MOULDERS TO HOLD

The picnic at DeWitt's Park on Saturday next under the auspices of the Iron Moulders' Union, this city, pro-

mises to be a very interesting event. It will be an all-day affair and nothing in the way of amusements will be omitted. Dancing will be continuous during the afternoon and evening. There will be games of all sorts including a base ball game with the "Old Timers" on one side and some other wide-awake aggregation, yet to

be selected, on the other side. The picnic will be open to the publie, to whom a cordial invitation is extended. No admission fee will be charged, but the Union will be prepared to serve the public with sandwiches, ice cream, coffee, &c., and it is the profits arising from this source that will have to be relied upon to afford compensation. They are anxious to secure a good attendance and as the Iron Moulders' Union seldom appears before the public it deserves to be patronized. The invitation takes in the women and children as well as

Card of Thanks

The Ladies' Auxiliary of the Y. M. C. A. fully appreciate the kindness of the public, who made it possible, through donations of money and eatables, to give the members of the Thomas Beaver Boys' Bible Class a most enjoyable picnic. The Auxiliary, therefore, returns thanks to all who in any way contributed to the succes of this annual outing for our boys.

At the park, on Thursday, even though the day was unpropitious, those in attendance enjoyed it, in spite of clouds, and entered into the various games and sports with real vigor. Mr. Carpenter, physical Director of the Y. M. C. A., added much to the enjoyment of the boys, by directing their sports in the large pavilion.

The supper was, of course, a feature, and was enjoyed to the full. There was plenty for all, and with sandwiches, cakes and ice cream, every boy was in his happiest mood. One boy said he would rather have those good sandwiches than strawberry short cake; another declared that the cake and ice cream were "great". One little fellow is so impressed with the value of being a member of the class that when asked how long he had been a member, said: "Why, for fifteen years." He was then asked how old h was. He quickly responded "Eight This boy was evidently but his enthusiasm was

Every boy present was delighted, and all said: "We had a goodtime." The continued interest of parents and others is always desired in this work of the Y. M. C. A. for boys.

I might say that I had aching all through me just before I began using them. It commenced with sharp stitches just over my hips, and later on I had a great deal of pain through my forehead and in the top of my head. had a close call. Charles Kramer, who was employed at the new school building in the First Ward was another victim. During the shower he entered the cellar of the main building and here he was found lying on the floor in a semi-unconscious state after the rain. A carriage was procured and he was driven to his nome on Nassau street.

Dr. Paules, who was called to attend him, stated in an interview las evening that he found Mr. Krame quite ill. Judging by the symptom he felt pretty confident that the man was suffering from the effects of an electrical shock. In falling he was struck upon the head by a plank, which helped to aggravate his condition, al though nothing serious is apprehended in his case.
