# Danville, Pa., June 4, 1903.

FOR STATE TREASURER, W. L. Mattheus of Delaware County

FOR AUDITOR GENERAL,

Hon. W. P. Snyder of Chester. FOR JUDGE OF SUPREME COURT, Hon. Thomas A. Morrison of McKean

#### FLAMES DESTROY R. R. BRIDGE

Hon. J. J. Henderson of Crawford.

freight train set fire to the Pennsylvania Railroad bridge, which crosses histories. The result was an appoint-Catawissa Creek, on the outskirts of that town, yesterday morning, and in come to "Sunny Rest" at this place. the remarkably short time of eleven We have only eleven-all wealthy-paminutes, the entire bridge was con- tients and I have especial supervision sumed by the flames.

The bridge was first found to be aflame at about eleven o'clock, when some carpenters, working close by, noticed smoke issuing from the structure, and, upon investigation, found that it was on fire.

The alarm was spread as rapidly as possible and soon the Catawissa Fire Department and a passenger engine and train crew were on the scene and used every effort that was in their power to extinguish the flames, but their efforts were of no avail. The tinder-like condition of the bridge, caused by the prolonged drought, coupled with the oil-soaked ties and bottom timbers, made the bridge seem like that much paper, so rapidly did the flames carry on its work of destruction. In a few short minutes what previously was a good, stout proud of it. structure, lay in the creek a twisted and torn mass of worthless iron work.

The wrecking and work crews were called out and immediately started the work of clearing up the debris and replacing the old bridge with a temporary trestle work, in order to delay traffic on this division as little as pos sible. It is thought that by this morning trains will again run over the temporary bridge, so rapid is the progress of the workmen.

All trains between Sunbury and Wilkesbarre were run yesterday afternoon and last night by the way of Rock Glen Junction, which, although it delayed the traffic and made the ing a spraying tube, is 75 cts. Sold by trains late on account of the long distance that must be traveled, facilitates the handling of the company's business on S. H. & W. division.

#### Dredging the River for Coal.

ville have arrived in Plymouth and experiences in his 40 years as a circus started a new enterprise. They fitted manager, related to the editor the oth up a tug boat and will dredge the riv- er day, the following story: er and take the coal from its bed. It will, without doubt, prove a very prof- tion of last year in Africa and while itable investment, for it will be re- there he bought a number of animals membered that during the recent min- for the show. ers' strike several companies were orsay the river bed is full of coal, which starting a show for the natives of Af--Wilkesbarre Times.

## War on the Mosquito.

Determined war will be waged against the mosquito in New Jersey and on Long Island this summer Now that science has positively decided that it is possible to destroy the pest, health boards and wealthy men the two 'Musicians.' " whose peace of minds and skins have suffered from the insects have banded together for their extinction. If the plans now formed are carried out there is no doubt that the mosquito will practically become merely an nnpleasant memory in the localities where war is being waged against him. In Hackensack, Weehawken, Ho. boken, Paterson, Newark, Perth Amboy. Red Bank, Bayonne and along the shores of Barnegat Bay, authorities in charge of the health of thes New Jersey communities are bestirring themselves. In most of thes places the petroleum alone is relied on to rid the swampland and long grass of the infesting mosquitoes.

## Improved Mileage Books.

The Philadelphia & Reading Railway Company has issued circulars that effective June 1, 1903 their issue of mileage tickets will be honored by the N. Y. C. & H. railway (Main Line & Branches, Adirondack division and Pennsylvania division) West Shore Railroad and Buffalo, Rochester & Pittsburg Railway. As P. & R. mileage is already good over Pennsylvania division (Fall Brook & Beech Creek Railways) of N. Y. C. & C. R. R of N. J., this makes it one of the most attractive forms of mileage books on the market. This issue of mileage book is practically good for any number of persons to use.

## Annual Outing.

Circulars have been is-ned from the headquarters of the State Editorial Association notifying the newsmen over the state that the annual outing all constitutional diseases have their beginthis year will be at Atlantic City.

Each year the editors and their wives take a few days off and visit some point of interest in or near the state. Last year the northwestern soon realized. It stands the highest for its part of this state and western New York were the objective points.

These outings are a source of pleasare and profit to all the newspaper men who attend them. The writer rub elbows and keep in touch with the other men of the same profession.

The Mechanicsville Band will hold a festival on the school house lawn, Mechanicsville, Saturday evening, Jane 6th. Everybody invited.

#### MONTOUR AMERIGAN CHARLES J. HUNT HEARD FROM

A letter has been received in this ity from Charles J. Hunt, who np two years ago was a clerk in the Danville post office, but who since hat time has been a medical student n Philadelphia. By the letter it will be seen that he is advancing steadily toward the goal of his chosen profes on. The letter was written at White Haven on June 1st. So many of our eaders feel an interest in the young nan that we present his letter in part : Dear Friend: I passed my mid win er examination standing among the first 'wenty-five of my class, this is

When the Phipps Institute was pened to treat tubercular diseases I vas appointed historian and gained a valuable experience in more than one Sparks from the engine of a passing branch of my work. I assisted in examining patients as well as taking ment by Dr. Flick, the Director, to ver one of them

At the Free Hospital just across the iver are 103 patients and it is there I expect to do some studying. I arrived here on Friday and am already

I can scarcely realize that two years ago I was a clerk in the Danville post office. I shall not regret my life there, for in many ways it was a preparation for college life.

The averages for final examination are not yet out but I shall be much disappointed if my marks are not well up n the 90's.

I was instructor in the junior gym nasium at the Central Y. M. C. A. all winter and was given a fine silver physician's pencil with my initials engraved upon it by the boys the day I left the city. I am particularly

I expect to visit Danville before next October

Sincerely Yours. CHARLES J. HUNT

Well, I just sent him the following cablegram, 'No musicians on hand; will a bass drummer do? "But." he added. "Before the snn set beneath the western horizon that day, Gil,' who was thousands of miles from an acquaintance or a friend, got

## P. & R. Summer Excursions.

District Passenger Agent D. L. Mauger, of the Philadelphia and Reading railway, is busy arranging for summer excursions, which will be eight in number, four on Thursday and four on Sunday, the exact dates to be de termined later. The Sunday excursons will be for five days instead of one day as heretofore. The service will be of the very best. Atlantic City promises to be more popular than ever this summer. Besides these excursions the Reading may inaugurate a series of excursions to New York via the Jersey Central.

### Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. of order, they fail to do Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidneypoisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly ning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's
