

RAILROAD TIME TABLES.

Table with columns for EAST, WEST, PENN'A R. R., SUNDAYS, D. L. & W. R. R., PHILA. & READING R. R., BLOOM STREET.

SHOULD KEEP FAMILY RECORDS

The general public have but little knowledge of the large number of inquiries that are from time to time received at the offices of the Boards of Health in every locality in the United States from persons who are living in distant countries and in some cases in the United States of the world.

There are two purposes served in their demand—First, that the amount paid as a claim should be commensurate with the age of the life insured and second, to prevent a substitution of one person for another and further it gives a standard whereby the State actuaries can measure the duration and expectation of life.

The Foundation of Health—Nourishment is the foundation of health—Life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues.

How the Fourth was Observed. The Fourth of July was very appropriately observed by our citizens. The weather conditions were all that could be desired.

Working Night and Day. The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power.

One Captain Resigns. Captain Calvin Pardee, Jr., of Company G, Ninth Regiment, has resigned and the company will probably elect a successor to him in camp.

Catarrh of the Stomach. When the stomach is overloaded, when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion.

Twenty Bodies Recovered. JEANNETTE, Pa., July 8.—The search for bodies of victims of the Oakford Park flood is progressing but slowly, and scarcely anything has been done towards clearing up wreckage that is scattered for miles from Oakford Park down to Manor.

Bush Meeting. The A. M. E. church will hold a Bush Meeting at Hunter's Park, Sundays, July 12 and 19th. An admission fee of ten cents will be charged to defray expenses.

The weather man continues to predict that mercury will come high.

PETITION TO THE CZAR

Henry I. Gross, of Hermon Lodge No. 22, Independent order of B'nai B'rith, will this morning start out to secure signers in Danville to the petition to the Czar relative to the Kishineff massacre, which President Roosevelt has agreed to forward to Russia.

The petition to the Czar sets forth in part: "The victims were Jews and the assault was the result of race and religious prejudice."

"The rioters violated the laws of Russia. The local officials were derelict in the performance of their duty."

"The Jews were the victims of indefensible lawlessness. The westward immigration of Russian Jews, which has proceeded for over twenty years, is being stimulated by fear and already that movement has become so great as to overshadow in magnitude the expulsion of the Jews from Spain and to rank with the Exodus from Egypt."

"The civilized world craves the hope that there shall be fixed in the early days of the Twentieth Century the enduring principle of Religious Liberty; that by a gracious and convincing expression your Majesty will proclaim not only for the government of your own subjects, but also for the guidance of all civilized men, that none shall suffer in person, property, liberty, honor or life, because of his religious belief; that the humblest subject or citizen may worship according to the dictates of his own conscience, and that government, whatsoever its form or agencies must safeguard these rights and immunities by the exercise of all its powers."

"The movement to petition the Czar was set on foot by the Independent Order of B'nai B'rith. Our townsman Henry I. Gross has been selected to circulate the petition in Danville both by reason of his prominence in the community and the fact that for many years he was a representative from Hermon lodge to the grand lodge of the order and is known to be a man of broad philanthropy who not only has the welfare of the Russian Jews at heart but is one who can be relied upon to carry out any important work entrusted to his hands."

ANSWER IT HONESTLY. Are the Statements of Danville Citizens Not More Reliable Than Those of Utter Strangers?

This is a vital question. It is fraught with interest to Danville. It permits of only one answer. It cannot be evaded or ignored.

It is a citizen's statement is reliable. An utter stranger's is doubtful. Home proof is the best proof.

Joseph Williams of 30 Ash street, barber, says: "I did not have to use a whole box of Doan's Kidney Pills before they cured my back of depressing aching and removed the lameness which had made every movement painful. The lameness centered right over my kidneys, and stopping or lifting sent a sharp twinge through me. When on my feet a dull gnawing pain took all the vim out of me. I gave some to Mr. C. H. Stiles of 217 East Main street, and as I had no further use for them and he was as pleased as I was with the positive results obtained."

Remember, the name—Doan's—and take no substitute.

Resolutions of Respect. The Montour County Medical Society adopted the following resolutions:

Whereas, it has pleased Almighty God to suddenly remove from our midst, our esteemed colleague and brother practitioner, Dr. John R. Kimerer, we realize the community has lost an honorable and upright citizen, this Society an energetic, zealous member, a conscientious practitioner; therefore be it

Resolved, That a copy of these resolutions be spread upon the minutes of this Society, published in the local papers, and a copy presented to the family.

C. SHULTZ, G. T. SMITH, E. A. CURRY, Committee.

When the stomach is overloaded, when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion.

