hung right to me and stooping or lifting anything caused sharp pains to pass through me. I had pain between my shoulders and running down my spine, which unfitted me for my work. I could not sleep well nights, and was tired all the time, especially first thing in the morning. I read about Doan's Kidney Pills curing others of this trouble and I got them and after taking them I felt all right. They are the only thing which ever did me permanent good."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

## Two New Routes.

Two new routes will be added to the rural free delivery service in Columbia county, commencing June 1st. Both routes start at Jerseytown and are as follows:

Leaving Jerseytown goes to Buckhorn, to Masteller's bridge, to Linden Hill school house, to Leidy Zeisler's, to Dutch Hill church, to Black Run, through by Jerseytown and the Eversgrove road, following the road into town, a distance of nearly twenty-four miles. Charles Girtan will be the carrier.

The second goes down to the Montour county line, over to Washingtonville, by Matthew Sheep's and James Lowry's, to James Russell's, to A. C. Smith's, up Allen Hollow to Katies church, to Cox's, down Spruce Run to Madison school house, to Chamberlain's, to John Smith's farm, to John Wolf's farm, down to E. H. Kramer's farm, thence to Jerseytown via the Whitehall road. Charles Winterstein will be the carrier for this route, which covers twenty-one and a half miles.

Let me say I have used Ely's Cream Salve for catarrh and can thoroughly recommend it for what it claims. Very truly, (Rev.) H. W. Hathaway, Elizabethtown, N. J.

I tried Ely's Cream Salve and to all appearances an cure of catarrh. The terrible headaches from which I long suffered are gone.—W. J. Hitchcock, to Major U. S. Vol and A. A. Gen., N. Y.

Palm does not irritate or cause sneezing. Sold by Druggists at 50 cents, mailed by Ely Brothers 56 Warren St., New York.

## FISHING WITH SEINE NETS

A number of fishermen who were dragging a seine up Mahoning creek Saturday night came very near getting into trouble.

About 9 o'clock the men, who it seems, had started in at the creek's mouth, were detected by a citizen who resides on West Mahoning street. The fishermen had then reached a point opposite Chestnut street at the lower end of the Borough. The police officer and Constable W. E. Young, were at once notified.

The officers made a dash for the creek. The fishermen were still at work, and had reached a point opposite Meyer's livery stable. The men, a half dozen or so in number, one of whom was carrying a lantern, could easily be seen dragging the net through the water. They were on the opposite side of the creek, however, from the officers, who stood near Meyer's livery stable.

Hoping to effect an arrest, the officers stealthily advanced along the shore toward the aqueduct, where they expected to cross. The fishermen were on the alert, however, and spied the officers before they could cross the stream.

There was a hurried consultation among the men with the seine following by a rush for safety. A moment later their dim figures could be seen scrambling up over the center tip and dragging their net after them. The officers gave up the chase.

## Interesting Missionary Meetings.

Three Women's Home and Foreign Missionary Societies of the Mahoning and Grove Presbyterian Churches were addressed yesterday by Mrs. W. E. Thomas of Lewisburg, a vice president of the Presbyterian Society.

The Society connected with the Mahoning Presbyterian Church met at 4 o'clock in the afternoon; the one connected with the Grove Church met last evening.

Mrs. Thomas, who is the wife of the Rev. W. E. Thomas, pastor of the Presbyterian Church at Lewisburg, is an enthusiastic missionary worker and an able and interesting speaker. She is a daughter of Dr. and Mrs. Mattison, well known missionaries in India. She was born in Siam and lived in that country until she was seven years of age. She thus is able to give much practical information on the state of affairs in India and the needs as they relate to missionary effort. Her mother was one of two missionary workers and the only two women who were permitted to enter the king's household.

Mrs. Thomas is sent out by the Presbyterian Society to look after the home and foreign missionary bodies connected with the different congregations. She gave many valuable suggestions as to management and methods which might be adopted to awaken an interest in missionary work.

## A Successful Organizer.

Benjamin P. Harris of this city, District Deputy Supreme Organizer for the Heptacosites is meeting with flattering success in the South. The Gastonia, N. C., News of May 15 contains the following:

Last Tuesday evening refreshments plentifully provided, an address, eloquent, instructive and encouraging, from Col. E. P. Harris, District Deputy Supreme Organizer, two initiations and additional applications for membership and an attendance of thirty odd members afforded additional proof of the great impetus the order has received in this community. Sixteen members have been added this year and some ten applications are pending for action next Tuesday night. Total membership sixty-eight. Col. Harris is putting in a week's work at the forward movement so auspiciously inaugurated, and it is confidently expected that next Tuesday night will witness a large addition to the membership of the order.

## Lost by One Vote.

By the narrow margin of one vote the proposed loan of \$50,000 was defeated at the Berwick election Monday and thus vanished the prospect for the street sewerage which is so badly needed in Berwick and which the council has been earnestly trying to secure. Three wards voted in favor of the loan but the North East had a majority against it which swayed the town and strange to say it was the need of sewers in this district which council was especially desirous of remedying. The vote polled was very light being less than one third the number of voters in the borough.

## Teachers Needed There.

Young men and young women holding teachers' certificates but not being able to secure positions are advised to migrate to New Jersey, where there is a scarcity of pedagogues. According to a resident of Passaic, N. J., it is likely that the school board of that city and Newark will have to appeal to some of the Normal schools of Pennsylvania for public school teachers. He says the young women there prefer stenography and typewriting instead of school teaching, hence the shortage of teachers.

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is well now today. It troubled with indigestion, had taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the results. For sale at 25 cents per box by Pauls & Co. Druggists 342 Mill street.

## Catawissa's New Station.

Ground has been broken by the D. L. & W. Railroad for a new station at Catawissa to replace the one burned down some time ago. The building will be located just below the former one and will be 70x15 feet. This includes a forty foot freight house, a ten foot office and a twenty foot waiting room.

## DANVILLE'S CLOCK FACTORY

The Rempe Manufacturing Company has leased the large warehouse on Railroad street formerly occupied by the Danville Mercantile Company and now owned by J. H. Gosser Company, where in a few weeks' time they will begin the manufacture of Mr. Rempe's self-winding clocks.

Mr. Rempe has started on a trip to New York and New England for the purpose of ordering special machinery to be used in equipping the plant. Accompanied by P. C. Angle, Esq., one of the directors of the company, he took a trip to Washington, D. C., last week for the purpose of examining the validity of the patent. Both gentlemen were convinced that the patents were exceptionally ample and strong covering the clock in all its features.

The building leased, which is of brick, with an abundance of floor space all on the first story, is admirably adapted for the purpose of manufacturing clocks.

Mr. Rempe's timepiece is really a wonderful invention and judging from the enthusiastic endorsements which it has received, it may prove no idle dream to predict that in a very short time the whole big building may be occupied with machinery and workmen and that Mr. Rempe's clock, which runs without winding, may be in well nigh universal use.

The Rempe Manufacturing Company, recently organized, is made up of local business men and is capitalized at \$120,000.

## Will Meet at Montoursville.

The next meeting of the Old Fellows' anniversary association will be held at Montoursville next April instead of Williamsport. This was definitely decided upon by the officers of the association when that town came forward recently with an offer to relieve Williamsport of caring for the meeting. The down river town has gone at the matter with a spirit that insures success, and the next meeting of the association promises to be fully as interesting as any yet held.

When the association came to select a place of meeting in the session recently held in Milton, there were no invitations. It was then decided to meet at Williamsport, the headquarters of the association, unless some other town having a membership in the organization should ask for the meeting. Williamsport having entertained the association two years ago, did not ask for the meeting, but was willing to take it. Now that Montoursville gives an invitation, the officers decided to transfer the meeting to that place. Already the Old Fellows of Montoursville have gotten out a subscription list, and have raised over \$100 toward the celebration, most of which comes from the merchants of the town. The members of the order are very enthusiastic about the matter, and promise to make arrangements that will guarantee one of the most enjoyable celebrations yet held.—Williamsport Sun.