DOUBLE DROWNING ACCIDENT

Two young men, just in the bloom of life, met sad and untimely deaths by drowning in the river between this city and Sunbury on Sunday night. The victims were Frank Leung, son of Pierre Leung, who lives on Thomas Lyons' farm, in Stillhouse Run hollow, and Hiram Richard Erdman, son of Daniel K. Erdman, who lives near-by. Young Erdman would have been twenty years of age today, and Leung was short eighteen years by several months.

LEFT HOME SUNDAY NIGHT. The accident happened in the vicinity of Mile Post No. 1, along the Sunbury, Wilkesbarre & Hazleton Railroad, within a stone's throw almost of the victims' homes and their fate was not learned until about ten o'clock Monday morning.

The accident happened in the vicinity of Mile Post No. 1, along the Sunbury, Wilkesbarre & Hazleton Railroad, within a stone's throw almost of the victims' homes and their fate was not learned until about ten o'clock Monday morning.

FUNERAL OF FRANK COTNER

The bad news reached this city Friday morning that Frank Cotner, whose bad fall was noted in these columns, had succumbed to the effect of his injury, death ensuing at the Polytechnic Hospital, Philadelphia, at 7:30 o'clock Thursday night.

Frank it seems had a fall of some twenty-five feet. He was assisting to tear down the scaffolding and for the purpose of removing a board over head he climbed upon a step-ladder which was supported by a portion of the scaffolding which still remained about 18 feet from the ground.

He was tugging at the board when it suddenly yielded; he lost his balance and falling from the step-ladder dropped from the scaffolding into the elevator shaft. He was a rather heavily built man and he struck the hard floor with great force, sustaining injuries which a lighter man might have escaped.

Although paralyzed he was perfectly conscious until the last. On Thursday afternoon the X rays were applied, when it was found that his back was broken, the fracture of a vertebra occurring near the neck.

The remains were brought to this city on Saturday morning arriving on the 7:11 train, accompanied by the bereaved wife and several employees of Curry & Vannan.

The funeral took place Sunday. A short service was held at the late residence, East Market street at 10 a. m., Rev. L. D. Ulrich officiating. The pall bearers were Dan M. Curry, W. Langer, Harry Philo, and George Ricketts.

The funeral proceeded to Washingtonville where further services were held in the Lutheran church, Rev. Owen Rober officiating. Interment was made in the cemetery adjoining.

Few deaths affecting this community have occurred in a long time more tragic in their nature or which have cast a greater gloom. Frank was 37 years of age—in the prime of manhood. He was a skillful machinist and his services were in demand. He had a loving and devoted wife and a large circle of pleasant companions and enjoyed the confidence and esteem of the community. His memory will be kept green in the hearts of many for years to come.

Nervous Headache Breeds Insanity. Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter how trivial, is liable to excite them. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the dead of trouble with stomach. Seized, this condition must be checked or it means complete mental ruin.

To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a condition that gives one restful sleep and enables them to again enjoy life's pleasures.

James Mills of corner Front and Church streets, Danville, Pa., says: "Last fall I was feeling very badly run down and nervous. I had frequent spells of nervous headaches and a good deal of trouble with my stomach. Seeing Dr. A. W. Chase's Nerve Pills recommended I got a box at Gosh & Co. and used them with the best results. I rested well again and feel strong and bright—the digestion is good and the headaches a thing of the past. They certainly did me good and I can highly recommend them. I can get a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of Dr. A. W. Chase M. D. are on every package."

Funeral of Dr. Kimerer. Dr. J. R. Kimerer who departed this life Wednesday morning was buried on Saturday forenoon. The funeral was quite largely attended. The services were conducted by Rev. R. H. Wilson and Rev. W. E. Wemmer.

The deceased was carried to his last resting place in Old Fellows' cemetery by five fellow physicians: Dr. P. C. Newbark, Dr. E. A. Curry, Dr. S. Y. Thompson, Dr. C. Shultz, Dr. J. E. Robbins and Dr. T. B. Wintersteen. A large number of Old Fellows representing Montour Lodge 109 and Macmelton Encampment No. 40, to which the deceased belonged, were present in a body and performed the burial rites of the order at the grave.

The following persons from out of town attended the funeral: Dr. J. H. Vastine, Shamokin; Mrs. John Loggett, of Beach Creek; Charles Maines, Harry Maines and Charles Maines, Jr., of Plymouth; Ellis Ringrose and Mrs. F. Ringrose of Espy.

Pauls & Co. Will Buy It Back. You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. Pauls & Co. will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

An Address on Mormonism. Rev. Dr. D. J. McMillan of New York preached two fine sermons in Mahoning Presbyterian Church Sunday. His address at the East End Mission in the afternoon on "An Oriental Monarchy in the Heart of Our American Republic" attracted one of the largest audiences that ever assembled in the building. Dr. McMillan's discourse, which dwelt upon the evil of Mormonism, was of absorbing interest. For many years he has been a missionary among the Mormons. He was exposed to great peril and on several occasions he narrowly escaped with his life.

People generally are not so well informed as to the subject of Mormonism as they might be and perhaps have no adequate conception of how great an evil is growing up in our midst. Dr. McMillan's discourse was very timely and threw a flood of light on the subject.

No man or woman in the state will hesitate to speak well of Chamberlain's Stomach and Liver Tablets after once trying them. They always produce a pleasant movement of the bowels, improve the appetite and strengthen the digestion. For sale by Pauls & Co.

Harvesting is Under Way. Wheat is now ripe and harvesting at many places is under way. Here and there the ground is too wet to bear the weight of the heavy reapers or self binders and the work is hindered on that account.

One week of fair weather would enable the farmers to make considerable progress with their harvesting. Should frequent showers continue keeping the ground too soft to drive upon the wheat will soon be over-ripe and loss will result.

The grain which has been harvested is found to be very good, the heads well filled and the straw as a general thing of proper length. All that is needed now to make the farmer happy is a little better price for wheat than prevails at present—eighty-two cents. It is the theory of wheat growers that the price per bushel should be one dollar, as nothing below that figure will compensate the farmer for the outlay and amount of work required to produce a crop.

The hay yield this year owing to the heavy rains of June will be heavy. Clover, it is true, was short, but timothy, which will not be cut until after harvest, is coming on finely. Even the clover fields are producing a heavy second crop.

No City Show. For years past after an conventionally" writes E. A. Galloway, Verona, Ala. "I had a terrible case of Piles causing 21 tumors. When all failed Chamberlain's Anker Salve cured me. Equally good for Burns and all aches and pains. Only 25c at Pauls & Co.'s Drug Store."

AN IMPRESSIVE CEREMONY

The new bell at St. Hubert's Catholic church was blessed on Saturday morning. The ceremony, in which a number of visiting priests participated, was very impressive and full of interest.

The bell, which was presented to the church by Mrs. Genevieve Mayan, a member of the parish, is a valuable one, of bell metal, weighing 1918 pounds. It bears the following inscription:

Presented to St. Hubert's Church by Mrs. Genevieve Mayan, Rev. J. A. Huber, pastor, Danville, Pa., A. D., 1903. Dedicated to the Sacred Heart of Jesus.

A bell according to usage in the Catholic Church is generally blessed by the Bishop. But on this occasion the Rt. Rev. Bishop Shamokin was prevented from being present by a previous engagement and delegated Father Huber to perform the ceremony.

The bell was blessed at 8 a. m., Rev. Huber being assisted by Rev. Francis Breckel of Milton; Rev. Leo Foino of Sunbury; Rev. M. J. O'Reilly of Danville, and Rev. Joseph Murphy of Bloomsburg.

The ceremony consisted of washing the bell and the recital of certain psalms of scripture relating to the use of bells. Adam and Louisa Mayan, son and daughter of the donor, became sponsors, and the ceremony was continued by the male sponsor tapping the bell.

The blessing was followed by solemn high mass. The celebrant was Rev. J. A. Huber, the deacons being Father Breckel and Father Foino.

At the conclusion of mass a sermon was preached explanatory of the use and the blessing of the bell by Rev. Father DeLoz of Buffalo, N. Y.

The bell was then raised to the bell chamber and rung for the first time. The tones are very clear and sweet. As its sound rolled far away one could not help but feel that it was eminent fitting that the great bell whose mission is to call souls to prayer and worship should enter upon its career on a day of rejoicing, the anniversary of our nation's birth, a land that has been favored by God in so many ways.

The bell displaced by the new one was presented to the church by Anthony Gesser. It was a small iron bell, but it nobly performed its mission. For one quarter of a century it filled all the needs of the church. Its tones were not full and silvery as the present bell, but it was dear to many a burdened heart that for so many years it called to worship and now that it is silenced it is not too much to say that in a certain way its familiar tones will be missed.

A Surgical Operation. It is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eight months ago and I have not had a touch of the piles since.—H. A. Tisdale, Sumner, S. C. For Blind, Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Pauls & Co., and Gosh & Co.