## HOME TESTIMONY FOR HOME PEOPLE.

When you are asked to take the word of some one unknown and at a distance, as to the value of an article, it requires a stretch of faith. When you are told that someone in your own town, someone whom you know, or can go to and verify the statement—says the article is all it is claimed to be, it gives it at once the stamp of honesty. This is the Principle pursued by Dr. A. W. Chase's Nerve Pills—Home testimony for Home people.

Thomas Keat of No. 632 Mill St., Danville, Pa., says: "Dr. A. W. Chase's Nerve Pills are certainly what they are represented to be. I got a box last fall at Gos's Drug Store and found they were just what I needed. They invigorated and toned me up generally—I rest well again and feel the benefit of my night's rest. My business is of a sedentary nature and trying on the nervous system but I have felt finely after their use. I am very glad to endorse so excellent a medicine." See a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

## Rogation Days Observance.

In the catholic churches the three days preceding the Ascension of Jesus Christ are set apart as Rogation Days or "Days of Asking." They are to be kept as special days of fasting, supplication and prayer for bounteous harvests, in preparation for the great feast to follow. The institution of this fast period occurred during the fifth century, when in view of the alarming condition of the young crops, the edict was made that these days should be kept in the prescribed manner, and the observance has since continued.

In view of the present prolonged drought these days would seem to occur this year at a very opportune time, and especially appropriate seemed the prayers for rain offered at public services last Sunday, Rogation Sunday.

## Anniversary Surprise Party.

Mrs. Henrietta Bloch was pleasantly surprised by a number of friends at her home on East Market street, Saturday evening in honor of her 75th birthday. A most enjoyable evening was spent. Those present were: Mrs. Julius Heim, Mrs. Eli Rosenthal, Mrs. A. Myers, Mrs. S. Goldsmith, Mrs. Henry Dreifuss, Mrs. Samuel Dreifuss, Mrs. Hannah Wyle, Mrs. Herbert Wyle, Mrs. Samuel Bloch, Mrs. Augustus Meyers, Mrs. Joseph Heim, Mr. and Mrs. Lewis Gross, Misses Bertha and Ella Myers, Mrs. Louisa Bloch, Mrs. Rachel Wertheimer and Mrs. R. Ellenbogen.

## Editor Farrow Resigns.

D. R. G. Farrow, to whose able pen the Shamokin News largely owes its attractiveness, resigns his position as city editor of that journal to accept a place on the Reading engineer corps. His own energy assures him a successful career in his new vocation and thus fulfills the sincere wish of his brethren of the craft.

## PERFECTING ARRANGEMENTS

The Memorial Committee of Goodrich Post, No. 22, G. A. R., of which Joseph L. Shannon is chairman and Lavi B. Seidler, secretary, are very busy perfecting arrangements for Memorial Day, which will take place on Saturday, May 30th.

As customary a cordial invitation to join the parade has been tendered to the fire department, secret societies, Chief Burgess and the Town Council.

Company F, 12th Regiment, N. G. P., under command of Captain J. Beaver Gearhart, has accepted an invitation to take part in the program of Memorial Day.

The Woman's Relief Corps will also participate along with the children of the public schools, who constituted such a pleasing feature of the parade last year. These are all invited, the girls being requested to wear white dresses along with red, white and blue ribbons. Each boy is asked to procure and carry a small flag.

Those who wish to join the parade will meet at G. A. R. Hall at 1:30 p. m. The procession will proceed to Old Fellows' Cemetery, where short addresses will be delivered by the clergy of the city. All old soldiers, sailors and marines, Sons of Veterans and American-Spanish war veterans are cordially invited to take part in the program of the day.

The new flags to be used in marking the graves were ordered some time ago and are expected daily.

In order that no veteran of any of the wars may be missed in placing flags upon the graves, surviving friends and relatives are asked to mark the tombs of all such by driving a square stake at least four feet long into the earth. The graves should be thus designated not later than Saturday, May 25th.

Decorations Day and flowers go together and the veterans this year make the usual appeal. Flowers will be needed in unlimited quantities and will be thankfully received. Those contributing are requested to leave them at G. A. R. Hall between the hours of one and seven p. m., Friday, May 29th.

## Among the Grangers.

Hon. W. F. Hill, master of Pennsylvania State Grange, has taken up his residence temporarily at Mount Alto, Franklin county, Pa., primarily for the benefit of the health of Mrs. Hill. Correspondents should address as above.

Lincoln Grange, No. 314, Huntingdon county, for a number of years has held its regular meetings to hold their charter. They recently moved from Entriken to Marklesburg and have already taken in seven members with the prospect of a number more in the near future.

Four new Granges were organized in Pennsylvania during the month of April: No. 1233 Mercer county, No. 1234 Armstrong county, No. 1235 Clarion county, No. 236 McKean county. Sixteen new Granges have been organized in this state since January 1, 1903.

## By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he has to say of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by Pauls & Co. Druggists, 342 Mill street.

## May Run a 'Bus Line.

There is a movement on foot to establish a bus line between East Lewisburg and Northumberland. The idea would be to connect Lewisburg, Milton and Watsonville passenger railway with the Sunbury and Northumberland railway. There will be a bus each way every two hours, commencing with every other car at East Lewisburg. The trip from Northumberland to Milton would then take about twenty minutes. The service would be a great boon to Northumberland and Sunbury people, as there are no south bound trains after 7:38.—Milton Standard.

## From a Cat Scratch.

On the arm, to the worst sort of a burn, sore or boil, DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by Gosch & Co., Pauls & Co.

## Will Participate in Celebration.

In telling of the big celebration to be held in Lock Haven on July 1 the Lock Haven Express says: "An interesting feature of the parade will probably be the whole, or at least a considerable number of the companies of the Twelfth Regiment, N. G. P. All the committees report good progress and are enthusiastic over the prospects of the big celebration being the grand success that has been predicted it would be."

## HURT BY A RUNAWAY

William Pensyl, one of the oldest and most highly respected residents of Northumberland county is lying at his home in Elysburg in a critical condition, as the result of a runaway accident near his home last week.

Mr. Pensyl, who owns the large tannery on the hill north of Elysburg, it being the only industry of this kind in the region, had some business to transact with a farmer who lives several miles away from the Pensyl home. Accordingly, he hitched a spirited team of horses to a light spring wagon and started on the journey. The first several miles were traveled in safety, but upon coming to a ditch both horses became fractious and began rearing and plunging.

Mr. Pensyl's right hand was bandaged as the result of a severe wound and he was consequently compelled to take care of it, in fact he had no use of the arm.

Suddenly the horses started on a mad tear down the road, the wagon swerving first to one side and then to the other while Mr. Pensyl did all in his power to check their mad career. Catching in a rut the wagon upset and the aged tanner was hurled to the ground. His head struck a large stone, rendering him unconscious. Farmers rushed to his assistance, removed him to his home and summoned Dr. Allison, who found Mr. Pensyl seriously injured, his head having been badly cut and bruised. Yesterday he was resting easier and although his condition is critical his life is not deemed of peril. The team was stopped several miles from the scene of the upset, the wagon having been totally demolished.

## Protecting The Birds.

By an agreement between the Millinery Merchants' Protective association of New York and the Audubon society of that state certain species of birds are to be withdrawn from the millinery trade. They comprise the quail, terns, grubs, humming birds and song birds which the society and the ornithologists' union have been striving to save from destruction for years. Monthly publication is to be made in the magazine of the trade as to what birds cannot be legally bought. The millinery association further agrees that after January, 1904, the plumage of the egret, heron and American pelican shall be added to the prohibited list. The Audubon society on its part agrees to endeavor to prevent any interference on the part of game wardens with the millinery trade, and to refrain from securing the plumage of any bird restricted by the law, or the importation of fancy feathers obtained from domesticated fowls, or of the plumage of foreign birds other than those already specified.

One of the chief difficulties encountered by the society in its efforts to protect the birds from the slaughter instigated by the deeres of fashion has been the attitude of opposition assumed by the dealers in millinery, who have claimed that their trade was being injured by the crusade against bird ornamentation of hats. In converting the trade to a humane view of the question the society has made a distinct gain, much more direct in its immediate effects than the more gradual process of educating and refining feminine taste to the point where the eyes of fast women could take more than a momentary delight in seeing a gorgeously plumed bird on the wing or perched on the swaying branch of a tree than on the nodding crown of her Fall hat. If women must bedeck themselves in borrowed plumes there can be no possible objection to the employment of the feathers of domestic fowls for such purposes.