The Fourth at Washingtonville. Washingtonville this year came to the front with a fourth of July celebration which was no small affair, reflecting a full measure of patriotism and bringing into the little borough the largest crowd of people that ever assembled there since the days of the fair.

The program as printed in these columns last week was very nearly carried out in full. The address of welcome was made by Burgess, Dr. R. S. Patton, Rev. Owen Rober also delivered a patriotic address.

The parade was quite a success. It was led by the Orangeville band preceded by Chief Burgess, Dr. Patton and A. L. Hedden, President of the Council. In the line of march were the P. O. S. of A., the Millville and the Muncy Base Ball Clubs, the two clubs of Washingtonville, seventy-five men on horse back and four wagon loads of little girls dressed in white, who sang national airs. A lot of "factories" brought up the rear of the parade.

A feature of the day was the presentation of a beautiful flag to the base ball club of Washingtonville by Frank DeLong. An eighty-foot flag staff, which was also presented by Mr. DeLong, was erected on the base ball diamond.

Two games of base ball were played. The one in the forenoon was between Millville and the Second team of Washingtonville. It resulted in a score of 12 to 5 in favor of the latter. The batteries were as follows: Millville—Henry, pitcher; Eves, catcher. Washingtonville—Hedden, pitcher; Green, catcher.

The afternoon game was between Muncy and the First team of Washingtonville. The score was 9 to 2 in favor of Muncy. The batteries: Muncy—Parson, pitcher; Brass, catcher. Washingtonville—George Henrich, pitcher; Clark Sheep, catcher.

The celebration wound up with a fine display of fireworks. There was no disorder at any time during the day. Two special police were sworn in but their presence seemed to be about all that was required. At all events no arrests were made.

Just About Bedtime. Take a Little Early Riser—it will cure constipation, biliousness, and liver troubles. DeWitt's Little Early Riser are different from other pills. They do not grip and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by Pauls & Co., and Gosh & Co.

Very Remarkable Cure of Diarrhoea. "About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally he moved to Bismarck, Iowa, my present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Pauls & Co. Druggists.

Reduced Rates to Detroit, Mich. Via Pennsylvania Railroad, Account Epworth League International Convention. On account of the International Convention of the Epworth League, to be held at Detroit, Mich., July 16 to 19, the Pennsylvania Railroad Company will sell round-trip tickets to Detroit from all stations on its lines, July 14 and 15, good to return until July 20, when properly validated by Joint Agent, at rate of single fare for the round trip. For further information concerning rates, routes, stop-overs, extension of limit, etc., consult nearest Pennsylvania Railroad Ticket Agent.

Young Homers. George Sticker on Saturday took fourteen of his young pigeons to Berwick and liberated them so as to enable them to develop their homing instinct. The entire lot returned home in a box line without the loss of a moment. No record was kept of the time.

LOCALS PLAYED 'PENNYANT BALL

If the big leagues are in need of pennant players the place to find them is right here in Danville. There is nothing of material on the local beam putting up the quality of ball that draws the big crowds in the large cities.

"I was told that they were 'Old Timers,'" said a stranger at the game Saturday afternoon, "but I saw them shut out the Giants, take this morning's game, and here they are again playing just such ball as Connie Mack's Athletics at the famous White Elephant Park. Surely, they are 'New Timers,' and a base ball club of which Danville ought to be justly proud."

Keeping up the fine form shown against the strong Utan Giants Danville took two games from the Springfield club of Shamokin on the Fourth. Large crowds witnessed both contests, and they got their money's worth. Both were close enough to keep up the interest until the finish.

In the morning but seven innings were played. In the third Springfield made their first tally, which was promptly met by the locals in the fourth. The visitors again took the lead by scoring just one in the fifth. Danville sent a pair across the plate in the sixth, clinching the victory, 3-2.

There was a little more doing in the afternoon but it was Danville's game from the start, the home nine getting three runs in the first inning. One in the fourth and another in the eighth made up their total of five.

Springfield scored one in the third, one in the fifth and two in the ninth, making the total 5-4. The details of the victories are fully set forth in the following scores:

MORNING GAME. DANVILLE. R. H. O. A. E. Davis, I. F. 0 1 1 1 1. Lewis, S. S. 0 0 1 2 1. Yerrick, J. B. 0 0 1 1 1. Ross, J. B. 0 1 2 2 0. Hancock, R. F. 1 2 1 0 0. Hoffman, H. 1 3 2 1 0. Lawrence, C. F. 1 1 0 0 0. Hamner, C. 0 1 1 0 0. White, P. 0 0 0 1 1. 3 9 21 8 4.