Now that the millinery trade and the Audubon society are at one on the subject of bird protection, there should be an appreciable decrease in the slaughter of the birds. Let the educational campaign in the rural districts be continued with unabated vigor, to the end that the farmer may restrain the destructiveness of his young hopeful with a gun. Let the farmers be informed that the decrease of the birds means the increase of orchard pests. It may be possible to resort to the woods and fields their feathered population, so badly depleted in recent years.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it." says C. P. Rayder, of Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by Pauls & Co. Druggists, 342 Mill street.

## Accepted the Call.

Rev. W. J. Wagner of Glasgow has accepted the call to him from the Buckhorn charge, which comprises the four Lutheran Churches, Buckhorn, New Columbia, Straub's and Canby. He will reside at Buckhorn.

## There May be Peaches.

The peach crop may not be such a great failure as was predicted after all. Eugene Morrison of Cooper town-ship on Saturday brought to this office a branch broken from the limb of his peach tree, which contained twenty-five peaches. The fruit was small in size, but healthy enough in appearance.

## Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be presented or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is to great for anyone to take Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by Pauls & Co. Druggists 342 Mill street.

## Lawns Suffering For Rain.

There is hardly a lawn in this city that has not suffered for the want of rain. The grass is badly scorched and unless there is a downpour soon many plots will be ruined for the summer.

## MARKET LIKELY TO REMAIN

Farmers of Montour county do not manifest much interest in the new law enacted by the last legislature, which gives them permission to sell produce of their own raising in or about the streets of a town or city without paying license. In the main they seem perfectly satisfied with the curb stone market and are not counting any change.

Borough Solicitor, E. S. Gearhart has not been asked for an opinion on the new law by the Borough Council. The act is pretty plain in its provisions, however, and as the farmers construe it they do not see how under existing conditions, here they are to be much benefited by it. Several were interviewed in market last Saturday morning.

They were unanimous on one point and that was that there could be no improvement on the plan embodied in our curb stone market, which enables them at regular intervals to drive into town with their produce and meet the purchasers in a body. They were quite willing to pay the small fee demanded by the borough for the privilege of backing up on the streets. Several thought they might be benefited by the new law if they were to understand that they have the privilege of driving about town after market hours for the purpose of disposing of goods that might remain on their hands.

No one, however, seemed to like the idea of selling goods from house to house and it is not likely to be practiced to any extent. The curb stone market will stay with us.

## A Little Early Bear.

now and then, at bedtime will cure constipation, biliousness and liver troubles. Dr. Witt's Little Early Bear are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Gosch & Co., Pauls & Co.

## Special Men's Meeting.

The meeting for men in the Y. M. C. A. Hall, next Sunday afternoon at 2:30 o'clock, will be addressed by Rev. E. E. Swingle, Presiding Elder of the Lewisburg District United Evangelical Church. Mr. Swingle is an interesting speaker and is greatly interested in work for young men. A pleasant and profitable time may be expected by all who attend this meeting.

## A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all throat and lung troubles. Thousands can testify to that. Mrs. C. E. VanMetre of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It is guaranteed by Pauls & Co. Druggists. Trial bottles free. Reg. 4189 50c., \$1.00.

## Meeting of Wyoming Classis.

Wyoming Classis of the Reformed Church will meet in annual session, at Freehold, Pa., next Monday, May 25th, and continue in session the greater part of the week. This Classis embraces the Reformed churches in the counties of Montour, Columbia, Sullivan, Luzerne, Lackawanna and a part of Northumberland. Twenty-eight ministers and an equal number of lay delegates will be in attendance, representing forty-four congregations with a membership of 6800. Rev. George E. Lambert and Dr. Jos. Sweistort, as delegate-elder, will attend as representatives from Shiloh Reformed Church.

## A Startling Test.

To save a life, Dr. T. G. Merritt, of Mohopany, Pa., made a startling test resulting in a wonderful cure. He writes "a patient was attacked with violent hemorrhages, caused by elevation of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 25c at Pauls & Co's drug store.

## All you can ask.
